Light from Light Louis K. Dupré, James A. Wiseman, 2001 In this revised edition of a longtime bestselling anthology of Christian mysticism editors Louis Dupré and James Wiseman bring together selections from the writings of twenty three of the most important Christian mystics from Origen of Alexandria in the third century to Thomas Merton in the twentieth This edition retains most of the authors included in the first addition but has replaced some authors from that edition with ones that will be of greater interest to readers today e.g. Francis and Clare of Assisi Francis de Sales and Jane de Chantal and Evelyn Underhill A general introduction discusses the place of mysticism within the Christian life as a whole while individual chapter introductions place the mystical writers in their historical context and relate their works to others in the anthology In addition the editors have completely updated the bibliographies at the end of each chapter Students and teachers of spirituality as well as persons interested in their own spiritual growth will welcome this popular revised resource because it makes readily available in one volume major works by important Christian mystical writers Like its predecessor it is sure to be welcomed in the academic world and spiritual and devotional circles

this book **Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus** Fr. Emmanuel Javert Nnadozie
OCD,2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese s spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her call to sanctity of life The author also discusses how the Saint appropriated God s Word and God s grace hidden in the events of her life The book shows how through self reflexivity and meditation on God s Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God s grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual s spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following the example found in St Therese s simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key **Hidden Friends** The Carmelites of Indianapolis,1995 In this collection of original art and reflections the Carmelites of Indianapolis share some of the insight and wisdom they have gleaned from years of praying with the many hidden friends of their tradition The 35 Doctors of the Church Rev. Fr. Christopher Rengers,2014-08 The 35 Doctors of the Church presents the most comprehensive and fascinating collection available anywhere on the lives and labors of the saints who have been declared the Church s Doctors From St Athanasius c 297-373 to St Therese of Lisieux 1873-1897 you will find the amazing stories of 35 extraordinary men and women who are honored both for their holiness and for the eminence of their teachings about the Faith Their work and witness are truly timeless their lives and wisdom show us how to be holy in our own lives how to confront the challenges of today and how to proclaim the Gospel to a modern world hungry for Jesus Christ Originally published as The 33 Doctors of the Church by Father Christopher Rengers O F M Cap The 35 Doctors of the Church has been updated by Dr Matthew E Bunson K H S to include two new chapters about recently proclaimed Doctors St John of the Cross and St Hildegard of Bingen The revised edition also includes a new Introduction with a detailed explanation of how the Church proclaims Doctors and their meaning for today Christianity and the Culture Machine Vincent F. Rocchio,2016-08-05 Christianity and the Culture Machine is a precedent shattering approach to combining theories of media and culture with theology In this intensive examination of Christianity s role in the cultural marketplace the author argues that Christianity s inability to effectively contest the ideology of secular humanism is not a

theological shortcoming but rather a communications problem the institutional church is too wedded to an outmoded aesthetic of Christianity to communicate effectively Privileging authority and obedience over the egalitarian and transformative goal of Christianity the church fails to recognize how it undermines the vitality of the Christian narrative and message In the absence of a more compelling vision offered by the official church a new aesthetic can be found forming within the margins of popular culture texts Despite its past failures in representing the Bible in mainstream film and television the culture industry now offers more compelling versions of core Christian theology without even realizing it within the margins of the main storylines This book analyzes the aesthetic principles employed by these appropriations and articulations of Christian discourse as a means of theorizing what a new aesthetic of Christianity might look like
