Experience And Being Prolegomena To A Future Ontology:

Experience and Being Calvin O. Schrag, 1969 *Experiences between Philosophy and Communication* Ramsey Eric Ramsey, David James Miller, 2012-02-01 Providing developments and advancements concerning the thought of Calvin O Schrag this book includes the first full length interview with the American continental philosopher and covers his long and illustrative philosophical contribution to thinking about the consequences of communication The influence of Schrag s work is significant and broad and these nine thought provoking pieces by leading scholars whose work has been influenced by his philosophy presents the best contemporary thought on communicative praxis Encompassing questions of democracy the public and private spheres and relations inside organizational structures to questions of giving and ethics rhetoric and narrative suffering and love this is a wellspring of insight and provocation for both those already familiar with Schrag s work and those seeking a keen invitation to his many critical reflections Reflections on the Religious, the Ethical, and the Political Calvin O. Schrag, 2013-01-01 Reflections on the Religious the Ethical and the Political presents fourteen essays devoted to the interconnected topics of religion ethics and politics along with an introductory interview with the author regarding his philosophical development over the years This volume serves two interconnected purposes as an introduction or reintroduction to Calvin O Schrag s intellectual contributions to a critical consideration of these three topics and as a critical companion and supplement to Schrag s published work on these topics The topics of religion ethics and politics have served as pivot points throughout Schrag s career in the academy which spans half a century Martin Buber David Dilling,

Philosophical Papers Calvin O. Schrag, 1994-01-01 Insofar as three nineteenth century philosophers in particular Marx Kierkegaard and Nietzsche figured so decisively in the shaping of twentieth century continental thought they too become part of the wider story being told **Personal Experience and Materiality in Greek Religion** K.A. Rask, 2023-04-14 Employing frameworks of lived religion and materiality this book provides the first full length study of personal religious experience in the Greek Archaic and Classical periods Rask analyzes archeological epigraphic and textual evidence to highlight the role of individuals as vital actors and makers of Greek religion A range of perspectives such as those of Archaic mariners and Late Classical weaving women show that religion infused the daily lives of ancient Greeks Chapters visit the many spaces where people engaged in religious activities from household kitchens to international emporia as well as shrines both large and small The book also interrogates devotional activities such as making votives and engaging in lifelong relationships with divinities arguing for the emotionally rich character of Greek lived religion Not only do these considerations demonstrate underexplored ways for reconstructing aspects of Greek religion but also allow us to rethink familiar subjects such as votive portraits and epiphany from new angles Personal Experience and Materiality in Greek Religion is of interest to students and scholars working on ancient Greek religion and archeology as well as anyone interested in daily life and lived experience in the ancient world **Kierkegaard's Upbuilding Discourses** George

Pattison,2003-08-29 George Pattison provides a bold and innovative reassessment of Kierkegaard's neglected Eighteen Upbuilding Discourses and reading of his work as a whole The first full length assessment of the discourses in English this volume will be essential reading for philosophers and theologians and anyone interested in Kierkegaard and the history of philosophy Eyes of Love Stephen Kern,1996 In Eyes of Love Stephen Kern offers a bold reinterpretation of women in art and literature *Heidegger and the Question of National Socialism* Bernhard Radloff,2007-01-01 The question of being was integral to the philosophy of Martin Heidegger 1889 1976 and was a large factor in the development of his political and aesthetic thought In *Heidegger and the Question of National Socialism* Bernhard Radloff investigates the philosophical foundations and cultural context of Heidegger's conception of being focusing on the idea of gestalt as the guiding thread that determined German conservative thought throughout the 1930s In doing so Heidegger's philosophy is related to the whole of German society at the time a society in which gestalt was the guiding light and the ultimate aspiration of artists technicians and politicians Throughout the book Heidegger's own understanding of gestalt is used as a window to his thoughts on being which is conceived of as incorporated finite and historically situated in beings Concentrating on the years between 1933 and 1942 Radloff seeks to capture the response of Heidegger's philosophy to National Socialism examining key works and relating them to the literature of the German conservative revolution *Heidegger and the Question of National Socialism* is therefore a thorough treatment of his political philosophy as it relates to the question of being Adopting both a historical and phenomenological approach to the subject this book is equally an examination of German conservative ideology a critique of technological determinism and a study of one of the most controversial philosophers of twentieth century *Loneragan and the Philosophy of Historical Existence* Thomas J. McPartland,2001 Bernard Lonergan's ambitious study of human knowledge based on his theory of consciousness is among the major achievements of twentieth century philosophy He challenges the principles of contemporary intellectual culture by finding norms and standards not in external perceptions or reified concepts but in the dynamism of consciousness itself **The Phenomenology of Man and of the Human Condition** Anna-Teresa Tymieniecka,2012-12-06 *Transfiguration* Frank Burch Brown,2018-06-15 Brown proposes a theory of poetic metaphor that attempts to account for literature's complex role in the discovery and creation of significant patterns within both language and life He shows that while poetic and conceptual modes of discover are different they are nevertheless mutually interdependent In particular Brown offers a new view of the way in which theological and metaphysical concepts grow out of and are transfigured by metaphoric expression This view is expressed in a detailed and original analysis of the structure and dynamics of T S Eliot's *Four Quartets* that lies at the heart of the study Originally published in 1983 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **The Bloomsbury**

Narrative, Perception, Language, and Faith E. Wright, 2005-11-16 There have been many voices in disciplines as various as philosophy history psychology hermeneutics literary theory and theology that have claimed that narrative is fundamental to all that is human Here is a book that in an engaging and amusing way presents a coherent thesis to that effect connecting the Joke and the Story with all that comedy and tragedy imply not only with our sensing and perceiving of the world but with our faith in each other and what the character of that faith should be

The Way of the Beloved Robert Arsdale, Diana Van Arsdale, 2016-11-18 The foundation of the Way of the Beloved is discovered in the heart of love itself where there lives and moves a will to exaltation of the other To truly love another is to will the spiritual ideal upon that beloved one When there is a mutual intention to exalt infusing the daily life of a man and woman they enter into the Way of the Beloved This handbook is an attempt to put into book form what authors Robert and Diana Van Arsdale have been teaching to small groups of couples since 1976 Their workshops offer an ageless set of protocols for the transformation of the love relationship between a woman and a man into a path of spiritual development Here they present an integrated body of progressive experiential exercises and meditations that were taught originally taught by Herman Rednick Simply stated The Way of the Beloved teaches a couple how to actualize the potential of their relationship through the intensification of love and compassion Designed for couples in search of spiritual and emotional exploration this guide offers methods intended to help them realize a vision of love fulfilled

Edmund Husserl Bibliography Steven Spileers, 2013-03-09 This bibliography contains the publications of Husserl and the main secondary literature on Husserl from Husserl s earliest publication 1887 till today 1997 As the collection of material was concluded in June 1997 the list of publications for the year 1997 is of course incomplete In this bibliography publications in the following languages have been

included German English French Italian Spanish Portuguese and Dutch for both primary and secondary literature Since this bibliography has been based primarily on the consultation of the included documents and not restricted to copying already existing bibliographies it was not possible to include publications in languages other than those mentioned The bibliography has been constructed in the following way 1 The list of Husserl s works and secondary literature by individual authors is preceded by a list of all edited volumes in which a text by or on Husserl is published This list is ordered chronologically and runs from 1921 till 1997 inclusive Edited volumes of the same year are classified according to language and this in the order mentioned above German English French etc Edited volumes with a title in more than one language are classified according to the above order of languages this of course concerns only the title of the edited volume not the titles of the individual contributions This order is maintained throughout the other parts of the bibliography
