band's lineup has remained stable while the groups outlasted most of their contemporaries. The twin factors of group inspired music and long term collaboration make these four bands important case studies in modern rock and roll. With a focus on creative dynamics, author Mirit Eliraz studies four of the most popular, critically acclaimed and prolific rock bands of the last quarter century. Introductory chapters offer band bios, reasons for formation and each group's friends, collaborators and business partners. Middle chapters discuss the governing structures and general relations within the bands, obstacles to unity and survival, how diverse elements are merged into a productive whole, role divisions, the collaborative process and life on the road. Concluding chapters cover external influences on band dynamics, the evolution of each band's communal life and challenges to the band paradigm.

**All These Things into Position** Robert Cady Saler, 2019-07-19 Radiohead is simultaneously one of the most experimental and most successful rock bands on the planet. While their lyrics rarely reference religion, in this book Robert Saler argues that the discipline of Christian theology has a great deal to learn from the band when it comes to unflinching engagement with the world's brokenness and its longing for redemption. Market dynamics, the influence of capitalism on art, ecological theology, aesthetics and Christology all come together as Saler asks what it might mean for Radiohead to soundtrack a theology of defiance against the forces that create death in our daily lives.

*Music, Markets and Consumption* Daragh O'Reilly, Gretchen Larsen, Krzysztof Kubacki, 2013-05-31 A fully international and scholarly analysis integrating the unique popular music sector both within arts marketing and current marketing and consumption theories. It gives a full overview and coverage of music marketing and cultural policy and the emerging academic study of the sector.

**A Matrix of Meanings (Engaging Culture)** Craig Detweiler, Barry Taylor, 2003-11-01 From the glittering tinsel of Hollywood to the advertising slogan you can't get out of your head, we are surrounded by popular culture. In *A Matrix of Meanings*, Craig Detweiler and Barry Taylor analyze aspects of popular culture and ask: What are they doing? What do they represent? and What do they say about the world in which we live? Rather than deciding whether Bono deserves our admiration, the authors examine the phenomenon of celebrity idolization. Instead of deciding whether Nike's Just do it campaign is morally questionable, they ask what its success reflects about our society. *A Matrix of Meanings* is a hip, entertaining guide to the maze of popular culture. Plentiful photos, artwork and humorous sidebars make for delightful reading. Readers who distrust popular culture as well as those who love it will find useful insight into developing a Christian worldview in a secular culture.

*A Classless Society* Alwyn W. Turner, 2013-09-05 Superb. NICK COHEN author of *What's Left*. Tremendously entertaining. DOMINIC SANDBROOK Sunday Times Like his previous histories of the Seventies and Eighties, *A Classless Society* is an extraordinarily comprehensive work. Turner writes brilliantly, creating a compelling narrative of the decade, weaving contrasting elements together with a natural storyteller's aplomb, engaging and unique. IRVINE WELSH Daily Telegraph Ravenously inquisitive, darkly comical and coolly undecieved, Turner is a master of the telling detail.
