**An Introduction to Vatican II as an Ongoing Theological Event** Matthew Levering, 2017 Contemporary scholars often refer to the event of Vatican II but what kind of an event was it In this first book of the new CUA Press series *Sacra Doctrina* Matthew Levering leads his readers to see the Council as a theological event a period of confirming and continuing God s self revelation in Christ into a new historical era for the Church This is an introduction to Vatican II with a detailed summary of each of its four central documents the dogmatic constitutions followed by explanations of how to interpret them In contrast to other introductions which pay little attention to the theological soil in which the documents of Vatican II germinated Levering offers a reading of each conciliar Constitution in light of a key theological author from the era Ren Latourelle SJ for *Dei Verbum* persons and propositions Louis Bouyer CO for *Sacrosanctum Concilium* active participation Yves Congar OP for *Lumen Gentium* true and false reform and Henri de Lubac SJ for *Gaudium et Spes* nature and grace This theological event is ongoing Levering demonstrates by tracing in each chapter the theological debates that have stretched from the close of the council till the present and the difficulties the Church continues to encounter in encouraging an ever deeper participation in Jesus Christ on the part of all believers In this light the book s final chapter compares the historicist Massimo Faggioli and Christological Robert Imbelli interpretations of Vatican II arguing that historicism can undermine the Council s fundamental desire for a reform and renewal rooted in Christ The conclusion addresses the concerns about secularization and loss of faith raised after the Council by Henri de Lubac Joseph Ratzinger and Yves Congar arguing that contemporary Vatican II scholarship needs to take these concerns more seriously

**Liturgico-Political Theology: an Introduction (Liturgy and Life as Foundation)** Rev. Fr. Dr. Raphael Olawale Igbaoyinbo MSP, 2021-04-06 This book introduces Liturgico Political Theology whose bedrock is the reality of the Paschal Mystery of Christ and the fruit it has borne for humanity salvation It presents this embrace of theology liturgy and politics as part of the effects of the Christ Jesus won for humanity in His victorious death on Good Friday It reiterates the inseparable connection between liturgy and life in a way that liturgical celebrations do not leave those who take part passive and inactive persons Hence proceeding through an hermeneutic study of liturgical orations of various Masses as presented in the Roman Missal the underlining messages and tasks given to political leaders in particular and public servants in general are articulated They come to realize that the ultimate goal of politicking is to emulate the selflessness of Jesus in serving humanity

Sacred Music and Liturgical Reform Rev. Anthony Ruff, O.S.B., 2022-01-07 Anthony Ruff O S B has written a brilliant comprehensive well researched book about the treasures of the Church s musical tradition and about the

transformations brought about by liturgical reform The liturgy constitution Sacrosanctum Concilium stated many revolutionary principles of liturgical reform Regarding liturgical music the Council's decrees mandated on the one hand the preservation of the inherited treasury of sacred music and on the other hand advocated adaptation and expansion of this treasury to meet the changed requirements of the reformed liturgy In clear precise language he retrieves the Council's neglected teachings on the preservation of the inherited music treasury He clearly shows that this task is not at odds with good pastoral practice but is rather an integral part of it The book proposes an alternate hermeneutic for understanding the Second Vatican Council's teachings on worship music

### **Historical Foundations of Worship (Worship Foundations)**

Melanie C. Ross, Mark A. Lamport, 2022-04-12 This volume brings together an ecumenical team of scholars to offer a historical overview of how worship developed The book first orients readers to the common core elements the global church shares in the history and development of worship theology and historical practice It then introduces the major streams of worship practice Catholic Orthodox and Protestant including Reformation traditions evangelicalism and Pentecostalism The book includes introductions by John Witvliet and Nicholas Wolterstorff A previous volume addressed the theological foundations of worship

*Hymns and Hymnody: Historical and Theological Introductions, Volume 3* Mark A.

Lamport, Benjamin Forrest, Vernon M. Whaley, 2020-01-01 Hymns and the music the church sings in worship are tangible means of expressing worship And while worship is one of if not the central functions of the church along with mission service education justice and compassion and occupies a prime focus of our churches a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship Hymns and Hymnody Historical and Theological Introductions is a sixty chapter three volume introductory textbook describing the most influential hymnists liturgists and musical movements of the church This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers who have impacted the church over the course of twenty centuries Volume 1 explores the early church and concludes with the Renaissance era hymnists Volume 2 begins with the Reformation and extends to the eighteenth century hymnists and liturgists Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty first century Each chapter contains these five elements historical background theological perspectives communicated in their hymns compositions contribution to liturgy and worship notable hymns and bibliography The mission of Hymns and Hymnody is 1 to provide biographical data on influential hymn writers for students and interested laypeople and 2 to provide a theological analysis of what these composers have communicated in the theology of their hymns We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology This latter aspect we contend is missing yet important in accessible formats for the current literature

*Liturgical Foundations of Social Policy in the Catholic and Jewish Traditions* Daniel F. Polish, Eugene J.

Fisher, 1983

### **Theological Foundations of Worship (Worship Foundations)**

Khalia J. Williams, Mark A.

Lamport,2021-07-20 This volume brings together an ecumenical team of scholars to present key theological concepts related to worship to help readers articulate their own theology of worship Contributors explore the history of theology s impact on worship practices across the Christian tradition highlighting themes such as creation pneumatology sanctification and mission The book includes introductions by N T Wright and Nicholas Wolterstorff A forthcoming volume will address the historical foundations of worship     Liturgical Reform after Vatican II Nicholas E. Denysenko,2015-12-01 Sacrosanctum Concilium SC was the first document promulgated by the Second Vatican Council The impact of this document was broad and ecumenical the liturgical reforms approved by the Council reverberated throughout Christendom impacting the order and experience of worship in Reformed and Orthodox Churches Unrecognized in most studies the Orthodox Churches were also active participants in the liturgical movement that gained momentum through the Catholic and Protestant Churches in the twentieth century This study examines Orthodox liturgical reform after Vatican II through the lens of Catholic Orthodox ecumenical dialogue After establishing the retrieval of the priesthood of the laity and active liturgical participation as the rationales for liturgical reform the study presents the history of liturgical reform through four models the liturgical reforms of Alexander Schmemmann the alternative liturgical center in the Russian Orthodox Church Outside of Russia ROCOR the symposia on liturgical rebirth authorized by the Church of Greece and the renewed liturgy of New Skete Monastery Following a discussion of the main features of liturgical reform catechesis ars celebrandi and the role of the clergy Denysenko concludes with suggestions for implementing liturgical reform in the challenges of postmodernity and in fidelity to the contributions of Catholic Orthodox ecumenical dialogue     **Ascend** Eric Stoltz,Vince Tomkovicz,2009 This book is a contemporary scripture rich and visual exploration of the Catholic faith for young adults There are chapter profiles on Christian role models from both ancient and modern times and discussions of contemporary events from a Christian perspective Adapted from back cover     The Active Participation of the Faithful in the Eucharist on the Basis of Common Priesthood Stella Adamma Nneji,2018-06-15 One of the significant points of the Second Vatican Council is its emphasis on the status of the lay faithful in the church which includes active participation in the life of faith The council spoke of the active participation of all the faithful in liturgical celebrations on the basis of the common priesthood of the faithful which is conferred during baptism and through which every believer shares in the priestly kingly and prophetic offices of Christ In this book Stella Nneji develops an ecclesiological critical reflection on the teaching of the Second Vatican Council with regard to active participation Focusing especially on the church as people of God Nneji shows how the idea of participation is not merely a passive action but an active one Based on the ecclesiological reflection on the church as people of God and its relevance for active participation she maintains that Vatican IIs vision on active participation is relevant to the upbuilding of the body of Christ church This vision integrates a critical thinking especially regarding those places where the implementation of Vatican IIs teachings seems difficult     **Heribert Mühlen** Wolfgang Vondey,2004 This insightful study

offers the first comprehensive overview of the theology and praxis of Roman Catholic theologian Heribert Mhlen This theologically accurate and historically sensitive book shows that Mhlen has gone beyond his popular early academic exercise by documenting and proposing a liturgical praxis that aims at providing a concrete framework for the acceptance and renewal of the human covenantal relationship with God In every respect Mhlen s theology and praxis marks the beginning of a new profile of the Church A letter and epilogue by Heribert Mhlen are included Basics of the Catholic Faith Bill Coleman, William V. Irwin, 2018-07-12 One of the most influential works in the debate over the concept and definitions of liturgical theology Context and Text by Monsignor Kevin W Irwin is now available in a completely rewritten new edition In light of the historical theological and pastoral mandates of the Constitution on the Sacred Liturgy Context and Text is both a proposal for and an example of an investigation of the Church s liturgical praxis from a liturgical theological perspective This second edition which includes an expanded introduction covers new liturgical and ecclesial contexts resulting from newly promulgated liturgies further research in method for liturgical studies consideration for changes in the cultural contexts in which people celebrate the liturgy Besides brand new chapters on time and sacramentality and additions to the chapter on the arts this edition also considers the ongoing texts and contexts of the liturgy as always a new event in the life and ongoing discussion of liturgical theology within Christianity **Asian Theology of Liberation** Aloysius Pieris, S.J., 1988-01-09 Pieris confronts two of the most urgent and complex questions facing Christians today so many poor people and so many religions He believes that the approaches of the Christian Churches to these questions will determine whether Christianity will continue to have

any relevance for Asia or not      Preparing Parish Liturgies Rita Thiron, 2004 *Preparing Parish Liturgies* provides historical background synopses and careful outlines of the Church's major liturgical books and documents. Then, with easy-to-understand language, helpful charts, and sound liturgical principles, the author arms both the veteran and the novice with practical tools for preparing parish liturgies that are both faithful to the Church's rich tradition and sensitive to the pastoral needs of their assemblies.

Sanctifying Texts, Transforming Rituals, 2017-07-10 *Sanctifying Texts Transforming Rituals* Encounters in Liturgical Studies explores the dynamics of Christian ritual practices in their relation to a broader cultural framework. The nineteen essays, written in honour of the liturgist Gerard A. M. Rouwhorst, Tilburg University, study liturgical developments in times of transition in which religious and cultural changes set the development of worship practices in motion. The chapters in the first part, Texts, concentrate on the close connection between narrative texts and liturgical practice. In part two, Rituals, the focus shifts to the significance of liturgy as it expresses itself in rituals and to the understanding of ritual acting. This section includes a variety of ritual aspects of liturgy, including the performance of the sacraments and the persons involved, as well as the relation between the liturgical ritual and material objects such as images and relics. Section three, Encounters, crosses the borders of the discipline of liturgical studies. This final section of the book studies ritual relations between Christians and non-Christians through history and includes contributions that study the dialogues between different liturgical languages and media. Contributors are Elizabeth Boddens-Hosang, Paul Bradshaw, Harald Buchinger, Charles Caspers, Paul van Geest, Bert Groen, Martin Klckener, Bart Koet, Clemens Leonhard, Ruben van Luijk, Gerard Lukken, Daniela Mller, Willemien Otten, Marcel Poorthuis, Paul Post, Ilia Rodov, Els Rose, Joshua Schwartz, Louis van Tongeren, and Nienke Vos.

The Development of Moral Theology Charles E. Curran, 2013-11-08 Charles Curran, in his newest book *The Development of Moral Theology: Five Strands*, brings a unique historical and critical analysis to the five strands that differentiate Catholic moral theology from other approaches to Christian ethics: sin and the manuals of moral theology, the teaching of Thomas Aquinas and later Thomists, natural law, the role of authoritative church teaching in moral areas, and Vatican II. Significant changes have occurred over the course of these historical developments. In addition, pluralism and diversity exist even today, as illustrated, for example, in the theory of natural law proposed by Cardinal Ratzinger. In light of these realities, Curran proposes his understanding of how the strands should influence moral theology today. A concluding chapter highlights the need for a truly theological approach and calls for a significant change in the way that the papal teaching office functions today and its understanding of natural law. In a work useful to anyone who studies Catholic moral theology, *The Development of Moral Theology* underscores, in the light of the historical development of these strands, the importance of a truly theological and critical approach to moral theology that has significant ramifications for the life of the Catholic Church.
