The Law of International Business Transactions Larry A. DiMatteo,2003 International Business Transactions
Douglas Lee Donoho,2013-10-04 As suggested by its title this e book presents student oriented materials focused on legal
issues common to international business transactions With an emphasis on sales of goods and services the materials review
international transactions from both the private law and governmental regulatory perspectives domestic and international
Several features of the book distinguish it as a teaching tool from more traditional law school offerings First the book is
offered in an electronic format which is designed to make extensive use of web based resources Among other advantages this
format 1 provides much cheaper flexible and more accessible learning materials for students 2 takes advantage of the
excellent web based resources that students are accustomed to using including multi media content and 3 creates a flexible
framework that allows professors to adapt improve or otherwise modify content to suit their needs during successive
iterations of the course Second the materials and format are designed to encourage students to take a more active role in
their learning with an emphasis on skills building Each chapter presents a problem and typically asks students to address
legal issues as a practicing lawyer would working through primary materials cases statutes and treaty texts Third the
materials are written and prepared for the uninitiated and uninformed Basic background explanations are always provided
and all questions posed in the text are meant to be answered by the students there are no abstract obtuse or unanswerable
questions set out in the materials With guidance from their instructor students are required to examine the material provided
not only to learn the relevant law but also to build the essential skills of effective lawyering *The Law of International
