Teachers and Schooling Making A Difference Pam Christie,Bob Lingard,2020-08-04 Teachers Schooling Making a Difference takes seriously the question that teachers ask What do I do on Monday and does provide answers From the foreword by Professor Michael Apple University of Wisconsin Education debates are currently dominated by free market ideologists who push privatisation and competition as the answer to every problem regardless of damage to schools and pupils Teachers Schooling Making a Difference shows that we can think about education in a far more productive way Professor R W Connell University of Sydney This book is a lesson in making hope practical It makes a compelling argument for recognising supporting and enabling teachers as central to progressive school reform Professor Jenny Ozga University of Edinburgh What teachers do in the classroom really matters even though schools cannot compensate fully for difficulties children may face at home and in society Good teachers and good schools have been making a difference in children s lives for generations but what exactly is it that works Based on extensive research in 1000 primary and secondary classrooms this book examines the tough questions about teaching methods curriculum assessment and teachers professionalism The authors isolate the key elements that make the difference in the classroom and offer teachers practical approaches to working with all their students Teachers and Schools Making a Difference is essential reading for teachers and school administrators who want to improve their professional skills and offer a genuinely democratic education

Educating Individuals with Disabilities Elena L. Grigorenko, PhD,2008-02-22 Before the passage of the Education for All Handicapped Children Act in 1975 U S students with physical and learning disabilities frequently went undiagnosed received inadequate treatment or were even barred from attending school And until recently traditional measures of learning disability were often too crude to separate the learning disabled student from students having academic difficulties due to other reasons such as emotional issues or language problems Grigorenko s new book discusses how learning disabled students are identified and assessed today in light of the 2004 Individuals with Disabilities Education Improvement Act One of the major changes in IDEIA 2004 for instance is the Response to Intervention RTI provision which allows school districts to better identify students with legitimate learning disabilities and provide them with individualized evidence based instruction Grigorenko s interdisciplinary collection is the first to comprehensively review the IDEIA 2004 Act and distill the changes professionals working with learning disabled students face The text takes an overarching perspective first discussing the IDEIA in its historical political and legal context

then covering practical issues professionals address on a daily basis Educating Individuals with Disabilities is a priceless resource for school psychologists neuropsychologists speech language therapists administrators policy makers and legal professionals who navigate special education and learning disability issues on a daily basis

Leading Learning: Making Hope Practical In Schools Lingard, Bob, Hayes, Debra, Mills, Martin, 2003-07-01 How can we understand and theorise school leadership How can school leadership work towards enhancing student learning What are the constraints and possibilities for school leadership at the beginning of a new century This title is relevant to anyone concerned with improving schooling and enhancing the professional practices of educators The authors focus on leadership for enhancing student outcomes both academic and social While recognizing the significance of the principal or headteacher in school leadership the authors argue a strong case for the dispersal of leadership Based on extensive research conducted within schools Focuses on leading learning across the school Theoretically sound reflects the theories of Bourdieu and Foucault Politically aware discusses the context of leadership within school communities educational systems global pressures new policy directions Current topical and thoughtful Leading Learning is key reading for principals or headteachers teachers and other school leaders policy makers and for students studying educational administration
