Exercise In Sharing:

Equitable Sharing Thomas Kleven, 2013-12-16 Equitable Sharing Distributing the Benefits and Detriments of Democratic Society argues that a principle of equitable sharing one that requires the benefits and detriments of social life to be fairly distributed among all members of society is fundamental to the concept of democracy and is implicit in the founding documents of the democratic society the United States purports to be To illustrate the centrality of equitable sharing to democracy this book examines the political philosophies of John Locke John Stuart Mill and John Rawls Locke's libertarianism Mill's utilitarianism and Rawls egalitarianism represent major strains of Western democratic theory and all contain a principle of equitable sharing in some form To illustrate the centrality of equitable sharing to U.S. society the book examines the Declaration of Independence and the Constitution While these documents do not set forth a particular version of equitable sharing they contain elements of all of Locke's Mill's and Rawls' philosophies and evidence a commitment to equitable sharing as fundamental to the democratic society they contemplate The task of U.S. society throughout its existence has been to engage in an on going dialogue that gives life to the commitment to equitable sharing set forth in its founding documents As the elected representatives of the people and the repository of the powers through which to implement much of what equitable sharing requires the primary responsibility for implementation rests with the legislative branch This book argues that the Supreme Court interacting with the public and the legislature also has a meaningful role to play in the dialogue over the requirements of equitable sharing and can play this role in a manner consistent with democratic principles This point is illustrated through a discussion of several contemporary issues same sex marriage racial integration in public schools health care and the regulation of the electoral process

Sharing Sadhana Victoria Bailey, 2012-07-12 A daily personal yoga practice or sadhana is carried out by yogis and yoginis throughout the world every day Within western culture our knowledge of yoga and yoga practices has been shaped by lessons and insights provided and shared by well known yoga teachers and yoga therapists in various traditions Yet the consistent message from all these teachers is to maintain your own daily practice honor your sadhana Finding and committing yourself to either a particular yogic tradition s daily discipline or finding the confidence and dedication to create your own yoga practice can be both daunting and challenging to new yoga students while it eventually becomes an essential part of every day for people with an established practice In *Sharing Sadhana* the author provides an overview and outline of what yoga sadhana means within western yoga culture and what it means to prominent and experienced yoga teachers and therapists in the western yoga world She interviews yoga teachers such as Richard Miller Nischala Joy Devi Leslie Kaminoff and other prominent practitioners about their views advice and experience of sadhana and what it means to them in their personal daily lives and in their teaching The book offers a means for these experienced practitioners to share information about their own development of sadhana to provide insights into their own personal yoga journey as well as sadhana guidance and inspiration to new and seasoned yoga practitioners It includes the challenges they have faced on their yoga journey and how they have overcome those barriers their advice to other yoga practitioners and how their yoga practice has changed over time Anyone hoping to cultivate a better daily yoga practice will be inspired to begin today Secure

Multiparty Computation and Secret Sharing Ronald Cramer, Ivan Bjerre Damgård, Jesper Buus Nielsen, 2015-07-15 In a data driven society individuals and companies encounter numerous situations where private information is an important resource How can parties handle confidential data if they do not trust everyone involved This text is the first to present a comprehensive treatment of unconditionally secure techniques for multiparty computation MPC and secret sharing In a

secure MPC each party possesses some private data while secret sharing provides a way for one party to spread information on a secret such that all parties together hold full information yet no single party has all the information The authors present basic feasibility results from the last 30 years generalizations to arbitrary access structures using linear secret sharing some recent techniques for efficiency improvements and a general treatment of the theory of secret sharing focusing on asymptotic results with interesting applications related to MPC **Power-Sharing in the Global South** Eduardo Wassim

Aboultaif, Soeren Keil, Allison McCulloch, 2024-02-22 Power sharing serves as a popular conflict resolution device at war s end Yet the performance record of such arrangements is highly variable sometimes leading to peace and stability and at other times to immobilism and institutional collapse This book explores the adoption function and dissolution of power sharing arrangements across the Global South including case studies of Colombia Ethiopia Malaysia and Iraq and others to make sense of this mixed record Authors identify a range of contextual factors as well as significant variations in the institutional rules and their meaning across the cases that help to explain divergent power sharing outcomes Emphasis throughout the chapters is placed on system adaptability for power sharing success **Sharing water, sharing benefits** Wolf, Aaron

T., 2010-06-06 *Sharing Thoughts* José Luis Bermúdez, Matheus Valente, Víctor M. Verdejo, 2025-07-08 Philosophical work on the nature of thought has until recently focused primarily on what it is for an individual to think leaving aside important questions about the intersubjective dimension of thought For example In what sense if any can thoughts really be shared Is there a shareability requirement on successful communication disagreement or the transmission of knowledge Do particular types of thought such as those based on perception or self location raise distinctive challenges to their shareability More generally how should we understand the communication and coordination of our thoughts in exchanges with others Are there distinctive rationality constraints governing the intersubjective aspects of thought Sharing Thoughts brings together original work by established and emerging philosophers to address these and related foundational issues while also paying attention to more specific questions such as the interplay between the intersubjectivity of thought and the internalism externalism debate the elucidation of first person or egocentric thought our capacity for joint thinking the conditions for knowledge transmission and collective inquiry the expression of thought in music and more Sharing Knowledge Making a Difference:
