

Executive Outcomes Rise And Fall

Norrie MacQueen

Executive Outcomes Rise And Fall:

The Mercenary Christopher Kinsey, 2023 The growing reliance by the US Russia and China on military and security contractors suggests that the mercenary remains a key player in international politics now emerging from the shadows to help expand state influence on the world stage by serving as an important actor in the conduct of conflict and the winning of small wars

Private Military and Security Companies (PMSCs) and the Quest for Accountability George Andreopoulos, John Kleinig, 2019-03-18 Private Military and Security Companies PMSCs have constituted a perennial feature of the security landscape Yet it is their involvement in and conduct during the ongoing wars in Iraq and Afghanistan that have transformed the outsourcing of security services into such a pressing public policy and world order issue The PMSCs ubiquitous presence in armed conflict situations as well as in post conflict reconstruction their diverse list of clients governments in the developed and developing world non state armed groups intergovernmental and non governmental organizations and international corporations and in the context of armed conflict situations involvement in instances of gross misconduct have raised serious accountability issues The prominence of PMSCs in conflict zones has generated critical questions concerning the very concept of security and the role of private force a rethinking of essential governmental functions a rearticulation of the distinction between public private and global local in the context of the creation of new forms of security governance and a consideration of the relevance as well as limitations of existing regulatory frameworks that include domestic and international law in particular international human rights law and international humanitarian law This book critically examines the growing role of PMSCs in conflict and post conflict situations as part of a broader trend towards the outsourcing of security functions Particular emphasis is placed on key moral legal and political considerations involved in the privatization of such functions on the impact of outsourcing on security governance and on the main challenges confronting efforts to hold PMSCs accountable through a combination of formal and informal domestic as well as international regulatory mechanisms and processes It will be of interest to scholars policymakers practitioners and advocates for a more transparent and humane security order This book was published as a special issue of Criminal Justice Ethics

Letters to Gabriella Leon Kukuk, 2004 War in Angola lasted intermittently for more than forty years After a failed attempt at peace from 1994 to 1998 a full scale conventional war broke out again at the end of 1998 This marked the end of a United Nations attempt lasting more than twelve years to make peace in this country It was one of the first big UN missions after the Cold War and turned into a spectacular and expensive failure Throughout this last War for Peace from 1998 2002 the author lived and worked in Huambo at the epicentre of the war implementing a United Nations project This project poorly planned initially was restructured locally and achieved considerable successes before finally succumbing to UN incompetence that saw two thirds of its funding disappear and degenerated into a web of lies excuses and accusations as the UN refused to provide an explanation to donors the Angolan government and people project staff and the press of what went wrong and why Back

cover **Who Killed Hammarskjold?** Susan Williams, 2014-08-15 One of the outstanding mysteries of the twentieth century and one with huge political resonance is the death of Dag Hammarskjold and his UN team in a plane crash in central Africa in 1961 Just minutes after midnight his aircraft plunged into thick forest in the British colony of Northern Rhodesia Zambia abruptly ending his mission to bring peace to the Congo Across the world many suspected sabotage accusing the multi nationals and the governments of Britain Belgium the USA and South Africa of involvement in the disaster These suspicions have never gone away British High Commissioner Lord Alport was waiting at the airport when the aircraft crashed nearby He bizarrely insisted to the airport management that Hammarskjold had flown elsewhere even though his aircraft was reported overhead This postponed a search for so long that the wreckage of the plane was not found for fifteen hours White mercenaries were at the airport that night too including the South African pilot Jerry Puren whose bombing of Congolese villages led in his own words to flaming huts destruction and death These soldiers of fortune were backed by Sir Roy Welensky Prime Minister of the Rhodesian Federation who was ready to stop at nothing to maintain white rule and thought the United Nations was synonymous with the Nazis The Rhodesian government conducted an official inquiry which blamed pilot error But as this book will show it was a massive cover up that suppressed and dismissed a mass of crucial evidence especially that of African eye witnesses A subsequent UN inquiry was unable to rule out foul play but had no access to the evidence to show how and why Now for the first time this story can be told Who Killed Hammarskjold follows the author on her intriguing and often frightening journey of research to Zambia South Africa the USA Sweden Norway Britain France and Belgium where she unearthed a mass of new and hitherto secret documentary and photographic evidence At the heart of this book is Hammarskjold himself a courageous and complex idealist who sought to shield the newly independent nations of the world from the predatory instincts of the Great Powers It reveals that the conflict in the Congo was driven not so much by internal divisions as by the Cold War and by the West's determination to keep real power from the hands of the post colonial governments of Africa It shows too that the British settlers of Rhodesia would maintain white minority rule at all costs

Corporate Warriors P. W. Singer, 2011-06-16 Some have claimed that War is too important to be left to the generals but P W Singer asks What about the business executives Breaking out of the guns for hire mold of traditional mercenaries corporations now sell skills and services that until recently only state militaries possessed Their products range from trained commando teams to strategic advice from generals This new Privatized Military Industry encompasses hundreds of companies thousands of employees and billions of dollars in revenue Whether as proxies or suppliers such firms have participated in wars in Africa Asia the Balkans and Latin America More recently they have become a key element in U S military operations Private corporations working for profit now sway the course of national and international conflict but the consequences have been little explored In this book Singer provides the first account of the military services industry and its broader implications Corporate Warriors includes a description of how the business works as well as portraits of each of the

basic types of companies military providers that offer troops for tactical operations military consultants that supply expert advice and training and military support companies that sell logistics intelligence and engineering In an updated edition of P W Singer's classic account of the military services industry and its broader implications the author describes the continuing importance of that industry in the Iraq War This conflict has amply borne out Singer's argument that the privatization of warfare allows startling new capabilities and efficiencies in the ways that war is carried out At the same time however Singer finds that the introduction of the profit motive onto the battlefield raises troubling questions for democracy for ethics for management for human rights and for national security

A Far-Away War Ian Liebenberg, 2016-01-31 South Africa's armed forces invaded Angola in 1975 setting off a war that had consequences for the whole region that are still felt today A Far Away War contributes to a wider understanding of this war in Angola and Namibia The book does not only look at the war from an old South African Defence Force perspective but also gives a voice to participants on the other side emphasising the role of the Cubans and Russians This focus is supplemented by the inclusion of many never before published photographs from Cuban and Russian archives and a comprehensive bibliography

Civil Wars of the World Karl DeRouen Jr., 2007-05-10 This unique two volume reference is the most authoritative up to date resource available for information and data on the most volatile civil wars around the globe since World War II At a time when historians are devoting more and more research to conflicts within nations Civil Wars of the World Major Conflicts since World War II is an invaluable addition to the available resources In two volumes it ranges around the globe to cover the most volatile and deadly civil wars of the past 60 years including the bloody impasses in the Middle East devastating tribal warfare in Africa Cold War fueled conflicts in Eastern Europe and Asia the seemingly unbreakable cycle of rebellion and repression in some regions of Latin America and more Civil Wars of the World moves country by country to describe the causes course and consequences of internal conflicts within each nation Coverage includes the historical background of each country geographic and economic factors descriptions of rebel groups and governments e.g. regime type size of military capacity terrorism foreign and or intergovernmental organization IGO intervention UN foreign support for rebels foreign aid and prospects for peace

Sword & Salve Peter J. Hoffman, Thomas George Weiss, 2006-03-03 Arguing forcefully that changing times are a clarion call for new thinking this book convincingly shows that if humanitarian organizations continue to operate as they have in the past they will fail to help the very victims whom they try to save Focusing especially on the emergence of new wars Hoffman and Weiss insist that humanitarian organizations must recognize that they live in a political world and that their actions and goals are invariably affected by military action The brand of warfare that erupted in the 1990s marked by civil or transnational armed conflicts featuring potent non state actors altered political economies a high proportion of civilian casualties and a globalized media produced horrors that shocked consciences and led humanitarian agencies to question their unyielding stance of neutrality and impartiality Indeed in a departure from earlier norms and practices some have

reinvented their policies and tools and created new humanitarianisms This authoritative book traces the evolution of the international humanitarian system from its inception in the 1860s parses the dynamics of war and emergency response from the 1980s through the current disasters in Afghanistan and Iraq and provides a strategic roadmap for practitioners By bringing historical perspective to bear this volume provides an invaluable analytical framework for grasping the nature of humanitarian crises and how agencies can respond strategically rather than reactively to change Students will find its blend of clearly presented theory and case studies a powerful tool for understanding the roles of state and non state actors in international relations By charting the tides of continuity and change this book will prepare agencies to dodge both figurative and actual bullets that threaten humanitarian action at the outset of the millennium **The Emergence of Private**

Authority in Global Governance Rodney Bruce Hall, Thomas J. Biersteker, 2002-12-12 The emergence of private authority has become increasingly a feature of the post Cold War world In *The Emergence of Private Authority in Global Governance* leading scholars explore the sources practices and implications of this erosion of the power of the state They analyse and compare actors as diverse as financial institutions multinational corporations religious terrorists and organised criminals and assess the potential for reversal of the situation The themes of the book relate directly to debates concerning globalization and the role of international law and will be of interest to scholars and students of international relations politics sociology and law **Peacekeeping and the International System** Norrie MacQueen, 2006-10-16 A comprehensive clearly

presented and accessible text covering the totality of the peacekeeping experience since the early twentieth century This is essential reading for all undergraduates on politics international relations and contemporary history programmes It is also an excellent resource for taught postgraduate courses in these subject areas The narrative is primarily chronological key themes such as legality and collective security are traced throughout The chronology is based on the key periods in the development of peacekeeping marking stages in the evolution of the concept determined by changes in the nature of the international system over the past six decades Military Review ,2002 Revolutionaries for the Right Kyle Burke, 2018-04-13 Freedom fighters Guerrilla warriors Soldiers of fortune The many civil wars and rebellions against communist governments drew heavily from this cast of characters Yet from Nicaragua to Afghanistan Vietnam to Angola Cuba to the Congo the connections between these anticommunist groups have remained hazy and their coordination obscure Yet as Kyle Burke reveals these conflicts were the product of a rising movement that sought paramilitary action against communism worldwide Tacking between the United States and many other countries Burke offers an international history not only of the paramilitaries who started and waged small wars in the second half of the twentieth century but of conservatism in the Cold War era From the start of the Cold War Burke shows leading U S conservatives and their allies abroad dreamed of an international anticommunist revolution They pinned their hopes to armed men freedom fighters who could unravel communist states from within And so they fashioned a global network of activists and state officials guerrillas and mercenaries ex spies and ex

soldiers to sponsor paramilitary campaigns in Asia Africa and Latin America Blurring the line between state sanctioned and vigilante violence this armed crusade helped radicalize right wing groups in the United States while also generating new forms of privatized warfare abroad *Private Contractors and the Reconstruction of Iraq* Christopher Kinsey, 2009-09-10 *Private Contractors and the Reconstruction of Iraq* examines the controversial role of military contractors in the reconstruction of Iraq When Operation Iraqi Freedom was launched in March 2003 few if any of the Coalition s political leaders could have envisaged that within a few months the number of private contractors engaged to keep the troops supplied would exceed their actual combat strength This alternative army was not only to become the largest assemblage of contractors in living memory to accompany a military force into a war zone but was also responsible for a fundamental transformation of how military logistics were delivered This book explains how and why the US and UK governments became so dependent upon military contractors during the war in Iraq It also examines the ramifications this new dependency will have on future military operations as the conflict in Iraq has shown that private contractors are now indispensable to the attainment of both the military and political objectives of war Finally the book discusses what advantages and disadvantages these companies have brought to the reconstruction of Iraq and what lessons need to be learned from this experience This book will be of great interest to students of military and strategic studies Middle Eastern politics and international security and as well as policymakers and military professionals Christopher Kinsey is a lecturer in international security at King s College London Defence Studies Department at the Joint Services Command and Staff College Shrivenham His previous publications include *Corporate Soldiers and International Security The Rise of Private Military Companies* Routledge 2006

Mercenaries: A Guide to Private Armies and Private Military Companies Alan Axelrod, 2013-12-27 *Mercenaries A Guide to Private Armies and Private Military Companies* provides a comprehensive survey and guide to the mercenary forces entrepreneurs and corporations that are a major component of warfare today Security military advice training logistics support policing technological expertise intelligence transportation all are outsourced to a greater or lesser degree in the U S military while countries as diverse as Saudi Arabia and Australia rely on privatization in one form or another This comprehensive one volume work covers the full range of mercenaries active on the international military scene today including a concise history of mercenaries and private armies on land sea and in the air Key Features Illuminating sidebars include biographies of major figures key statistics historical and current documents contracts and legislation on private armies and outsourced military services Each chapter includes a bibliography of books journal articles and web sites A general bibliography concludes the entire work *Mercenaries* is a must have reference for academic libraries public libraries and any social science governmental or non governmental reference collection **Fighting and Writing** Luise White, 2021-02-08 In *Fighting and Writing* Luise White brings the force of her historical insight to bear on the many war memoirs published by white soldiers who fought for Rhodesia during the 1964 1979 Zimbabwean liberation struggle In the

memoirs of white soldiers fighting to defend white minority rule in Africa long after other countries were independent White finds a robust and contentious conversation about race difference and the war itself These are writings by men who were ambivalent conscripts generally aware of the futility of their fight not brutal pawns flawlessly executing the orders and parroting the rhetoric of a racist regime Moreover most of these men insisted that the most important aspects of fighting a guerrilla war tracking and hunting knowledge of the land and of the ways of African society were learned from black playmates in idealized rural childhoods In these memoirs African guerrillas never lost their association with the wild even as white soldiers boasted of bringing Africans into the intimate spaces of regiment and regime

Top Ten Global Justice Law Review Articles 2008 Amos Guiora, 2009 Top Ten Global Justice Law Review Articles 2008 is a thorough and accessible review of the most salient the most controversial and the most illuminating essays on security law in the previous calendar year In this edition Professor Amos Guiora presents the ten most vital and pertinent law review articles from 2008 written by both scholars who have already gained international prominence as experts in global justice as well as emerging voices in the realm of international criminal law and human rights These articles deal with issues of terrorism security law environmental law and the preservation of civil liberties in the post 9 11 world The chosen selections derive not just from the high quality and expertise of the articles authors but equally from the wide diversity of legal issues addressed by those authors Guiora combines the expertise of scholars from both eminent law schools and government agencies to provide a valuable resource for scholars and experts researching this important subject area This annual review provides researchers with more than just an authoritative discussion on the most prominent global justice debates of the day it also educates researchers on new issues that have received far too little attention in the press and in academia These expert scholars and leaders tackle and give voice to issues that range from the psychology of terrorism to the role of oil in the Sudanese genocide to the oppression of women in new Arab democracies to transnational environmental cooperation and beyond Together the vast knowledge and independent viewpoints represented by these ten authors make this volume a valuable resource for individuals new to the realm of global justice and for advanced researchers with a sophisticated understanding of the field Top Ten Global Justice Law Review Articles 2008 serves as a one stop guidebook on how both the U S and the world generally are currently grappling with fundamental principles of social and political life

African Security John Siko, Jonah Victor, 2020-03-19 The world's fastest growing continent demographically Africa displays nearly all the features of today's global security challenges armed conflict terrorism irregular migration organized crime great power competition public discontent and economic turbulence John Siko and Jonah Victor present their lessons from professional practice and pedagogical approach from the classroom in a concise guidebook that leads students and professionals through the most important issues dynamics challenges and considerations for analysing and planning responses to security developments in Africa This book provides issue by issue primers on the causes and consequences of Africa's security challenges that include how to anticipate security

problems across current political and economic events how to analyse African security institutions and military capabilities how to understand historical trends across the African continent and appreciate unique variations among countries how to identify key drivers of future trends how to connect security analysis to policy planning Learning is supported through the following features Thematic chapters which are optimized to help the reader quickly connect to the key concepts and analytic frameworks within the field The most relevant historical case studies enabling students to engage in sophisticated analysis and discussion Connections and contrasts between the situations in North Africa and sub Saharan Africa which are traditionally studied separately Special sections on understanding race and ethnicity and advice on traveling in Africa Chapter end checklists of key questions to enable practical engagement with the topics covered

Africa's Armies Robert Edgerton, 2009-03-25 Africa's Armies traces the military history of sub Saharan Africa from the pre colonial era to the present Robert Edgerton begins this sweeping chronicle by describing the role of African armies in pre colonial times when armed forces or militias were essential to the maintenance and prosperity of their societies During the colonial era African soldiers fought with death defying courage earning such respect as warriors that they were often recruited into the colonial armies not simply to enforce colonial rule in Africa but to fight for the European homelands as well After independence swept through Africa African military men seized political power in country after country ruling dictatorially for their own benefit and for that of their kinsmen and cronies The author describes the post colonial civil wars that have devastated much of sub Saharan Africa catastrophes marked by genocide famine disease economic collapse and steadily declining life expectancy He closes by describing the role that Africa's military forces can and must play if the future is to bring better times to the continent's many peoples

Implementing Peace Agreements D. Bekoe, 2008-04-28 This book critically investigates the conditions facing the warring parties during the implementation of peace agreements in Mozambique Angola and Liberia as successes and failures in these countries highlight incentives for the international community to keep peace processes from faltering

The Heart of the Matter Ian Smillie, Lansana Gberie, Ralph Hazleton, 2000 How diamonds have been the cause of widespread death misery destruction for almost a decade in the West African country of Sierra Leone Through the 1990s Sierra Leone's rebel war became a tragedy of major humanitarian political historic proportions but the story goes back 60 years to the discovery of the diamonds The diamond mining sector has become influenced by organized crime by the smuggling not just of diamonds but of guns drugs by vast sums of money in search of a laundry No peace agree would be sustainable until the problems of mining selling diamonds had been addressed both inside Sierra Leone internationally

While this might not be the Executive Outcomes Rise And Fall full book , it can give you a taste of the authors writing style.

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of

Executive Outcomes Rise And Fall eBooks, including some popular titles.

FAQs About Executive Outcomes Rise And Fall Books

What is a Executive Outcomes Rise And Fall PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Executive Outcomes Rise And Fall PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Executive Outcomes Rise And Fall PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Executive Outcomes Rise And Fall PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Executive Outcomes Rise And Fall PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
