Resources in Education, 2000 [Implementing Project DARE--Drug Abuse Resistance Education](#), 1988 [Unity in the Faith](#) Bradford Mark Rosenquist Ph.D., 2018-07-31 Churches all over the world work to spread the gospel of Christ but this work is done in many different ways by many different denominations Jesus and Paul were quite clear that the church of God was to be in total unity especially with regard to the teachings of the gospel So how do we bring the many denominations into a unity that

will enhance a genuine team effort to present the true gospel to the world In *Unity in the Faith* author Bradford Mark Rosenquist shows why church unity across all denominations is an absolutely necessary work that must be accomplished for gospel success First outlining what church unity is and what has been a historical obstacle to this unity Rosenquist goes on to show how integral unity is to the gospel message of Christ In the end *Unity in the Faith* provides both an analysis of unity as well as a roadmap that Christians and church leaders can use to promote true unity in their congregations It takes a cooperative effort to reach the world with the truth about Jesus and the kingdom of God The universal body of Christ must therefore overcome the current disunity so that as one we can live up to Christs admonition to go into all the world and preach the gospel

How to Lead a Church to Reach People and Grow Robert A. Young, 2009-05 This book presents a unique approach to church growth It is written mainly to help churches that are declining but will help all churches The underlying premise is that churches do not grow and reach new people because they do not know how or because they are so poorly structured and organized that they spend most of their time and efforts in conflict This disrupts the fellowship and leaves very little time and energy for reaching new people The subtitle could be *Fifteen Essential Steps To Growth Basic growth and administrative principles* The combining of these areas makes this a unique book Young has brought together these basic elements from over 40 years of experience The book is a practical guide for a local church to follow to function efficiently and effectively and reach people for Christ When the steps are followed and in the proper order the church can pretty well be assured of growth and effective ministry Dr Robert A Young is currently President of Samuelite Corp Church Outreach and Consulting He served as Associate Pastor Administration of Walnut Street Baptist Church Louisville KY and Park Cities Baptist Church Dallas TX and President of the National Association of Church Business Administration He has conducted Total Church Consultations and Capital Fund Campaigns for churches of all sizes and denominations He is now available to serve churches as a consultant in these areas He is also the author of *The Development of A Church Manual of Administrative Policies*

Church Laws and Ecumenism Norman Doe, 2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity This book seeks to correct this ecumenical church law deficit It takes account of the recent formulation by an ecumenical panel of a *Statement of Principles of Christian Law* which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the *Statement*

Clements,2025-04-28 I chose to publish my dissertation for two reasons First though quite narrow in scope as good qualitative research should be this research makes a modest contribution to the growing scholarship on Christianity in Cambodia Second this research makes an empirical contribution to the field of nonformal Christian Education from an Asian context in which Christians are a tiny minority As my literature review indicates the field of nonformal CE is dominated by a North American point of view which ironically is facing a general breakdown of historical CE institutions like Sunday school While much of the literature is useful in the Majority World it does not take into account the education levels educational contexts and social dynamics of places like Cambodia For example the findings from my cases indicate that nonformal CE in Cambodia has more in common with the Sunday school movement in the 19th century than with the functions organizational structures and teaching approaches discussed in current literature As I have presented these ideas in class feedback from students has consistently confirmed that my findings resonate with contexts across Asia Pacific Forthcoming Books Rose Army,2003 Evangelism Where You Live Gene Wilkes,Stephen Pate,2013-05-09 **Youth Ministry After the Pandemic** Kevin Muriithi Ndereba,2025-07-25 Youth faith formation usually takes the form of a narrow privatized or spiritualized perspective Since young people are a critical demographic in the Global South and Africa more specifically their faith formation must shape them to engage public life so as to enhance human flourishing While much of the literature on youth and theology is Western in orientation this book makes use of scholarly sources in African and Global Christianity so as to shape youth work in the Global South It shows that young people can help guide the African church to fulfill both the Great Commission and the Great Commandment and so achieve its spiritual and prophetic mandate It engages with youth culture emerging non religious identities digital church or ecclesiology ecotheology and climate change and economic justice *Good Sense Counselor Training Workshop Participant's Guide and Manual* Dick Towner,John Tofilon,2002-05-14 Grace Joy Freedom This is a field tested proven resource for changing hearts and lives in the area of finances *Symposium on Education (JCR Vol. 4 No. 1)* R.
