Existential Journalism:

Existential Journalism John Calhoun Merrill, 1977 The Routledge Handbook of Lifestyle Journalism Folker Hanusch, 2025-06-10 Taking stock of research in an area that has long been starved of scholarly attention The Routledge Handbook of Lifestyle Journalism brings together scholars from across journalism communication and media studies to offer the first substantial volume of its kind in this dynamic field This Handbook is divided into five major sections covering definitions current trends the relationship between lifestyle journalism and consumer culture how lifestyle journalism interacts with matters of identity emotion politics and society and future directions Featuring 30 contributions from authors at the cutting edge of research around the world each chapter provides an authoritative overview of key literature and debates and proposes a way forward for future scholarship The Routledge Handbook of Lifestyle Journalism is an essential companion for advanced students and researchers of lifestyle journalism and related beats including food fashion and travel writing

War Stories Mark Pedelty, 2020-12-22 What are the influences on war correspondents as they report on news in war torn countries Originally published in 1995 Mark Pedelty explores the lives work and culture of an international press corps He writes about the reporters who covered El Salvador's civil war Going beyond those specifics to look at the institutions practices myths and rituals that pattern the work of journalists everywhere He tells us the stories of war correspondents at work and at play as they cover the news The myth developed in part from the movies we watch and from CNN is that war is reported from the front lines More often it is reported from the front office as journalists sit around waiting for something big to happen Pedelty looks at the context in which they construct their reports Unnamed diplomats in the US Embassy feed stories to reporters who are careful not to alienate these crucial sources by adding background information that might be perceived as ideological Reporters are also constrained by the pens and preferences of editors who work to narrow the focus of news reporting removing necessary context in the process By examining how news stories are actually produced Pedelty highlights the elusiveness of the goal of objective journalism We see how the biases of war correspondents are connected to structures of power and how these biases affect actual journalistic practices Pedelty also explores alternative possibilities for war reporting including emerging alternative international news services and ways to deepen reporters understandings of the countries and problems they cover Influenced by anthropology communication studies cultural studies and sociology this book will interest scholars and students in those fields as well as journalists and anyone who watches reads or listens to news

MEDIA LITERACY AND MEDIA ETHICS, THE ONLY WAY OUT Sabahudin Hadziali, 2019-10-24 The book titled Media literacy and media ethics The only way out by Sabahudin Hadziali is a collection of 40 essays written between 2016-19 devoted to the challenges facing modern media society The author in the content of the book particularly emphasizes the importance of conscious social civic participation in the decision making process at the micro and macro levels He attaches special importance to education to the media and through the media According to the

author preparation for participation in the media requires critical thinking However this problem is even deeper Today s algorithms are so complex that they analyze our preferences choices made e g browsed websites on the Internet content and by adapting to them suggest other related ones

The Government Factor Richard T. Kaplar, Patrick D. Maines, 1995 The role of government in determining journalists ethical decision making

The Routledge Companion to American Literary Journalism William Dow, Roberta Maguire, 2019-11-13 Taking a thematic approach this new companion provides an interdisciplinary cross cultural and international study of American literary journalism From the work of Frederick Douglass and Walt Whitman to that of Joan Didion and Dorothy Parker literary journalism is a genre that both reveals and shapes American history and identity This volume not only calls attention to literary journalism as a distinctive genre but also provides a critical foundation for future scholarship It brings together cutting edge research from literary journalism scholars examining historical perspectives themes venues and genres across time theoretical approaches and disciplinary intersections and new directions for scholarly inquiry Provoking reconsideration and inquiry while providing new historical interpretations this companion recognizes interacts with and honors the tradition and legacies of American literary journalism scholarship Engaging the work of disciplines such as sociology anthropology African American studies gender studies visual studies media studies and American studies in addition to journalism and literary studies this book is perfect for students and scholars of those disciplines

Responsible Journalism in Conflicted Societies Jake Lynch, Charis Rice, 2022-09-30 Setting out multiple perspectives from media and journalism scholars this collection addresses the implications that today s technological socio political and economic conditions have for relations between journalists sources audiences and wider publics Applying an inclusive concept of conflicted societies that goes beyond those affected by violent conflict to include traditionally stable but increasingly polarised democracies such as the UK and the USA contributors engage with longstanding questions and new challenges surrounding concepts of responsibility trust public service and public interest in journalism The unique span of studies offers international scope including societies often overlooked in media and journalism studies such as Northern Ireland Turkey Cyprus Pakistan The Democratic Republic of Congo and the Central African Republic Chapters also feature contemporary case studies such as the COVID 19 pandemic as a route into understanding the pertinent issue of fake news and the local turn in journalism

Responsible Journalism in Conflicted Societies is not only a valuable resource for those studying conflict reporting and international journalism but will also appeal to scholars working at the intersection of media journalism communication peace conflict and security studies

Ethics for Journalists Richard Keeble, 2008-10-27 *Ethics for Journalists* tackles many of the issues which journalists face in their everyday lives from the media s supposed obsession with sex sleaze and sensationalism to issues of regulation and censorship Its accessible style and question and answer approach highlights the relevance of ethical issues for everyone involved in journalism both trainees and professionals whether working in print broadcast or new media *Ethics for Journalists* provides a

comprehensive overview of ethical dilemmas and features interviews with a number of journalists including the celebrated investigative reporter Phillip Knightley Presenting a range of imaginative strategies for improving media standards and supported by a thorough bibliography and a wide ranging list of websites Ethics for Journalists second edition considers many problematic subjects including representations of gender race sexual orientation disability mental health and suicide ethics online citizen journalism and its challenges to professionalism controversial calls for a privacy law to restrain the power of the press journalistic techniques such as sourcing the news doorstepping deathknocks and the use of subterfuge the handling of confidential sources and the dilemmas of war and peace reporting

Moral Reasoning for Journalists Steven Knowlton,Bill Reader,2008-12-23 Despite the fact that the public s trust in the news media is at historic lows despite the fact that hardly a day goes by without another report of unethical behavior by news professionals journalists and teachers remain dedicated to ethical issues perhaps more so now than at any other time in history News companies are developing rigorous codes of conduct journalists and editors are vigorously reporting on ethical lapses by their peers and many journalism schools are creating standalone courses in journalism ethics and hiring faculty members who are devoted to ethics research and instruction Using more than two dozen actual cases from around the world to examine and apply those principles of ethical journalism Knowlton and Reader suggest an easy to follow commonsense approach to making ethical decisions in the newsroom as deadlines loom Moral Reasoning for Journalists serves as an introduction to the underpinnings of journalism ethics and as a guide for journalists and journalism teachers looking for ways to make ethical choices beyond going with your gut

Everyman News Michele Weldon,2008 Examines how newspapers have changed over the past few years becoming story papers Comparing 850 stories story approaches and unofficial sourcing in twenty American newspapers from 2001 and 2004 Weldon reveals a shift toward features over hard news along with an increase in anecdotal or humanistic approaches to all stories Provided by publisher

From Yahweh to Yahoo! Doug Underwood,2010-10-01 Presenting religion as journalism s silent partner From Yahweh to Yahoo provides a fresh and surprising view of the religious impulses at work in contemporary newsrooms Focusing on how the history of religion in the United States entwines with the growth of the media Doug Underwood argues that American journalists draw from the nation s moral and religious heritage and operate in important ways as personifications of the old religious virtues Underwood traces religion s influence on mass communication from the biblical prophets to the Protestant Reformation from the muckraker and Social Gospel campaigns of the late nineteenth and early twentieth centuries to the modern age of mass media While forces have pushed journalists away from identifying themselves with religion they still approach such secular topics as science technology and psychology in reverential ways Underwood thoughtful analysis covers the press s formulaic coverage of spiritual experience its failure to cover new and non Christian religions in America and the complicity of the mainstream media in launching the religious broadcasting movement

The SAGE Handbook of the Digital Media Economy Terry Flew,Jennifer Holt,Julian

Thomas,2022-09-23 Debates about the digital media economy are at the heart of media and communication studies An increasingly digitalised and datafied media environment has implications for every aspect of the field from ownership and production to distribution and consumption The SAGE Handbook of the Digital Media Economy offers students researchers and policy makers a multidisciplinary overview of contemporary scholarship relating to the intersection of the digital economy and the media cultural and creative industries It provides an overview of the major areas of debate and conceptual and methodological frameworks through chapters written by leading scholars from a range of disciplinary perspective PART 1 Key Concepts PART 2 Methodological Approaches PART 3 Media Industries of the Digital Economy PART 4 Geographies of the Digital Economy PART 5 Law Governance and Policy *Harold Pinter, Fascism, and Outrage* Dennis Eugene Russell,2025 This book interprets the deeper meaning of a set of anti authoritarianism works that graphically depict torture human rights abuses and power unchecked on stage Provided by publisher Routledge Library Editions: Security and Society Various,2021-09-30 This 12 volume set contains titles originally published between 1934 and 1995 An eclectic mix of titles this collection draws from anthropology economics ethics politics psychology and sociology Exploring security in both war and peacetime it includes volumes looking at the causes of war and its effect on society as a whole the soldiers themselves and their place in society the portrayal of war in the press both in words and photographs and the politics behind them *The Layers of Magazine Editing* Michael Robert Evans,2004-08-25 Unlike the myriad writing manuals that emphasize grammar sentence structure and other skills necessary for entry level editing jobs this engaging book adopts a broader view beginning with the larger topics of audience mission and tone and working its way down layer by layer to the smaller questions of grammar and punctuation Based on Michael Evans s years of experience as an editor and supplemented by invaluable observations from the editors of more than sixty magazines including The Atlantic Better Homes and Gardens Ebony Esquire and National Geographic this book reveals the people oriented nature of the job God in the Corridors of Power Michael Ryan,Les Switzer,2009-08-25 God in the Corridors of Power Christian Conservatives the Media and Politics in America is a comprehensive study of Christian conservative power in America s political culture how it was achieved how it is maintained and where it is going It came about in part because of an enduring influence in the school room the seminary and in the pulpit and in part because conservatives are so skilled at using commercial and non commercial media including religious media to disseminate their views to broader audiences Though their power has waxed and waned they continue to be a potent force in public policy today The authors argue that the astonishing electoral successes of Christian conservatives at all levels of national state and local government was made possible by linking political social media and religious interests with an emerging consensus about what constitutes a conservative mindset in American politics Christian conservatives unquestionably have been the most significant component in a coalition of religious conservatives traditionalist conservatives and neoconservatives that has driven the Republican Party now for almost two generations This multifaceted understanding

of Christian conservative activists in religion and politics traces the impact Christian conservatives have had on American Christianity as a whole while also examining the limitations imposed on the Christian conservative agenda by American civil religion the Constitution and case law The authors explore women s reproductive rights in the debate over contraception and abortion and gay civil rights in the debate over gay marriage and family rights The debate over intelligent design and evolution is examined in the context of the campaign to transform public school education The run up to the wars in Afghanistan and Iraq is scrutinized against the background of the declared war on terrorism While the conservative religious and secular coalition within the Republican Party began to fragment even before the end of George W Bush s first term in office it remained a powerful force in the 2004 and 2008 elections The book concludes with some thoughts about the impact of Christian conservatives in politics media and religion in the future

James Carey Eve Stryker Munson, Catherine A. Warren, 1997 James Carey scholar media critic and teacher of journalists almost single handedly established the importance of defining a cultural perspective when analyzing communications Interspersing Carey s major essays with articles exploring his central themes and their importance this collection provides a critical introduction to the work of this significant figure In *James Carey A Critical Reader* sever scholars who have been influenced by him consider his work and how it has affected the development of media studies Carey has examined the roles the media and the academy have played in creating and maintaining a public sphere as well as the ways technology helps or hinders that project Carey s themes range from the strains on democracy and drawbacks of technology to the critique of journalism and the politics of academe

Canada as a Settler Colony on the Question of Palestine Jeremy Wildeman, M. Muhannad Ayyash, 2024-02-14

Canada as a Settler Colony on the Question of Palestine explores Canada Palestine relations through a settler colonial lens The authors argue that there are direct parallels between Canada s settler colonial project and its support for the Israeli settler colonial dispossession of Palestinians Chapters reflect on community politics and activism migration orientalism and critical race theory Among its unique contributions the volume provides a fresh look at Canada s foreign policy as informed and shaped by its own history of settler colonialism The collection also illuminates the breadth and depth of Palestinian life in Canada Throughout the chapters are connected by common themes of settler colonial destruction dispossession segregation and otherness as well as accounts of people challenging those processes in search of a better and fairer world The book will be of interest to scholars in Indigenous Studies International Relations Peace and Conflict Studies Canadian Studies Palestine Studies and beyond Contributors Samer Abdelnour Nadia Abu Zahra Rachad Antonius Lina Assi M Muhannad Ayyash Peige Desjarlais Randa Farah Azeezah Kanji Maurice Jr Labelle Nadia Naser Najjab Emily Regan Wills Mira Sucharov Jeremy Wildeman Foreword by Veldon Coburn

Good News Clifford G. Christians, John P. Ferré, P. Mark Fackler, 1993-06-03

Mass media ethics and the classical liberal ideal of the autonomous individual are historically linked and professionally dominant yet the authors of this work feel this is intrinsically flawed They show how recent research in philosophy and social science

together with a longer tradition in theological inquiry insist that community mutuality and relationship are fundamental to a full concept of personhood. The authors argue that persons in community provides a more defensible grounding for journalists' professional moral decision making in crucial areas such as truth-telling, privacy, organizational culture, and balanced coverage. With numerous examples drawn from life as well as from theory, this book will interest journalists, editors, and professionals in media management as well as students and scholars of media ethics, reporting, and media law.
