Boeck, 2021-04-29 Biography of the medieval Mediterranean s most cross culturally significant sculptural monument the tallest in the pre modern world **Constantinople** Edwin A. Grosvenor, 1895 **A World History of Art** Hugh Honour, John Fleming, 2005 Over two decades this art historical tour de force has consistently proved the classic introduction to humanity s artistic heritage From our paleolithic past to our digitised present every continent and culture is covered in an articulate and well balanced discussion In this Seventh Edition the text has been revised to embrace developments in archaeology and art historical research while the renowned contemporary art historian Michael Archer has greatly expanded the discussion of the past twenty years providing a new perspective on the latest developments The insight elegance and fluency that the authors bring to their text are complemented by 1458 superb illustrations half of which are now in colour These images together with the numerous maps and architectural plans have been chosen to represent the most significant chronological regional and individual styles of artistic expression **The Sons of Constantine, AD 337-361** Nicholas Baker-Brian, Shaun Tougher, 2020-05-30 This edited collection focuses on the Roman empire during the period from AD 337 to 361 During this period the empire was ruled by three brothers Constantine II 337 340 Constans I 337 350 and Constantius II 337 361 These emperors tend to be cast into shadow by their famous father Constantine the first Christian Roman emperor 306 337 and

their famous cousin Julian the last pagan Roman emperor 361 363 The traditional concentration on the historically renowned figures of Constantine and Julian is understandable but comes at a significant price the neglect of the period between the death of Constantine and the reign of Julian and of the rulers who governed the empire in this period The reigns of the sons of Constantine especially that of the longest lived Constantius II mark a moment of great historical significance As the heirs of Constantine they became the guardians of his legacy and they oversaw the nature of the world in which Julian was to grow up The thirteen contributors to this volume assess their influence on imperial administrative cultural and religious facets of the empire in the fourth century

The Pantokrator Monastery in Constantinople Sofia Kotzabassi, 2013-10-14 The Monastery of Pantokrator founded by John II Komnenos and his wife Piroska Irene is not only one of the most important and most impressive monastic complexes of the Komnenian age it is also one of the few to occupy a key position in the life of Constantinople in the Palaiologan age given that its mortuary chapel Heroon was also the last resting place of many members of the latter dynasty The first attempt to chronicle its history based on the texts known at the time was undertaken by G Moravcsik 1932 Interest was rekindled by P Gautier's critical edition of its Typikon 1971 and more recently by restoration work on its buildings This volume brings together a comprehensive selection of all the texts concerning or connected with the Monastery of Pantokrator and through them it demonstrates the Monastery's importance and its role throughout the history of the Byzantine Empire a role that has received insufficient attention given that older studies have tended to focus on the 12th century The texts cover the situation in Constantinople before the Monastery was founded the historical and cultural context within which it was established its Typikon monastic formulary the descriptions of Slav and Western travellers the Byzantine texts homiletic historical hagiographic and poetic relating to the Monastery and its history from the 12th to the 15th century the Byzantine officials associated with it and the celebration of the principal festivals in its churches It also contains critical editions of and commentaries on the two versions of the Synaxarion of Irene Komnene a speech referring to the Empress's associate in the construction of the Monastery another on the translation of the icon of St Demetrios from the Church of St Demetrios in Thessalonica to the Monastery of Pantokrator an Office of the Translation of the Holy Stone the verse Synaxarion composed for the consecration of the Monastery and the known and unpublished poems by Byzantine poets 12th 15th c relating to it as well as an extensive bibliography

Roman Constantinople in Byzantine Perspective Paul Magdalino, 2024-06-03 This book studies the research perspective in which the literary inhabitants of Late Antique and medieval Constantinople remembered its past and conceptualised its existence as a Greek city that was the political capital of a Christian Roman state Initial reactions to Constantine's foundation noted its novel Christian orientation but the memorial mode of writing about the city that developed from the sixth century recollected the traditional civic cultural heritage that Constantinople claimed both as the New Rome and as the continuation of ancient Byzantium This research culture increasingly became the preserve of the imperial bureaucracy and focused on the city's sculptured monuments as bearers of

eschatological meaning Yet from the tenth century writers progressively preferred to define the wonder and spectacle of Constantinople in the aesthetic mode of urban praise inherited from late antiquity developing the notion of the city as a cosmic theatre of excellence **International Banking Directory** ,1922 **The Byzantine World** Paul

Stephenson,2010-12-20 The Byzantine World presents the latest insights of the leading scholars in the fields of Byzantine studies history art and architectural history literature and theology Those who know little of Byzantine history culture and civilization between AD 700 and 1453 will find overviews and distillations while those who know much already will be afforded countless new vistas Each chapter offers an innovative approach to a well known topic or a diversion from a well trodden path Readers will be introduced to Byzantine women and children men and eunuchs emperors patriarchs aristocrats and slaves They will explore churches and fortifications monasteries and palaces from Constantinople to Cyprus and Syria in the east and to Apulia and Venice in the west Secular and sacred art profane and spiritual literature will be revealed to the reader who will be encouraged to read see smell and touch The worlds of Byzantine ceremonial and sanctity liturgy and letters Orthodoxy and heresy will be explored by both leading and innovative international scholars Ultimately readers will find insights into the emergence of modern Byzantine studies and of popular Byzantine history that are informative novel and unexpected and that provide a thorough understanding of both **Constantine and the Christian Empire** Charles

Odahl,2010-07-02 Drawing on over a quarter of a century of the author s research and experience this book focuses on the man and his life for scholars students and those interested in Roman imperial early Christian and Byzantine imperial history It is illustrated with ninety two photographs and eight maps *Irenaeus of Sirmium and His Story in the Medieval East and West* Marijana Vuković,2023-12-01 The study of hagiographies has generally been focused on the more prominent saints of late antiquity and the Middle Ages who inspired significant and long lasting veneration However this has caused many less well known saints to be pushed aside and forgotten This book is a study into one such saint Irenaeus a martyr who was killed in 304 CE in Sirmium Pannonia His short lived cult his feast day and the account of his martyrdom which had been translated into Latin Greek Old Slavonic Georgian and Armenian had all been forgotten during the Middle Ages This book examines Irenaeus of Sirmium s life cult sainthood and eventual disappearance from the memory of medieval Christendom in the context of a wider study on the memory of those less well known saints who like Irenaeus became neglected and eventually forgotten Irenaeus of Sirmium and His Story in the Medieval East and West will be of interest to scholars and students alike interested in hagiography medieval literature and history as well as all those interested in the religious history of Byzantium medieval Europe and the Slavic world The Making of Byzantium, 600-1025 Mark Whittow,1996 An excellent book Its originality lies in its broad geographical perspective the extensive treatment of neighboring countries and the emphasis on archaeological evidence Cyril Mango Exeter College Oxford Official Descriptive and Illustrated Catalogue: Foreign states ,1851 **The Life and Legacy of Constantine** M. Shane Bjornlie,2016-07-15 The transformation from the classical period

to the medieval has long been associated with the rise of Christianity. This association has deeply influenced the way that modern audiences imagine the separation of the classical world from its medieval and early modern successors. The role played in this transformation by Constantine as the first Christian ruler of the Roman Empire has also profoundly shaped the manner in which we frame Late Antiquity and successive periods as distinctively Christian. The modern demarcation of the post-classical period is often inseparable from the reign of Constantine. The attention given to Constantine as a liminal figure in this historical transformation is understandable. Constantine's support of Christianity provided the religion with unprecedented public respectability and public expressions of that support opened previously unimagined channels of social, political, and economic influence to Christians and non-Christians alike. The exact nature of Constantine's involvement or intervention has been the subject of continuous and densely argued debate. Interpretations of the motives and sincerity of his conversion to Christianity have characterized with various results explanations of everything from the religious culture of the late Roman state to the dynamics of ecclesiastical politics. What receives less frequent attention is the fact that our modern appreciation of Constantine as a pivotal historical figure is itself a direct result of the manner in which Constantine's memory was constructed by the human imagination over the course of centuries. This volume offers a series of snapshots of moments in that process from the fourth to the sixteenth century. *Official descriptive and illustrated catalogue*, 1851. **Byzantine Art and Diplomacy in an Age of Decline** Cecily J. Hilsdale, 2014-02-20. Questions how political decline refigures the visual culture of empire by examining the imperial image and the gift in later Byzantium 1261-1453. Provides a more nuanced account of medieval artistic cultural exchange that considers the temporal dimensions of power and the changing fates of empires. **Official descriptive and illustrated catalogue of the Great exhibition of the works of industry of all nations, 1851** Robert Ellis, 1851.
