from Stasis Dr Graham Clingbine,2016-02-18 Consider humankind existing in the distant future Perhaps they are the extraterrestrials speculated to exist following anomalous sightings on planet Earth of today Maybe it is ourselves in a different anatomical guise who are the visitors In the distant future planet Earth is a much altered place in which the sun has aged and is bombarding the Earth with deadly solar particles John Powell is the last surviving human and is battling to save mankind from extinction by abducting humans from the past and genetically engineering them to survive in the harsh environment John s aim is to repopulate the Earth as part of a Great Plan for survival The responsibility weighed heavily on John s shoulders He was unsure why he felt such a heavy burden After all there was no one left to be accountable to However an unprecedented violent solar eruption kills his experimental subjects and he has to abandon the Earth with his family and a few other survivors and undertake a long space voyage while safely placed in stasis When released from stasis and still onboard the spacecraft John and his family are shocked to discover that the other occupants have formed two conflicting astral religions the Muons and the Pions Escaping from the turmoil John and his family utilise a portal acting as a time travel device to return to the old Earth and start over The spacecraft continues on its journey and lands on a habitable planet leaving the Muons and Pions to sort out their own destiny **Release from Stasis** The Future is Now is the sequel to Disclosure The Future is Now another science fiction story of time travel human survival and human dilemma It will appeal to science fiction enthusiasts and those interested in the possibility of extraterrestrial life **Disclosure** Dr Graham

Clingbine,2015-10-30 A story of strange experiences about what happens when events in the future return to affect the past Disclosure traces the life of Kevin Powell from the age of eight when he is living with his mum Sylvie He undergoes a number of strange experiences that his young mind cannot interpret and that he assumes are a normal part of growing up Something had woken Kevin from his slumbers Did he really see the handle rotating and then turn back on itself to the closed position He was not sure Something had disturbed his sleep As a teenager Kevin supports his mum when she falls ill and requires surgery to remove a mysterious object of unknown origin and function In adulthood he again has a number of realistic nightmare like visions He sees his wife and mum in a bizarre unfamiliar environment Revelations of a depopulated planet Earth are shown to him from the distant future He is placed in a dilemma which sets his love for his daughter against an

uncertain future on Earth Disclosure will appeal to both sci fi fans and individuals interested in UFOs and related phenomena For many years strange sights have been observed in the skies and Disclosure references UFO sightings back to distant civilizations such as those of Sumeria ancient Egypt and the Mayans It forwards through history right up to the present time also looking at what US presidents may or may not have known about UFOs and alien contact conspiracy theories abductions and contacts observations by pilots secret bases and black ops back engineering government programmes like Project Blue Book crop circles subatomic particles novel technology and much more *Ravenscraig* Alex Marshall,2015-11-13
