Tarot Goddess worship why do these New Age tokens and practices capture the imagination of so many women How has New
Age culture become even more appealing than feminism And are the two mutually exclusive By examining New Age practices
from macrobiotics to goddess worship to Native rituals Feminism s New Age Gender Appropriation and the Afterlife of
Essentialism seeks to answer these questions by examining white women s participation in this hugely popular spiritual
movement While most feminist approaches to the New Age phenomenon have simply dismissed its adherents for their
politically problematic racial appropriation practices Karyln Crowley looks honestly at the political shortcomings of New Age
beliefs and practices while simultaneously reckoning with the affective political and cultural motivations which have
prompted New Age women s individual and collective spiritualities New Age spirituality is in fact the dynamic outgrowth of a
long standing tradition of women s social and political power expressed through religious writings art and public discourse
and is key to understanding contemporary women s history and religion s role in modern American culture alike Crowley
offers a new and provocative assessment of the significance of the New Age movement seen through a feminist and critical
