Is the Death Penalty Dying? Austin Sarat,Jürgen Martschukat,2011-01-31 Is the Death Penalty Dying provides a careful analysis of the historical and political conditions that shaped death penalty practice on both sides of the Atlantic from the end of World War II to the twenty first century This book examines and assesses what the United States can learn from the European experience with capital punishment especially the trajectory of abolition in different European nations As a comparative sociology and history of the present the book seeks to illuminate the way death penalty systems and their dissolution work by means of eleven chapters written by an interdisciplinary group of authors from the United States and Europe This work will help readers see how close the United States is to ending capital punishment and some of the cultural and institutional barriers that stand in the way of abolition

Peculiar Institution David Garland,2011-02-01 The U S death penalty is a peculiar institution and a uniquely American one Despite its comprehensive abolition elsewhere in the Western world capital punishment continues in dozens of American states a fact that is frequently discussed but rarely understood The same puzzlement surrounds the peculiar form that American capital punishment now takes with its uneven application its seemingly endless delays and the uncertainty of its ever being carried out in individual cases none of which seem conducive to effective crime control or criminal justice In a brilliantly provocative study David Garland explains this tenacity and shows how death penalty practice has come to bear the distinctive hallmarks of America s political institutions and cultural conflicts America s radical federalism and local democracy as well as its legacy of violence and racism account for our divergence from the rest of the West Whereas the elites of other nations were able to impose nationwide abolition from above despite public objections American elites are unable and unwilling to end a punishment that has the support of local majorities and a storied place in popular culture In the course of hundreds of decisions federal courts sought to rationalize and civilize an institution that too often resembled a lynching producing layers of legal process but also delays and reversals Yet the Supreme Court insists that the issue is to be decided by local political actors and public opinion So the death penalty continues to respond to popular will enhancing the power of criminal justice professionals providing drama for the media and bringing pleasure to a public audience who consumes its chilling tales Garland brings a new clarity to our

understanding of this peculiar institution and a new challenge to supporters and opponents alike

Literature and the Remains of the Death Penalty Peggy Kamuf, 2018-10-16 Why have generations of philosophers failed or refused to articulate a rigorous challenge to the death penalty when literature has been rife with death penalty abolitionism for centuries In this book Peggy Kamuf explores why any properly philosophical critique of capital punishment in the West must confront the literary as that which exceeds the logical demands of philosophy Jacques Derrida has written that the modern history of the institution named literature in Europe over the last three or four centuries is contemporary with and indissociable from a contestation of the death penalty How Kamuf asks does literature contest the death penalty today particularly in the United States where it remains the last of its kind in a Western nation that professes to be a democracy What resources do fiction narrative and poetic language supply in the age of the remains of the death penalty Following a lucid account of Derrida's approach to the death penalty Kamuf pursues this question across several literary texts In reading Orwell's story A Hanging Kamuf explores the relation between literary narration and the role of the witness concluding that such a witness needs the seal of literary language in order to account for the secret of the death penalty The next chapter turns to the American scene with Robert Coover's 1977 novel The Public Burning which restages the executions of Julius and Ethel Rosenberg as an outlandish public spectacle in Times Square Because this fictional device reverses the drive toward secrecy that beginning in the mid nineteenth century put an end to public executions in the West Kamuf reads the novel in a tension with the current tendency in the U S to shore up and protect remaining death penalty practices through increasingly pervasive secrecy measures A reading of Norman Mailer's 1979 novel The Executioner's Song shows the breakdown of any firm distinction between suicide and capital execution and explores the essential affinity between traditional narrative structure which is plotted from the end and the plot of a death penalty Final readings of Kafka Derrida and Baudelaire consider the relation between literature and law showing how performative literary language can play the law A brief conclusion titled Postmortem reflects on the condition of literature as that which survives the death penalty A major contribution to the field of law and society this book makes the case for literature as a space for contesting the death penalty a case that scholars and activists working across a range of traditions will need to confront
