Symes, 2016-07-31 The intriguing characters in these real family history mysteries include an agricultural labourer who left secrets behind in Somerset when he migrated to Manchester a working class woman who bafflingly lost ten of her fourteen children in infancy a miner who purportedly went to live with the Red Indians and a merchant prince of the Empire who was rumoured to have two wives This book shows how a variety of sources including birth marriage and death certificates censuses newspaper reports passports recipe books trade directories diaries and passenger lists were all used to uncover more and how much can be detected by setting the characters from your family tree in their proper historical backgrounds This book is an updated edition of Ruth Symes previous book titled Stories From Your Family Tree Researching Ancestors Within Living Memory 2008 **Anatomic** Adam Dickinson, 2018-04-24 The poems of Anatomic have emerged from biomonitoring and microbiome testing on the author's body to examine the way the outside writes the inside whether we like it or not Adam Dickinson drew blood collected urine swabbed bacteria and tested his feces to measure the precise chemical and microbial diversity of his body To his horror he discovered that our petroculture has infiltrated our very bodies with pesticides flame retardants and other substances He discovered shifting communities of microbes that reflect his dependence on the sugar salt and fat of the Western diet and he discovered how we rely on

nonhuman organisms to make us human to regulate our moods and personalities Structured like the hormones some of these synthetic chemicals mimic in our bodies this sequence of poems links the author s biographical details diet lifestyle geography with historical details spills poisonings military applications to show how permeable our bodies are to the environment As Dickinson becomes obsessed with limiting the rampant contamination of his own biochemistry he turns this chemical microbial autobiography into an anxious plea for us to consider what we re doing to our world and to our own bodies
