Andy Serkis - The Man Behind the Mask Justin Lewis,2012-11-05 Andy Serkis is best known for his remarkable interpretation of the vengeful and obsessive Gollum in the groundbreaking Lord of the Rings screen trilogy 2001 03 Landing the role presented him with a formidable challenge helping to bring to life a computer generated character that was not just technically dazzling but emotionally credible To play Gollum needed a performer with immense stamina and creativity requirements which for audiences and critics alike Andy Serkis exceeded But there is far more to Serkis than The Lord of the Rings When he began work on the trilogy in 1999 he already had 15 years of experience in theatre television and cinema portraying characters who were eccentric complex and even monstrous He was always determined to inject humanity and empathy into every part he played no matter how flawed they may have seemed It is this level of intensity and commitment that has enriched so many of his roles from Bill Sykes to King Kong and from Albert Einstein to Ian Dury Andy Serkis returned to the big screen in 2011 as Captain Haddock in the long awaited The Adventures of Tintin Secret of the Unicorn and is now preparing to revisit the persona of Gollum for the cinematic remake of The Hobbit Author Justin Lewis examines the life and career to date of this most highly principled hard working and versatile of actors **Hoodwinked** Jack Cashill,2009-07-20 For the last century many intellectuals and activists responsible for shaping the way we think about sex crime government and even our very history have been fabricating the facts And yet they have been published praised promoted and protected by a cultural establishment that has its agendas advanced by disinformation half truths and lies As a student of American intellectual history Cashill has come to see that much of what is taught about the last century is not merely biased but knowingly false A Ph D in American studies from Purdue and a former Fulbright professor in France Cashill has taught at several American universities and knows all too well the spin and dissembling of the academic world and public debate In this sensational and essential book Cashill tells the stories behind the fraud and reveals an unsettling pattern of institutional and cultural deception With wide scope and fine point scrutiny Hoodwinked finally and definitively exposes the intellectual elite s trumpery from unwitting self deception to conscious manipulation of data from the merely false to the purely fraudulent and is the perfect antidote for the corrosive disinformation that has poisoned our society culture and understanding of the world at large Norm Chomsky is one of America s best known public intellectuals the nation s self appointed conscience And says Arthur Schlesinger it has long been impossible to believe anything he says The bigger problem is that the same and worse can be said for much of America s cultural elite and Jack Cashill exposes them all The

sexual revolution Alfred Kinsey encouraged the sexual torture of small boys Masters and Johnson created an imaginary heterosexual AIDS crisis Planned Parenthood buried Margaret Sanger's plan to sterilize the racially and genetically impure Multiculturalism Mumia is guilty Alex Haley's *Roots* was almost pure fraud Edward Said grew up a wealthy American not a persecuted Palestinian refugee University of Colorado professor Ward Churchill faked his identity as Native American and much of his scholarship on genocide And Michael Moore He faked just about everything Marxism The New York Times Walter Duranty won a Pulitzer for denying Stalin's holocaust Lillian Hellman papered over the communist sabotage of Hollywood with lies Alger Hiss and the Rosenbergs were guilty as geese Radical Naturalism Rachel Carson's bogus case against DDT has killed millions needlessly Overpopulation alarmists predicted worldwide famines before 1999 and were honored for their insights Neo Darwinians have been faking their proofs for a century in textbooks and getting away with it Hoodwinked is a powerful and devastating book that exposes the myriad lies and half truths that America's progressive elite has used to hijack an entire culture

Hoodwinked John Perkins, 2011-11-01 John Perkins has seen the signs of today s economic meltdown before The subprime mortgage fiascos the banking industry collapse the rising tide of unemployment the shuttering of small businesses across the landscape are all too familiar symptoms of a far greater disease In his former life as an economic hit man he was on the front lines both as an observer and a perpetrator of events once confined only to the third world that have now sent the United States and in fact the entire planet spiraling toward disaster Here Perkins pulls back the curtain on the real cause of the current global financial meltdown He shows how we ve been hoodwinked by the CEOs who run the corporatocracy those few corporations that control the vast amounts of capital land and resources around the globe and the politicians they manipulate These corporate fat cats Perkins explains have sold us all on what he calls predatory capitalism a misguided form

of geopolitics and capitalism that encourages a widespread exploitation of the many to benefit a small number of the already very wealthy Their arrogance gluttony and mismanagement have brought us to this perilous edge The solution is not a return to normal But there is a way out As Perkins makes clear we can create a healthy economy that will encourage businesses to act responsibly not only in the interests of their shareholders and corporate partners and the lobbyists they have in their pockets but in the interests of their employees their customers the environment and society at large We can create a society that fosters a just sustainable and safe world for us and our children Each one of us makes these choices every day in ways that are clearly spelled out in this book We hold the power he says if only we recognize it Hoodwinked is a powerful polemic that shows not only how we arrived at this precarious point in our history but also what we must do to stop the global tailspin
