A Visual Approach to the Study of Religious Orders Marcin Jewdokimow, Thomas Quartier, OSB, 2019-05-01 A Visual Approach to the Study of Religious Orders applies visual methods to the exploration of various facets of religious life such as everyday lived experience contemporary monastic identity or monastic architecture Presenting a series of visual essays it treats images not as simple illustrations but as an autonomous form of expression capable of unveiling vital and developmental layers of experience while inviting readers to examine and interpret the data themselves The first book of its kind it brings together case studies from various locations across Europe to demonstrate what the use of visual methodologies can contribute to social scientific research on religious orders As such it will appeal to scholars and students of sociology religious studies and theology and anyone with interests in religious orders Visual and Multimodal Research in Organization and Management Studies Markus Höllerer, Theo van Leeuwen, Dennis Jancsary, Renate Meyer, Thomas Hestbaek Andersen, Eero Vaara, 2019-02-21 This volume brings together two hitherto disparate domains of scholarly inquiry organization and management studies on the one hand and the study of visual and multimodal communication on the other Within organization and management studies it has been recognized that organizational reality and communication are becoming increasingly visual and more generally multimodal whether in digital form or otherwise Within multimodality studies it has been noted that many forms of contemporary communication are deeply influenced by organizational and managerial communication as formerly formal and bureaucratic types of communication increasingly adopt promotional language and multimodal document presentation Visual and Multimodal Research in Organization and Management Studies integrates these two domains of research in a way that will benefit both In particular it conceptually and empirically connects recent insights from visual and multimodality studies to ongoing discussions in organization and management theory Throughout the book shows how a visual multimodal lens enriches and extends what we already know about organization organizations and practices of organizing but also how concepts from organization and management studies can be highly productive in further developing insights on visual and multimodal communication Due to its essentially interdisciplinary objectives the book will prove inspiring for academics and scholars of management the sociology of organizations as well as related disciplines such as applied linguistics and visual studies *Visual Communication* Giorgia Aiello, Katy Parry, 2019-10-28 Visual Communication Understanding Images in Media and Culture provides a theoretical and empirical toolkit to examine implications of mediated images It explores a range of approaches to visual analysis while also providing a hands on guide to applying methods to students own work The book Illustrates a range of perspectives from content analysis and semiotics to multimodal and critical discourse analysis Explores the centrality of images to issues of identity and representation politics and activism and commodities and consumption Brings theory to life with a host of original case studies from celebrity videos on Youtube and civil unrest on Twitter to the lifestyle branding of Vice Media and Getty Images

Shows students how to combine approaches and methods to best suit their own research questions and projects An invaluable guide to analysing contemporary media images this is essential reading for students and researchers of visual communication and visual culture Understanding Social Images Marcus Banks,David Zeitlyn,Chihab El

Khachab,2025-06-01 Marcus Banks was one of the scholars who changed the way visual anthropology and visual methods were regarded in social and cultural anthropology This collection of Banks essays considers the role of collaboration in the making of ethnographic films and makes the case for slow research It discusses the meaning of anthropological research in film archives and illustrates how to analyse a wide range of visual material like maps diagrams and enigmatic photographs It situates Banks work in contemporary visual anthropology and Howard Morphy s Afterword explores how Banks work helped illuminate his own collaboration with the filmmaker Ian Dunlop in aboriginal Australia **Making Meaning** Marilyn

Narey,2008-11-07 Making Meaning is a synthesis of theory research and practice that explicitly presents art as a meaning making process This book provokes readers to examine their current understandings of language literacy and learning through the lens of the various arts based perspectives offered in this volume provides a starting point for constructing broader multimodal views of what it might mean to make meaning and underscores why understanding arts based learning as a meaning making process is especially critical to early childhood education in the face of narrowly focused test driven curricular reforms Each contributor integrates this theory and research with stories of how passionate teachers teacher educators and pre service teachers along with administrators artists and professionals from a variety of fields have transcended disciplinary boundaries to engage the arts as a meaning making process for young children and for themselves

The Routledge Companion to Visual Organization Emma Bell,Samantha Warren,Jonathan E. Schroeder,2014-01-23 The visual constitutes an increasingly significant element of contemporary organization as post industrial societies move towards economies founded on creative and knowledge intensive industries The visual has thereby entered into almost every aspect of corporate strategy operations and communication reconfiguring basic notions of management practice and introducing new challenges in the study of organizations This volume provides a comprehensive insight into the ways in which organizations and their members visualize their identities and practices and how they are viewed by those who are external to organizations including researchers With contributions from leading academics across the world The Routledge Companion to Visual Organization is a valuable reference source for students and academics interested in disciplines such as film studies entrepreneurship marketing sociology and most importantly organizational behaviour

Embracing the Song of Term: An Emotional Symphony within **Handbook Of Visual Analysis**
