Vincent J. Donovan,2014-07-24 This profound and thought provoking book is one of the classics of modern missionary writing Superficially just a good missionary story it actually says much more about issues such as the meaning of the eucharist and the method and content of evangelism      **The Epistles to the Colossians, to Philemon, and to the Ephesians** F. F.

Bruce,Frederick Fyvie Bruce,1984-10-23 F F Bruce s study of the Epistles to the Colossians to Philemon and to the Ephesians constitute a single volume in The New International Commentary on the New Testament Prepared by some of the world s leading scholars the series provides an exposition of the New Testament books that is thorough and scholarly while faithful to the infallible Word of God      **Herald of Gospel Liberty** Elias Smith,1915      **Importing Faith** Glyn J. Ackerley,2016-07-28

Many twenty first century evangelical charismatics in Britain are looking for a faith that works They want to experience the miraculous in terms of healings and Godsent financial provision Many have left the mainstream churches to join independentcharismatic churches led by those who are perceived to have special insights and to teach principles that will help believers experience the miraculous But all is not rosy in this promised paradise and when people are not healed or they remain poor they are often told that it is because they did not have enough faith This study discovers the origin of the principles that are taught by some charismatic leaders Glyn Ackerley identifies them as the same ideas that are taught by the positive confession health wealth and prosperity movement originating in the United States The origins of the ideas are traced back to New Thought metaphysics and its background philosophies of subjective idealism and pragmatism These principles were imported into the UK through contact between British leaders and those influenced by American word of faith teachers Glyn Ackerley explains the persuasiveness of such teachers by examining case studies suggesting their miracles may well have socialand psychological explanations rather than divine origins      **The Road Back Home** Joseph

Cavon,Karyn Cavon,2023-08-29 Do you desire to know and experience God s exhilarating journey for creation The Bible reveals God s magnificent plans for his dominion and most valued treasure mankind However because of its many complexities most miss the big picture of Scripture focusing on obscure doctrinal details and consequently are confused about their own role and God s purposes This book was written as a tool to assist in overcoming these difficulties by presenting the structure of the Bible through analyzing three fundamental plans of God his original plan for mankind which was corrupted by sin his salvation plan that triumphed over sin and his restoration plan that is steadily returning creation to its genesis By first accurately examining and gaining a solid grasp of the flow of Scripture through these plans prior to delving into its many doctrinal details one can far more effectively comprehend its essential message and the intentions of God s heart toward his people This book s intended audience is not merely new believers in Christ but also those who have

been Christians for many years without yet obtaining a firm proficiency of God's comprehensive message necessary for healthy growth and fruitfulness Come then and experience the epic revelation of God's heart      **Drum Songs** Kerry Margaret Abel, 2005 The Dene nation consists of twelve thousand people speaking five distinct languages spread over 1.8 million square kilometres in the Canadian subarctic In the 1970s and 1980s the campaign against the Mackenzie Valley pipeline support for the leadership of Georges Erasmus in the Assembly of First Nations and land claim negotiations put the Dene on the leading edge of Canada's native rights movement Drum Songs reconstructs important moments in Dene history offering a sympathetic treatment of their past the impact of the fur trade their interaction with Christian missionaries and evolving relations with the Canadian federal government Using a wide range of sources including archival documents oral testimony archaeological findings linguistic studies and folk traditions Kerry Abel shows that previous ethnocentric interpretations of Canadian history have been excessively narrow She demonstrates that the Dene were able to maintain a sense of cultural distinctiveness in the face of overwhelming economic political and cultural pressures from European newcomers Abel's classic text questions the standard perception that aboriginal peoples in Canada have been passive victims in the colonization process A new introduction discusses Dene experience since the first edition of the book and suggests how the approach of scholars in this field is changing      **C. E. James Riley Estep, 2003      Conferences, Messages, and Fellowship (4)** Watchman Nee, 1993-05-01 Watchman Nee's writings have become well known for their deep spiritual insight among Christians in many nations for many years Through these volumes a full understanding of his balanced and proper view concerning the Bible and the spiritual life can be accurately appreciated This new compilation and retranslation of Watchman Nee's writings present the reader a fresh and unedited version of his ministry and promises to shed new light on the reader's understanding of Watchman Nee's ministry      **Man. Temple of the Living God** Roberto Pla, Our one and only real purpose in writing this work has been to awaken love for the whole Christ and when we speak of the whole Christ we are referring both to the Christ who died for mankind in Jerusalem more than two thousand years ago love for whom has been encouraged by manifest exegesis since the beginning of the Christian era and at the same time to the Christ preexisting and eternal Although both are one and the same being if we speak of the whole Christ we cannot disregard the inseparable Christ who from the beginning has lain forgotten unknown crucified within every man and who is only waiting to reveal his immortal divine presence invoked by love and faith Then the true beatitude of his resurrection will arise in every man Pag 38 The purpose of this work is to awaken in some men awareness that the canonical New Testament texts express a dual hermeneutic and exegesis makes it possible once one has assimilated a first reading which we shall call manifest to undertake a second reading one that will be more difficult to apprehend in order to find through it a new meaning which the Christian hagiographers called hidden or secret Pag 28      The Congregationalist ,1919      The Congregationalist and Advance ,1919      **The Sermon Bible: Isaiah to Malachi** ,1900      **Christ Can Make You Fully Human** Kenneth C.

Kinghorn,2003 Kinghorn rejects both the over optimistic view of human potential that runs rampant in secular humanism and the over pessimistic view held by some Christians With biblical insight he clearly shows how to discover in Jesus an image of humanity that promises to fulfill the longings and hungers native to every human spirit Christian Religion      **The American Ecclesiastical Review** Herman Joseph Heuser,1969      **Messenger and Visitor** ,1916      **Christian Science Sentinel** ,1899
