CSS: The Missing Manual David Sawyer McFarland,2006-08-24 Web site design has grown up Unlike the old days when designers cobbled togetherchunky HTML bandwidth hogging graphics and a prayer to make their sites look good Cascading Style Sheets CSS now lets your inner designer come out and play But CSSisn t just a tool to pretty up your site it s a reliable method for handling allkinds of presentation from fonts and colors to page layout CSS The MissingManual clearly explains this powerful design language and how you can use it tobuild sparklingly new Web sites or refurbish old sites that are ready for an upgrade Like their counterparts in print page layout programs style sheets allowdesigners to apply

typographic styles graphic enhancements and precise layoutinstructions to elements on a Web page Unfortunately due to CSS s complexity andthe many challenges of building pages that work in all Web browsers most Web authorstreat CSS as a kind of window dressing to spruce up the appearance of their sites Integrating CSS with a site s underlying HTML is hard work and often frustratinglycomplicated As a result many of the most powerful features of CSS are left untapped With this book beginners and Web building veterans alike can learn how to navigatethe ins and outs of CSS and take complete control over their Web pages appearance Author David McFarland the bestselling author of O Reilly s Dreamweaver TheMissing Manual combines crystal clear explanations real world examples a dashof humor and dozens of step by step tutorials to show you ways to design sites withCSS that work consistently across browsers You ll learn how to Create HTML that s simpler uses less code is search engine friendly andworks well with CSS Style text by changing fonts colors font sizes and adding borders Turn simple HTML links into complex and attractive navigation bars completewith CSS only rollover effects that add interactivity to your Web pages Style images to create effective photo galleries and special effects likeCSS based drop shadows Make HTML forms look great without a lot of messy HTML Overcome the most hair pulling browser bugs so your Web pages work consistentlyfrom browser to browser Create complex layouts using CSS including multi column designs that don trequire using old techniques like HTML tables Style Web pages for printing Unlike competing books this Missing Manual doesn t assume that everyone in theworld only surfs the Web with Microsoft s Internet Explorer our book providessupport for all major Web browsers and is one of the first books to thoroughlydocument the newly expanded CSS support in IE7 currently in beta release Want to learn how to turn humdrum Web sites into destinations that will captureviewers and keep them longer Pick up CSS The Missing Manual and learn thereal magic of this tool *Flash 8: The Missing Manual* E. A. Vander Veer,2006-03-22 Macromedia s Flash 8 is the world s premier program for adding animation to websites And with the latest version this popular program becomes more versatile letting beginning webmasters and expert developers alike create sophisticated web content But Flash isn t intuitive And it doesn t come with a manual Whether you want to learn the basics or unleash the program s true power Flash 8 The Missing Manual is the ideal instructor This hands on guide to today s hottest web design tool is aimed at nondevelopers and it teaches you how to translate your ideas into great web content It begins with a solid primer on animation which helps you get comfortable with the Flash interface Once you have these basics under your belt Flash 8 The Missing Manual moves on to advanced animations including adding special effects and audio video and interactivity to your presentations When you re really feeling steady the book shows how to use a dollop of ActionScript to customize your content It then teaches you how to publish your Flash creations for web surfers everywhere to enjoy Along the way the book shows you good design principles and helps you avoid elements that can distract or annoy an audience Author Emily Vander Veer has more than a dozen books to her credit including titles on web design and scripting most written for non technical readers Her background makes her the perfect author for a straightforward

book on a complex subject She takes Flash 8 The Missing Manual from the basics to the advanced yet avoids a hasty jump into tough topics that can leave readers confused Not only will Flash 8 The Missing Manual help you turn a concept into unique dynamic content but it will continue to serve as a reference as you develop your website *PowerPoint 2007* Vander Veer,2007-02-13 A new handbook not only covers the basics and new features of PowerPoint 2007 but also teaches users how to combine multimedia animation and interactivity into a presentation how to take full advantage of advanced functions and how to create reusable design templates and automate tasks with macros *PCs: The Missing Manual* David A. Karp,Andy Rathbone,2005-12-23 Your vacuum comes with one Even your blender comes with one But your PC something that costs a whole lot more and is likely to be used daily and for tasks of far greater importance and complexity doesn t come with a printed manual Thankfully that s not a problem any longer PCs The Missing Manual explains everything you need to know about PCs both inside and out and how to keep them running smoothly and working the way you want them to work A complete PC manual for both beginners and power users PCs The Missing Manual has something for everyone PC novices will appreciate the unassuming straightforward tutorials on PC basics such as hooking up a monitor keyboard mouse printer and scanner Families will enjoy sections on networking several computers to share an Internet connection sharing one monitor between two PCs connecting portable media players and creating a home theater system Adventurous PC users will like the clear photos explaining how to take your PC apart and replace or upgrade any failing parts IT professionals will be grateful to have something to hand to their coworkers who need solid trusted information about using their PC In PCs The Missing Manual bestselling computer author Andy Rathbone delivers simple reliable advice on the kinds of things PC users confront every day He shows you how to connect and configure today s must have devices including digital cameras portable music players digital camcorders and keychain drives burn CDs and DVDs scan and fax documents and more His section on the Internet explains how to choose the best Internet Service Provider and web browser for your needs send email find information quickly on the Web share photos online set up a blog set up a webcam access TV and radio through the Internet and shop safely online And Rathbone delivers plenty of guidance on keep your privacy and your PC safe by installing firewalls creating safe passwords running antivirus software removing spyware and adware and backing up important files *Word 2007* Chris Grover,2007 Word basics for simple documents Creating longer and more complex documents Sharing documents and collaborating with other people Customizing Word with macros and other tools Word help and beyond

Excel 2007 Matthew MacDonald,2006-12-27 Microsoft Excel continues to grow in power sophistication and capability but one thing that has changed very little since the early 90s is its user interface The once simple toolbar has been packed with so many features over the years that few users know where to find them all Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use Unfortunately Microsoft s documentation is as scant as ever so even if users can find advanced features they probably won t

know what to do with them Excel 2007 The Missing Manual covers the entire gamut of how to build spreadsheets add and format information print reports create charts and graphics and use basic formulas and functions Like its siblings in the Missing Manual series this book crackles with a fine sense of humor and refreshing objectivity about its subject guiding readers through the new Excel with clear explanations step by step instructions lots of illustrations and friendly time saving advice It s a perfect primer for small businesses with no techie to turn to as well as those who want to organize household and office information *Google: The Missing Manual* Sarah Milstein,J.D.
