D. North,1989-07-01 Published over a period of 20 years the essays collected together in this volume all relate to the lasting human preoccupation with cosmological matters and modern responses to them The eclecticism of the typical medieval scholar might now seem astonishing regrettable amusing or derisory according to one s view of how rigid intellectual barriers should be In Stars Fate Mind North argues that we will seriously misunderstand ancient and medieval thought if we are not prepared to share a willingness to look across such frontiers as those dividing astrology from
