Arthur Asa Berger*

Laughter And Liberation

Allardyce Nicoll

Laughter And Liberation:

Laughter and Liberation Harvey Mindess, 2017-10-06 Laughter and Liberation is based on the idea that humor is an agent of psychological liberation Since we are able to include every kind of wit and humor under the umbrella of this thesis it amounts to an informal comprehensive theory of the ludicrous Briefly put the theory proposes that the most fundamental function of humor is its power to release us from the inhibitions and restrictions under which we live our daily lives The quest for laughter is as old as man himself Egyptian pharaohs and Roman emperors went to great lengths to amuse themselves as did the monarchs of medieval Europe with court jesters Our speech and literature abound with references to humor such as Laugh and the world laughs with you cry and you cry alone He who laughs last laughs best All the world loves a clown Laugh if you are wise and A good laugh is sunshine in the house In Laughter and Liberation Harvey Mindess tells us how laughter and our sense of humor work He gives us the background of several well known humorists Steve Allen Richard Armour Sholom Aleichem and explains his theory of how and why they have become expert in making others laugh **Laughter and Liberation** Mindess, Harvey, **The Cosmic Giggle** Pasquale De Marco, 2025-05-05 In this delightful and thought provoking book Pasquale De Marco explores the absurd hilarious and often inexplicable nature of the universe Through a series of essays and reflections Pasquale De Marco invites us to laugh at ourselves our foibles and our pretensions We will explore the cosmic joke the idea that the universe is ultimately a meaningless and absurd place We will laugh at our own mortality our futile attempts to control the uncontrollable and our search for meaning in a meaningless world But this book is not just about laughing at the absurdity of life It is also about finding joy in the midst of chaos and learning to embrace the laughter of the universe Pasquale De Marco shares personal stories scientific insights and philosophical musings to help us see the world from a new perspective We will learn to appreciate the beauty of impermanence the wisdom of uncertainty and the power of laughter to heal and transform This book is a celebration of the cosmic giggle It is a reminder that we are all part of something vast and mysterious and that we should not take ourselves too seriously So sit back relax and prepare to be tickled by the cosmic giggle The Cosmic Giggle is a book that will make you laugh think and see the world in a whole new light If you like this book write a review on google books **In the Event of Laughter** Alfie Bown, 2018-11-15 Using Lacanian psychoanalysis as well as its pre history and afterlives In the Event of Laughter argues for a new framework for discussing laughter Responding to a tradition of comedy studies that has been interested only in the causes of laughter in why we laugh it proposes a different relationship between laughter and causality Ultimately it argues that laughter is both cause and effect troubling chronological time and asking for a more nuanced way of conceiving the relationship between subjects and their laughter than existing theories have accounted for Making this visible via psychoanalytic ideas of retroactivity Alfie Bown explores how laughter far from being a mere response to a stimulus changes the relationship between the present the past and the future Bown investigates this hypothesis in relation to a range of comic texts from the

history of laughter discussing Chaucer Shakespeare Kafka and Chaplin as well as lesser known but vital figures from the comic genre *Making Philosophy Laugh* Dustin Peone,2023-10-31 Contemporary philosophy has adopted an increasingly tragic point of view Tragedy though is only a partial truth of the human condition Comedy is another partial truth The nature of human existence is neither wholly the one nor the other but tragi comic Philosophy must be attuned to both despair and laughter if it is to understand its own world In *Making Philosophy Laugh* the philosopher Dustin Peone makes an apology for the comic side of existence and its use in philosophy He demonstrates the social and moral uses of humor and analyzes its significance for speculative thinking Folly and irony are shown to be vital facets of dialectical philosophy The reader is introduced to the comical side of Socrates and Homer Descartes and Vico Kant and Hegel and many others Finally a doctrine of the tragi comic sense of life is presented that does justice to all aspects of human existence and liberates the spirit from the grimness of serious thought

Invented Religions Carole M. Cusack,2016-05-06 Utilizing contemporary scholarship on secularization individualism and consumer capitalism this book explores religious movements founded in the West which are intentionally fictional Discordianism the Church of All Worlds the Church of the SubGenius and Jediism Their continued appeal and success principally in America but gaining wider audience through the 1980s and 1990s is chiefly as a result of underground publishing and the internet This book deals with immensely popular subject matter Jediism developed from George Lucas Star Wars films the Church of the Flying Spaghetti Monster founded by 26 year old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students The Church of All Worlds focus on Gaia theology and environmental issues makes it a popular focus of attention The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late post modern religious forms including the use of fiction as part of a bricolage for spirituality identity formation and personal orientation

Philosophy of Humour ,2023-07-24 This volume aims to reignite interest in a sorely neglected field within philosophy the philosophy of humour Indeed although humour jokes and laughter make up a quintessentially human domain of extreme universal importance it has not received the sustained and involved attention and investigation that it merits This volume draws on theories both distant and more nearby in order to contemporize the discussion into the 21st century with each of the ten contributions demonstrating just how many perspectives and conversations are to be had both on theoretical and concrete levels now and going forward

Russian Irrationalism from Pushkin to Brodsky Olga Tabachnikova,2016-10-27 Russia once compared to a giant sphinx is often considered in the Anglophone world an alien culture often threatening and always enigmatic Although recognizably European Russian culture also has mystical features including the idiosyncratic phenomenon of Russian irrationalism Historically Russian irrationalism has been viewed with caution in the West where it is often seen as antagonistic to and subversive of the rational foundations of Western speculative philosophy Some of the remarkable achievements of the

Russian irrationalist approach however especially in the artistic sphere have been recognized and even admired though not sufficiently investigated Bridging the gap between intellectual cultures Olga Tabachnikova discusses such fundamental irrationalist themes as language and the linguistic underpinning of culture the power of illusion in national consciousness the changing relationship between love and morality the cultural roots of humour as well as the relevance of various individual writers and philosophers from Pushkin to Brodsky to the construction of Russian irrationalism An Introduction to Dramatic Theory Allardyce Nicoll,1923 Embodiment in Cognition and Culture John Michael Krois,2007 This volume shows that the notions of embodied or situated cognition which have transformed the scientific study of intelligence have the potential to reorient cultural studies as well The essays adapt and amplify embodied cognition in such different fields as art history literature history of science religious studies philosophy biology and cognitive science The topics include the biological genesis of teleology the dependence of meaning in signs upon biological embodiment the notion of image schema and the concept of force in cognitive semantics pictorial self portraiture as a means to study self perception the difference between reading aloud and silent reading as a way to make sense of literary texts intermodal kinesthetic understanding of art psychosomatic medicine laughter as a medical and ethical phenomenon the valuation of laughter and the body in religion and how embodied cognition revives and extends earlier attempts to develop a philosophical anthropology Series A *Laughter in the Middle Ages and Early Modern Times* Albrecht Classen,2010-09-22 Despite popular opinions of the dark Middle Ages and a gloomy early modern age many people laughed smiled giggled chuckled entertained and ridiculed each other This volume demonstrates how important laughter had been at times and how diverse the situations proved to be in which people laughed and this from late antiquity to the eighteenth century The contributions examine a wide gamut of significant cases of laughter in literary texts historical documents and art works where laughter determined the relationship among people In fact laughter emerges as a kaleidoscopic phenomenon reflecting divine joy bitter hatred and contempt satirical perspectives and parodic intentions In some examples protagonists laughed out of sheer happiness and delight in others because they felt anxiety and insecurity It is much more difficult to detect premodern sculptures of laughing figures but they also existed Laughter reflected a variety of concerns interests and intentions and the collective approach in this volume to laughter in the past opens many new windows to the history of mentality social and religious conditions gender relationships and power structures Bakhtin and Religion Susan M. Felch,Paul J. Contino,2001 This work investigates the role of religious thought in shaping and framing Bakhtin's writings The authors explore Bakhtin's idea of faith an abstract codification of a belief system and a feeling for faith which involves the active participation of persons both human and divine *Masters of the Grotesque* Schuy R. Weishaar,2012-10-26 The concepts and theories surrounding the aesthetic category of the grotesque are explored in this book by pursuing their employment in the films of American auteurs Tim Burton Terry Gilliam the Coen Brothers and David Lynch The author argues that interpreting these directors' films through the lens of the grotesque allows

us1to situate both the auteurs and the films within a long history of the grotesque in art and aesthetics This cultural tradition effectively subsumes the contribution of any artist or1genre that intersects it but also affords the artist or genre the auteur and the genre filmmaker a pantheon and an abundance of images themes and motifs through which he1or she can subversively represent the world and our place in it

In Praise of Comedy James Feibleman,2022-04-26 First published in 1939 the original blurb reads We have learned much lately concerning theories of laughter yet laughter is only what we do about comedy What is comedy itself In this work the history of comic instances is combed in the search for the truth about comedy Today when laughter is stifled in so many countries an exposition of comedy shows it to have a universal and necessary character Comedy as its natures reveals is one criterion of the state of human culture it is highly contemporary and requires freedom but freedom for adventure not for routine After a chapter devoted to the explanation of a logical theory of comedy the modern comedians are examined and the humour of every one from the Marx Brothers to surrealism from Gertrude Stein to Mickey Mouse from James Joyce to Charlie Chaplin is shown to be a constant inherent in the same set of unchanging conditions

Rowan and Martin's Laugh-In Ken Feil,2014-03-11 Examines the reception formal strategies production history and ideological underpinnings of the groundbreaking comedy variety show Rowan and Martin s Laugh In The highest rated network program during its first three seasons comedy variety show Rowan and Martin s Laugh In NBC 1968 1973 remains an often overlooked and underrated innovator of American television history Audiences of all kinds old and young square and hip black and white straight and queer watched Laugh In whose campy anti establishment aesthetic mocked other tepid and serious popular shows In Rowan and Martin s Laugh In author Ken Feil presents the first scholarly investigation of the series whose suggestive catch phrases sock it to me look that up in your Funk n Wagnalls and here comes the judge became part of pop culture history In four chapters Feil explores Laugh In s newness sophisticated style irreverence and broad appeal First he considers the show s indulgence of bad taste through a strategy of deliberate ambiguity that allowed audiences to enjoy countercultural anti establishment transgression and reassuringly conveyed the sense that it represented the establishment s investment in containing such defiant delights Feil considers Laugh In s camp otherness and open secrets as well as the show s conflicted positions on the private issues of taste sexuality lifestyle and politics Sexual swingers stoned hippies empowered African Americans feminists and flamboyantly nellie men all filled Laugh In s routine roster embodied by cast members Goldie Hawn Jo Anne Worley Lily Tomlin Chelsea Brown Alan Sues Johnny Brown and Judy Carne along with regular guests Flip Wilson Sammy Davis Jr and Tiny Tim Related to these icons Laugh In reflected on hotly politicized current events militarism in Vietnam racist discrimination in the U S Civil Rights and Black Power birth control and sex feminism and gay liberation In its playful put ons of the establishment parade of countercultural types and tastes and vacillation between identification and repulsion Feil argues that Laugh In s intentional ambiguity was part and parcel of its inventiveness and commercial prosperity Fans of the show as well as readers interested in American

television and pop culture history will enjoy this insightful look at Rowan and Martin's Laugh In Conflict and Contest in Nietzsche's Philosophy Herman Siemens, James Pearson, 2018-11-15 While Nietzsche's works and ideas are relevant across the many branches of philosophy the themes of contest and conflict have been mostly overlooked Conflict and Contest in Nietzsche's Philosophy redresses this situation arguing for the importance of these issues throughout Nietzsche's work The volume has three key lines of inquiry Nietzsche's ontology of conflict Nietzsche's conception of the agon and Nietzsche's warrior philosophy Under these three umbrellas is a collection of insightful and provocative essays considering among other topics Nietzsche's understanding of resistance his engagement with classical thinkers alongside his contemporaries including Jacob Burckhardt his views on language metaphor and aphorism and war revolt and terror In bringing together such topics Conflict and Contest in Nietzsche's Philosophy seeks to correct the one-sided tendencies within the existing literature to read simply hard and soft analyses of conflict Written by scholars across the Anglophone and the European traditions within and beyond philosophy this collection emphasises the entire problematic of conflict in Nietzsche's thought and its relation to his philosophical and literary practice **Laughing Matters** Lee Siegel, 1989-01-01 **The Object of Comedy** Jamila M. H. Mascot, Gregor Moder, 2020-02-12 What is the object of comedy What makes us laugh and why Is comedy subversive restorative or reparative What is at stake politically socially and metaphysically when it comes to comedic performances This book investigates not only the object of comedy but also its objectives both its deliberate goals and its unintended side effects In researching the object of comedy the contributions gathered here encounter comedy as a philosophical object instead of approaching comedy as a genre the book engages with it as a language a medium an artifice a weapon a puzzle or a trouble a vocation and a repetition Thus philosophy meets comedy at the intersection of various fields e.g. psychoanalysis film studies cultural studies and performance studies regions that comical practices and theories in fact already traverse Down, Up, and Over Dwight N. Hopkins, First reconstructs the cultural matrix of African American religion a total way of life formed by Protestantism American culture and the institution of slavery 1619-1865 Whites from Europe and Blacks from Africa arrived with specific differing views of God faith and humanity Hopkins recreates their worldviews and shows how white theology sought to remake African Americans into naturally inferior beings divinely ordained into subservience The counter voice of enslaved blacks is the birth of the Spirit of liberation Back cover **The Bible and the Comic Vision** J. William Whedbee, 1998-05-28 Apart from the occasional recognition of comic forms or motifs in biblical dress the vast majority of interpreters have usually discounted or even disdained the possibility of the Bible having any significant place for the comic vision This book attempts to make amends for this short-sighted prejudicial perspective

Discover tales of courage and bravery in Explore Bravery with is empowering ebook, Unleash Courage in **Laughter And Liberation** . In a downloadable PDF format (*), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
