The Wind in the Willows Kenneth Grahame, 2010-07-08 Believe me my young friend there is nothing absolutely nothing half so much worth doing as simply messing about in boats So says Rat to Mole as he introduces him to the delights of the river and his friends Toad the spirit of rebellion and Badger the spirit of England But it is a world where the motor car is about to wreck the gipsy caravan the revolutionaries in the Wild Wood are threatening the social fabric the god Pan is abroad and the warm seductive whispers of the south are drifting into the English lanes An international children's classic The Wind in the Willows grew from the author's letters to his young son yet it is concerned almost exclusively with adult themes fear of radical changes in political social and economic power Mole's acceptance into the conservative world of the River Bank and Toad's wild attempts to escape from it are narrated in virtuoso language ranging from lively parody to elaborate fin de siècle mysticism A profoundly English fiction with a world following it is a book for adults adopted by children a timeless masterpiece and a vital portrait of an age

The Wind in the Willows Dream Days The Golden Age The Mole had been working very hard all the morning spring cleaning his little home First with brooms then with dusters then on ladders and steps and chairs with a brush and a pail of whitewash till he had dust in his throat and eyes and splashes of whitewash all over his black fur and an aching back and weary arms Spring was moving in the air above and in the earth below and around him penetrating even his dark and lowly little house with its spirit of divine discontent and longing It was small wonder then that he suddenly flung down his brush on the floor said Bother and O blow and also Hang spring cleaning and bolted out of the house without even waiting to put on his coat Something up above was calling him imperiously and he made for the steep little tunnel which answered in his case to the gavelled carriage drive owned by animals whose residences are nearer to the sun and air So he scraped and scratched and scrabbled and scrooged and then he scrooged again and scrabbled and scratched and scraped working busily with his little paws and muttering to himself Up we go Up we go till at last pop his snout came out into the sunlight and he found himself rolling in the warm grass of a great meadow

Kenneth Grahame's The Wind in the Willows Jackie C. Horne, Donna R. White, 2009-11-25 In 1908 Kenneth Grahame's *The Wind in the Willows* was published to surprisingly little critical fanfare But readers championed its cause and Grahame's novel of a riverbank life soon proved both a commercial and ultimately critical success One hundred years after its first publication Grahame's book and its memorable characters continue their hold on the public imagination and have taken their place in the canon of children's literature However little academic criticism emerged in the wake of the book's initial publication Only after the appearance of Peter Green's biocritical study did the academy begin to wrestle with Grahame's complex work though many read it in terms of Grahame's often unhappy personal life The essays in Kenneth Grahame's *The Wind in the Willows A Children's Classic at 100* focus on recent discussions of the book in regards to class gender and nationality but also examine issues previously not addressed by Grahame criticism such as the construction of heteronormative masculinity the appeal of this very English novel to Chinese readers and the meaning of a text in which animals can be human like pets servants and even food This volume also revisits some of the issues that have engaged critics from the start including the book's dual strand narrative structure the function of home and the psychological connections between Toad and Grahame Scholars of fantasy and children's literature will find great value in this collection that sheds new light on this enduring classic
