## **La Comtebe De Sabran Et Le Chevalier De Boufflers:**

The Last Libertines Benedetta Craveri, 2020-10-20 This rich highly enjoyable portrait of an extraordinary moment in French history introduces us to 7 dazzling aristocrats who rose and fell during the French Revolution Guardian Benedetta Craveri reveals the history of the Libertine generation whose youth coincided with the French monarchy's final moment of grace a moment when a style of life based on privilege and the spirit of caste might acknowledge the widespread demand for change and reconcile itself with Enlightenment ideals of justice tolerance and citizenship Here we meet 7 characters who Craveri singles out not only for their romantic character but also for the keenness with which they experienced this crisis of the ancien régime of which they themselves were the emblem Duc de Lauzun Vicomte de Ségur Duc de Brissac Comte de Narbonne Chevalier de Boufflers Comte de Ségur Comte de Vaudreuil These men were at once irreducible individualists and true sons of the Enlightenment all of them ambitious to play their part in bringing around the great changes that were in the air But when the French Revolution came they found themselves condemned to poverty exile and in some cases execution Telling the parallel lives of these dazzling but little remembered historical figures Craveri brings the past to life powerfully dramatizing a turbulent time that was at once the last act of a now vanished world and the first act of our own

Pasco, 2016-12-05 In this innovative study the author carves out a new field a

sociology of literature in which he offers insightful commentary about the nexus of literature and society Calling on history sociology and psychology as well as literature as points of reference Allan Pasco examines the conceptual shift in the ideal of love in eighteenth century France Pasco explores the radical though gradual changes that occurred during the Enlightenment with respect to how the emotion of love was viewed Earlier love had been subordinate to the demands of family king and deity passion was dangerous and to be avoided But over time individual happiness became the greatest good and passion the measure of love Authors as diverse as Marivaux Marmontel Rousseau Bachelard d Arnaud Pigault Lebrun and Madame de Sta l make it clear that the ideal of rapturous love did not live up to its billing it did not last and it brought destructive fantasies an epidemic of disease the scourge of divorce and considerable anguish Still as Pasco points out passion became and remained the ideal and the Romantics were left to plumb its nature **The English Historical Review** ,1894
