Live the Journey Joseph A. Primm, 2010-11-10 If life were easy there would be no need for mentors friends or family Inspiration and motivation would come naturally Everything we ever wanted would simply come to us But the reality is that life is a difficult journey we must travel Sometimes the road will be smooth with a gusty wind at our back At other times we will find ourselves mired in the mud During those travels we use a map to find our way to the destination This book is also a map to help guide you to that destination It aims to inspire motivate and pull you from being mired in the mud The stories you will find inside are like the many different routes on a map While each has purpose and meaning like the many different routes on a map the stories will have different meanings for each of us Simply allow the stories to be a guide for you to choose your own path And while we may be on different paths we each have the same destination in mind which is a great life we all seek So grab hold of the stories and allow them to be your guide as you travel through life Live the journey and experience all the goodness that you pass along the way
