Nationalgalerie (Germany)**

Fragment Of A Great Confession:

Typography Philippe Lacoue-Labarthe, Christopher Fynsk, 1998 Philosopher literary critic translator of Nietzsche and Benjamin Philippe Lacoue Labarthe is one of the leading intellectual figures in France This volume of six essays deals with the relation between philosophy and aesthetics particularly the role of mimesis in a metaphysics of representation Comment 1997 Typography is a book whose importance has not diminished since its first publication in French in 1979 On the contrary I would say it is only now that one can truly begin to appreciate the groundbreaking status of these essays The points it makes the way it approaches the questions of mimesis fictionality and figurality is unique There are no comparable books or books that could supersede it Rudolphe Gasch State University of New York Buffalo Lacoue Labarthe s essays still set the standards for thinking through the problem of subjectivity without simply retreating behind insights already gained But this book is much more than a collection of essays it constitutes a philosophical project in its own right Anybody interested in the problem of mimesis whether from a psychoanalytic platonic or any other philosophical angle cannot avoid an encounter with this book Lacoue Labarthe is a philosopher and a comparatist in the highest sense of the word and the breadth of his knowledge and the rigor of his thought are exemplary Eva Geulen New York University Review In demonstrating how mimesis has determined philosophical thought Lacoue Labarthe provokes us into reconsidering our understanding of history and politics Together with the introduction these essays are essential reading for anyone interested in Heidegger postmodernism and the history of mimesis in philosophy and literature The Review of Metaphysics *Fragment of a Great Confession* Theodor Reik, 1973 **Goethe** Richard Friedenthal, 2017-07-28 The study of Goethe s life is a task that each generation must undertake anew Thus writes Richard Friedenthal author of this rich biography Spanning eight momentous decades of war revolution and social upheaval Goethe s life reveals itself as one of conflict and dynamic development of inner contradiction and unceasing creativity As novelist dramatist and poet Goethe produced epochal works of fiery romanticism only later to dedicate himself to a classical ideal of purity and measure His superb love lyrics immortalize a succession of ardent relationships yet in him too was a strain of frigid egotism mingled with an Olympian detachment The new introduction serves to place in perspective this outstanding work on the German master He was capable of tirelessly exploring the external world as physiologist geologist and botanist He was equally capable of plunging to the depths of profound subjective analysis A minister of state a model of distinguished probity Goethe nonetheless lived a life of passionate seeking eternally questioning official values Nothing perhaps better sums up this vast complexity than his lifelong work Faust the supreme dramatization of man s quest on earth *A History of English Autobiography* Adam Smyth, 2016-04-04 A History of English Autobiography explores the genealogy of autobiographical writing in England from the medieval period to the digital era Beginning with an extensive introduction that charts important theoretical contributions to the field this History includes wide ranging essays that illuminate the legacy of English autobiography Organized thematically these essays survey the

multilayered writings of such diverse authors as Chaucer Bunyan Carlyle Newman Wilde and Woolf Written by a host of leading scholars this History is the definitive single volume collection on English autobiography and will serve as an invaluable reference for specialists and students alike *The Naked Heart* Peter Gay,1996 In investigating the inner life of the whole Victorian bourgeoisie that vast class in Emile Zola s words reaching from the common people to the aristocracy Gay turns also to the letters and confessional diaries of both obscure and prominent men and women Jacket Reading Freud Peter Gay,Sterling Professor of History Peter Gay,1990-01-01 Essays discuss Freud s interest in Shakespeare his choices for the names of his six children his love of science and his ambivalent feelings toward his father **Goethe's Allegories of Identity** Jane K. Brown,2014-01-16 A century before psychoanalytic discourse codified a scientific language to describe the landscape of the mind Johann Wolfgang von Goethe explored the paradoxes of an interior self separate from a conscious self Though long acknowledged by the developers of depth psychology and by its historians Goethe s literary rendering of interiority has not been the subject of detailed analysis in itself Goethe s Allegories of Identity examines how Goethe created the essential bridge between the psychological insights of his contemporary Jean Jacques Rousseau and the psychoanalytic theories of his admirer Sigmund Freud Equally fascinated and repelled by Rousseau s vision of an unconscious self Goethe struggled with the moral question of subjectivity what is the relation of conscience to consciousness To explore this inner conflict through language Goethe developed a unique mode of allegorical representation that modernized the long tradition of dramatic personification in European drama Jane K Brown s deft focused readings of Goethe s major dramas and novels from *The Sorrows of Young Werther* to *Elective Affinities* reveal each text s engagement with the concept of a subconscious or unconscious psyche whose workings are largely inaccessible to the rational mind As Brown demonstrates Goethe s representational strategies fashioned a language of subjectivity that deeply influenced the conceptions of important twentieth century thinkers such as Freud Michel Foucault and Hannah Arendt *Faust* Johann Wolfgang von Goethe,1919 Goethe's Faust Johann Wolfgang von Goethe,1909 *Essays from the "No Happy End" Workshop, Bard College, February 13-15, 2000* David Kettler,2002 The Classical Centre T. J. Reed,2020-01-31 Originally published in 1980 this book examines the nature and significance of Classicism as a literary phenomenon and relates the beginnings of the German variety to the search for a national identity in the circumstances of a politically fragmented eighteenth century Germany It surveys the pre classical scene traces the intellectual currents and the literary forms and material which Classicism was to synthesise and presents its theoretical basis The major works of Goethe and Schiller in the decade of their partnership are analysed Their response to political events is placed in the contemporary context and the divergences which challenge Classicism are discussed *In the Cross of Reality* Eugen Rosenstock-Huessy,2017-09-08 This book makes the first volume of Eugen Rosenstock Huessy s Soziologie available in English for the first time since its 1956 publication in German Rosenstock Huessy argues that social philosophy has favored abstract and spatially contrived

categories of social organization over temporal processes This preference for space thinking has diverted us from recognizing the power of speech and its relationship to living on the front lines of life Taking speech and the social responsibilities and reciprocities that accompany naming as the key to social reality In the Cross of Reality provides a sociological exploration of play spaces as the basis for reflexivity It also explores the spaces of activity and their correlation in war and peace to the spheres of serious life If we are to survive and flourish different qualities and reciprocal relationships must be cultivated so that we can deal with different fronts of life Arguing that modern intellectuals and their obsession with space have created a dangerously false choice between mechanical and aesthetic salvation Rosenstock Huessey clears a path so that we better appreciate our relationship between past and future in founding and in partitioning time Goethe's Faust, tr. by A. Swanwick Johann Wolfgang von Goethe,1879 **Faust: Part Two** J. W. von Goethe,2008-05-08 Loosely connected with Part One and the German legend of Faust Part Two is a dramatic epic rather than a strictly constructed drama It is conceived as an act of homage to classical Greek culture and inspired above all by the world of story telling and myth at the heart of the Greek tradition as well as owing some of its material to the Arabian Nights tales The restless and ruthless hero advised by his cynical demon companion Mephistopheles visits classical Greece in search of the beautiful Helen of Troy Returning to modern times he seeks to crown his career by gaining control of the elements and at his death is carried up into the unknown regions still in pursuit of the Eternal Feminine David Luke's translation of Part One won the European Poetry Translation Prize Here he again imitates the varied verse forms of the original and provides a highly readable and acceptable translation supported by an introduction full notes and an index of classical mythology ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more Psychoanalytic Memoirs Jeffrey Berman,2022-11-17 The first book length study of the psychoanalytic memoir this book examines key examples of the genre including Sigmund Freud's mistitled An Autobiographical Study Helene Deutsch's Confrontations with Myself An Epilogue Wilfred Bion's War Memoirs 1917-1919 Masud Khan's The Long Wait Sophie Freud's Living in the Shadow of the Freud Family and Irvin D Yalom and Marilyn Yalom's A Matter of Death and Life Offering in each chapter a brief character sketch of the memoirist the book shows how personal writing fits into their other work often demonstrating the continuities and discontinuities in an author's life as well as discussing each author's contributions to psychoanalysis whether positive or negative University of Toronto Quarterly University of Toronto,1956 The Freud Encyclopedia Edward Erwin,2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informal company *Adolph Menzel, 1815-1905* Adolph Menzel,National Gallery of Art (U.S.),Musée d'Orsay,Alte Nationalgalerie (Germany),1996-01-01 Famous across Europe and America recipient of the highest possible

honours in Germany including the order of the Black Eagle and elevation to nobility admired by Degas as the greatest living master Adolph Menzel was perhaps the greatest German painter of the late nineteenth century In this splendidly illustrated book the only comprehensive volume on Menzel in English photographs of the artist and contemporary Berlin accompany reproductions of hundreds of his paintings and drawings Menzel specialists and art historians contribute chapters on his life and art his visits to France his critical reception relevant social and historical background and different approaches to his work Until recently Menzel's many paintings and drawings were separated from one another in collections on either side of the Berlin Wall Now in the wake of reunification the Berlin Museums have put together the most extensive Menzel exhibit since the retrospective that followed his death in 1905 This book is the catalogue for the exhibit that had its debut at the Musee D Orsay in Paris April 15 to July 28 travels to the National Gallery of Art in Washington D C September 15 1996 to January 5 1997 and returns to Nationalgalerie in Berlin February 7 to May 11 1997 *A Modern Poetics of Biography*

Zhengrun Yang, 2025-09-02 This book provides a comprehensive study of biography to summarize the standard forms as well as a range of peripheral and expanded forms of auto biography Discussion and analyses to be done at three levels namely ontology typology and writing It is drawn from local and international theories in biography in addition to related disciplines in particular for those of the twentieth century and summarizing the experiences of the writing of classics in both Chinese and Western biographical history the study establishes a theoretical system of biography This book can serve as a useful reference for postgraduate students and professional readers who are interested in biographical research **The Naked Heart: The Bourgeois Experience Victoria to Freud** Peter Gay, 1996-10-17 In *The Naked Heart* Peter Gay explores the bourgeoisie's turn inward At the very time that industrialists inventors statesmen and natural scientists were conquering new objective worlds Gay writes the secret life of the self had grown into a favorite and wholly serious indoor sport Following the middle class's preoccupation with inwardness through its varied cultural expressions such as fiction art history and autobiography Gay turns also to the letters and confessional diaries of both obscure and prominent men and women These revealing documents help to round out a sparkling portrait of an age
