Doctor Dolittle Hugh Lofting, 2017-10-13 The Story of Doctor Dolittle Being the History of His Peculiar Life at Home and Astonishing Adventures in Foreign Parts is the work of well known children's author Hugh Lofting. This book is the first in Lofting's series of novels featuring John Dolittle, a doctor who is able to speak to animals and has since become a classic of children's literature. The Story of Doctor Dolittle is the reader's introduction to John Dolittle, a character featured in more than ten novels written by Lofting. A practicing medical doctor, Dolittle changes career paths and becomes a veterinarian upon being taught to speak with animals by his pet parrot. This novel tells the tale of Dolittle's voyage to Africa to cure a tribe of monkeys inflicted with a deadly virus. After the pursuing adventures, the novel concludes with Dolittle's return to his English village and retirement, which sets the stage for the future novels in Lofting's collection. The Story of Doctor Dolittle is a classic children's tale. The greatest appeal is, of course, the talking animals to which Lofting has given distinct personalities and manners of speaking. It should be noted that this republication is of the original version and thus contains some plot elements that may be considered controversial by modern standards. These elements are a clear indication of the time and place in which this novel was conceived: colonial England in the early twentieth century. The Story of Doctor Dolittle Being the History of His Peculiar Life at Home and Astonishing Adventures in Foreign Parts is one of the most well-known works of children's literature and serves as the introduction to a beloved character. It is a classic novel and one that holds appeal for both children and adults. Fans of the character owe it to themselves to read Lofting's novel and to familiarize themselves with the first tale of Dolittle. The Studio John Gregory Dunne,2012-04-18 In 1967 John Gregory Dunne asked for unlimited access to the inner workings of Twentieth Century Fox Miraculously he got it For one year Dunne went everywhere there was to go and talked to everyone worth talking to within the studio He tracked every step of the creation of pictures like Dr Dolittle Planet of the Apes and The Boston Strangler The result is a work of reportage that thirty years later may still be our most minutely observed and therefore most uproariously funny portrait of the motion picture business Whether he is recounting a showdown between Fox s studio head and two suave shark like agents watching a producer s girlfriend steal a silver plate from a restaurant or shielding his eyes against the glare of a Hollywood premiere where the guests include a chimp in a white tie and tails Dunne captures his subject in all its showmanship savvy vulgarity and hype Not since F Scott Fitzgerald and Nathanael West has anyone done Hollywood better Reads as racily as a novel Dunne has a novelist s ear for speech and eye for revealing detail Anyone who has tiptoed along those corridors of power is bound to say that Dunne s impressionism rings true Los Angeles Times
