Exodus Indochina:

Exodus Indochina Keith St. Cartmail, 1983 This book studies the twentieth century exodus of refugees from VietNam Kampuchea and Laos Its objectives are to draw attention to the response of the world towards refugees and to examine what has been and can be done to alleviate the refugee problem The book is divided into three parts the first mostly contains background material the second describes the exodus from each country and the third discusses the response of countries of asylum resettlement countries and the international community A large amount of the information has been obtained from interviews conducted by the author with refugees and refugee personnel in South East Asian refugee camps In addressing the question of what can be done the author stresses that the human rights of every refugee must be held inviolably all governments and he recommends that 1 resettlement countries make every effort to accept the full extent of their quotas 2 all South East Asian countries give asylum to refugees and observe the principle of protection 3 international assistance be provided to and accepted by countries of asylum 4 the UNHCR ensure that the principles of asylum and non refoulement are observed 5 Vietnamese officials observe the principle of safe and orderly departure and not impede the exodus of people wanting to leave and 6 international agreements be revised in order to ensure the refugees right to asylum and the UN s humanitarian right of access to aid all refugees Finally the author suggests that international refugee assistance is badly coordinated and he calls for a world conference on refugees and an International Refugee Year *Indochina* United States.

Golden,2012-12-06 Richard M Golden Possibly the most famous event in Louis XIV s long reign 1643 1715 was the Revocation of the Edict of Nantes issued by the French king on 17 October 1685 and registered five days later by the parlement of _Paris a sovereign judicial institution having jurisdiction over approximately one half of the kingdom The Edict of Fontainebleau the Revocation s technical name derived from the palace southeast of Paris where Louis had signed the act declared illegal the public profession of Calvinist Protestantism and led perhaps as many as 200 000 Huguenots as French Protestants were known to flee their homeland They did so despite royal decrees against emigration and the harsh punishment prison for women the galleys for men awaiting those caught escaping The Revocation is a landmark in the checkered history of religious toleration or intolerance Huguenots many Roman Catholics and historians of all persuasions have heaped scorn on Louis XIV for withdrawing the Edict of Nantes issued by his grandfather Henry IV 1589 1610 King Henry had proclaimed the 1598 Edict to be both perpetual and irrevocable Although one absolutist king could not bind his successors and although irrevocable in the context of French law simply meant irrevocable until superseded by another edict historians have accused Louis XIV of 2 breaking faith with Henry IV and the Huguenots Louis did only what Henry prob ably would have done had he possessed the requisite power  Frank Joseph Shulman,Anna See Ping Leon Shulman,2001-01-01 A descriptively annotated multidisciplinary cross referenced and extensively indexed guide to 2 395 dissertations that are concerned either in whole or in part with Hong Kong and with Hong Kong Chinese students and emigres throughout the world **Choice** ,1983
