Music Radio Morten Michelsen, Mads Krogh, Steen Kaargaard Nielsen, Iben Have, 2018-12-27 Why is music so important to radio? This anthology explores the ways in which musical life and radio interact, overlap, and have influenced each other for nearly a century. One of music radio's major functions is to help build smaller or larger communities by continuously offering broadcast music as a means to create identity and senses of belonging. Music radio also helps identify and develop musical genres in collaboration with listeners and the music industry by mediating and by gatekeeping. Focusing on music from around the world, Music Radio discusses what music radio is and why or for what purposes it is produced. Each essay illuminates the intricate cultural processes associated with music and radio and suggests ways of working with such complexities.

Brun Campbell Larry Karp, 2016-04-06 At fifteen Sanford Brunson Campbell, 1884-1952, became enchanted with the new sounds of ragtime and ran away from his rural Kansas home, hopping a train to Sedalia, Missouri, determined to take piano lessons from a black musician he had never met: Scott Joplin, nicknamed his white protégé, The Ragtime Kid. A composer and entertainer at the dawn of the ragtime era, Brun was a prime mover in the ragtime revival of the 1940s and helped establish Joplin's prominence as one of America's most innovative composers. Campbell's own legacy was tarnished by his inability to tell a straight story, and he was often dismissed as a liar and a clown. Based on his memoirs, musical compositions, and correspondence with music industry notables, this first comprehensive biography of Campbell reveals an engaging storyteller and a devotee wholly dedicated to a musical genre that had been largely forgotten. His firsthand account of life as an itinerant pianist in the Midwest provides a unique picture of life a century ago.
