Sequels Janet G. Husband,Jonathan F. Husband,2009-07-30 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series Whatever Happened to Sherlock Holmes Robert S. Paul,1991 Robert S Paul suggests that the reason detective fiction has won legions of readers may be that the writer of detective fiction without conscious intent appeals directly to those moral and spiritual roots of society unconsciously affirmed and endorsed by the readers Because detective stories deal with crime and punishment they cannot help dealing implicitly with theological issues such as the reality of good and evil the recognition that humankind has the potential for both the nature of evidence truth and error the significance of our existence in a rational order and hence the reality of truth and the value of the individual in a civilized society Paul argues that the genre traces its true beginning to the Enlightenment and documents two related but different reactions to the theological issues involved first a line of writers who are generally positive in relation to their cultural setting such as Edgar Allan Poe Wilkie Collins Conan Doyle and second a reactionary strain critical of the prevailing culture that begins in William Godwin s Caleb Williams and continues through the anti heroic writers like Ars ne Lupin to Raymond Chandler Dashiell Hammett and John MacDonald *A Handbook of Contemporary Fiction for Public Libraries and School Libraries* Mary K. Biagini,Judith Hartzler,1989 Provides overviews of

the most popular genres and the most important critically acclaimed authors of world literature lists of specialized selection sources and chronological listings of the novels and short stories of more than 1 100 authors *Detecting Women 2* Willetta L. Heising,1996 Lists over 3 400 mystery titles written by women in correct series order as well as more than 600 series detectives created by women and more Titles are indexed by mystery type and series setting *Notable American Women* Susan Ware,2004 This latest volume brings the project up to date with entries on almost 500 women whose death dates fall between 1976 and 1999 You will find here stars of the golden ages of radio film dance and television scientists and scholars civil rights activists and religious leaders Native American craftspeople and world renowned artists For each subject the volume offers a biographical essay by a distinguished authority that integrates the woman s personal life with her professional achievements set in the context of larger historical developments **Twentieth-century Crime and Mystery Writers** Lesley Henderson,1991 Cited in Sheehy and BCL3 The foremost reference in the field completely revised and updated and now covering about 600 authors mainly English language writers whose work appeared during or since the time of Conan Doyle The entry for each writer consists of a biography a bibliography and a signed critical essay Living authors were invited to add a comment on their work many of them accepted and their remarks are both entertaining and enlightening Annotation copyrighted by Book News Inc Portland OR **Books in Print Supplement** ,1984 Books in Print ,1983 Comic Crime Earl F. Bargainnier,1987 The actual world of crime is not a subject for laughter but rather for anger or tears The world of fiction however is a different matter Most crime fiction is much nearer the comic than the tragic In the oldest sense of the term comedy that no matter the difficulties misunderstandings or even deaths the evil are thwarted and the good rewarded crime fiction is essentially comic The following eleven original essays cover a wide range in time authors forms of fiction and types of comedy I hope readers will be both informed and entertained by this excursion into British and American humor and homicide comedy and crime **Current Book Review Citations** ,1981 **Cumulative Book Index** ,1988 A world list of books in the English language **Mystery Index** Steven Olderr,1987 Provides indexes to American and British mystery novels by author title subject setting and characters
