**Guidelines for Nurse Practitioners in Gynecologic Settings, 12th Edition** Heidi Collins Fantasia, Allyssa L. Harris, Holly B. Fontenot, 2020-03-01. Delivers the latest evidence-based guidelines you need to ensure excellence in clinical practice. Now in its 12th edition, this authoritative resource continues to represent the gold standard for nursing management of common gynecological conditions for women throughout the life span. It includes contributions from prominent specialists focusing on specific areas of gynecological health in addition to the vanguard contributions of three new lead Editors with decades of experience in varied health care settings. The 12th edition is substantially updated with pivotal topics, current evidence-based practice guidelines, real-life case studies, and improved patient teaching materials that foster translation of information to practice. Clinical guidelines, appendices, and bibliographies are extensively revised to reflect the most current evidence-based information, research, and consensus from national health organizations. For qualified instructors, new PowerPoint slides and a transition guide for the 12th edition are included for ease of use in educational programs. New and Revised Chapters: New section on women's health, adolescents, sexual and gender minority persons, and individuals with mental health considerations. Updated breast and cervical cancer screening guidelines. Acute and chronic gynecologic conditions, STIs, and prevention and management of HPV-associated cancers. Perimenopause and postmenopausal care. Key Features: Evidence-based guidelines empirically proven to improve patient outcomes. Outline format ensures quick and easy access to essential information. Updated bibliography for each guideline, including relevant websites with additional resources. Online access to seven appendices presenting updated clinical resources, assessments, and screening tools. Two expanded chapters include online access to case studies and EMR education templates to facilitate student learning. New PowerPoint slides for ease of use by qualified instructors. Transition guide to assist instructors in incorporating new edition content into their courses. [The Hematology/Oncology Nurse Practitioners' Manual, Second Edition](#) David G. Morrison, M.D., Ph.D., 2014-04-15. Co-Authors: Jack E. Saux III, M.D., Margaret Saux, Pilar M. Morrison, RPh, Melissa Pennebaker, CRNP. This is a quick reference how-to manual. It provides an outline for those teaching a new CRNP. For the CRNP, it is a go-to book for daily use. It also addresses some of the more difficult topics frequently encountered daily, such as difficult patients and/or families and burnout. Modern care of those with blood or malignant disorders is very much a team effort. This book is designed to help our colleagues who have chosen to be Nurse Practitioners to have a quick reference guide to many of the common clinical conundrums encountered in clinical practice. It is supposed to help not only with the technical nuts and bolts but also to help handle the emotional trauma of this field as well. It is not intended to replace the input of collaborating physicians. In fact, the test section has been designed to force communication and teaching.
