Kulals Shadow:

In the Shadow of Revolution Sheila Fitzpatrick, Yuri Slezkine, 2018-06-26 Asked shortly after the revolution about how she viewed the new government Tatiana Varsher replied With the wide open eyes of a historian Her countrywoman Zinaida Zhemchuzhnaia expressed a similar need to take note I want to write about the way those events were perceived and reflected in the humble and distant corner of Russia that was the Cossack town of Korenovskaia What these women witnessed and experienced and what they were moved to describe is part of the extraordinary portrait of life in revolutionary Russia presented in this book A collection of life stories of Russian women in the first half of the twentieth century In the Shadow of Revolution brings together the testimony of Soviet citizens and migr s intellectuals of aristocratic birth and Soviet milkmaids housewives and engineers Bolshevik activists and dedicated opponents of the Soviet regime In literary memoirs oral interviews personal dossiers public speeches and letters to the editor these women document their diverse experience of the upheavals that reshaped Russia in the first half of this century As is characteristic of twentieth century Russian women s autobiographies these life stories take their structure not so much from private events like childbirth or marriage as from great public events Accordingly the collection is structured around the events these women see as touchstones the Revolution of 1917 and the Civil War of 1918 20 the switch to the New Economic Policy in the 1920s and collectivization and the Stalinist society of the 1930s including the Great Terror Edited by two preeminent historians of Russia and the Soviet Union the volume includes introductions that investigate the social historical context of these women s lives as well as the structure of their autobiographical narratives **The Shadows of Total War** Roger Chickering, Stig Forster, 2003-01-16 The essays in this collection the fourth in a series on the problem of total war examine the inter war period ***Nile Shadows*** Edward Whittmore, 2013-07-23 DIVDIV The third book in Edward Whittmore s acclaimed Jerusalem Quartet is a riveting tale of espionage and intrigue in which the outcome of World War II and the destiny of the Middle East could hinge on the true identity of one shadowy man divDIV On a clear night in 1941 a hand grenade explodes in a Cairo bar taking the life of Stern a petty gunrunner and morphine addict nationality unknown his aliases so numerous that it s impossible to determine whether he was a Moslem Christian or Jew divDIV His death could easily go unnoticed as Rommel s tanks charge through the desert in an attempt to take the Suez Canal and open the Middle East to Hitler s forces Yet the mystery behind Stern s death is a top priority for intelligence experts Master spies from three countries converge on Joe O Sullivan Beare who is closer to Stern than anyone in an effort to unravel the disturbing puzzle The search for the truth about Stern leads O Sullivan Beare through the slums of Cairo to a decaying former brothel called the Hotel Babylon populated by unusual characters Slowly the mystery of Stern unravels as Whittmore explores the tragedy and yearning of one man fighting a battle for the human soul divDIV Nile Shadows is the third volume of the Jerusalem Quartet which begins with Sinai Tapestry and Jerusalem Poker and concludes with Jericho Mosaic divDIV div div **Shadows of Tyranny** Ken McGoogan, 2024-08-24 Bestselling historian and

author Ken McGoogan delves into dictatorships of the twentieth century to sound this crucial alarm about the possibility of democratic collapse in the United States and its implications for Canada Twentieth century novels such as George Orwell's 1984 and Margaret Atwood's The Handmaid's Tale produced visions of future dystopia that rang with echoes of past tyrannies Always implied was a warning that history's worst chapters are never truly closed and that we must not fail as many of our forebears did to recognize that the threat of totalitarianism cannot simply be wished away Awakening to Invasion an alarming and engrossing work of non fiction from acclaimed Canadian author Ken McGoogan draws on this sense of looping history to show how figures like Donald Trump replay many aspects of the authoritarianism that spread in the middle of the last century Calling not only on Orwell and Atwood but also on H G Wells Yevgeny Zamyatin Jack London and Hannah Arendt McGoogan traces the ways democracy succumbed to paranoia polarization scapegoating and demagoguery less than a hundred years ago These same forces he argues are now driving a far right movement in the United States that seems devoted to using Trump's warped charisma as a wrecking ball to clear the way for autocracy that closely resembles the dictatorships that stoked the Second World War With this prospect McGoogan's central questions become all the more pressing How should Canadians respond officially and individually to the possibility of democratic collapse in our powerful neighbour to the south Is talk of manifest destiny from right wing American firebrands like Tucker Carlson just chatter for the sake of notoriety Or is it a hint of the expansionist urges that always lie at the heart of authoritarianism and that may one day point the American military machine in our direction on the pretext of liberating us In the cautionary spirit of earlier visionary works Awakening to Invasion offers a galvanizing image of a dark possible future as well as an urgent call to act in the belief that we still have the time and ability to ward it off

Nomads in the Shadows of Empires Gufu

Oba,2013-07-11 In Nomads in the Shadows of Empires Gufu Oba presents accounts of why the legacies of banditry and ethnic conflicts have proved so difficult to resolve along the southern Ethiopian and northern Kenyan frontier Using interpretative and comparative methods to dialogue the relationships between different political actors on both sides of the frontier the work captures the dynamics of political events related to imperial contests over borders and trans frontier treaty A complex evolution of inter societal relations as well as the relations between partitioned nomads and the imperial states had resulted in persistent conflicts This work improves the understanding why frontier pastoralists continue to experience conflict over land even after the transfer of the tribal territories to the imperial and postcolonial states Please click here to watch an interview with the author in Oromo

Tear Off the Masks! Sheila Fitzpatrick, 2005-07-25 When revolutions happen they change the rules of everyday life both the codified rules concerning the social and legal classifications of citizens and the unwritten rules about how individuals present themselves to others This occurred in Russia after the Bolshevik Revolution of 1917 which laid the foundations of the Soviet state and again in 1991 when that state collapsed Tear Off the Masks is about the remaking of identities in these times of upheaval Sheila Fitzpatrick here brings together in a single volume years of distinguished work on how individuals literally constructed their autobiographies defended them under challenge attempted to edit the file selves created by bureaucratic identity documentation and denounced others for masking their true social identities Marxist class identity labels worker peasant intelligentsia bourgeois were of crucial importance to the Soviet state in the 1920s and 1930s but it turned out that the determination of a person s class was much more complicated than anyone expected This in turn left considerable scope for individual creativity and manipulation Outright imposters both criminal and political also make their appearance in this book The final chapter describes how after decades of struggle to construct good Soviet socialist personae Russians had to struggle to make themselves fit for the new post Soviet world in the 1990s by de Sovietizing themselves Engaging in style and replete with colorful detail and characters drawn from a wealth of sources Tear Off the Masks offers unique insight into the elusive forms of self presentation masking and unmasking that made up Soviet citizenship and continue to resonate in the post Soviet world
