

## 2. Influences on Anselm

As far as influences on Anselm are concerned, he had at his disposal the Bible, the textbooks of secular arts, and the writings of the Western Fathers of the Church, especially Augustine.<sup>10</sup> There was almost no direct influence of ancient Greek Philosophy on Anselm because he lived at a period before even a complete set of the works of Aristotle on Logic, let alone those on scientific subjects, was available in Latin, and he had no opportunity to learn Greek. There was almost no direct access to the other fundamental source of ancient Greek philosophy, Plato, except Calcidius' commentary on the *Timaeus*, and it is far from certain Anselm can have read that.<sup>11</sup> However, he knew something of Aristotle's logic through the reading of Boethius,<sup>12</sup> and was well acquainted with Platonism through the ideas transmitted by Augustine.<sup>13</sup> Frederick Van Fleteren affirms that Augustine directly influenced Anselm.<sup>14</sup> In the introduction to *Monologion*, Anselm himself acknowledges his debt to the Fathers of the Church, especially Augustine.<sup>15</sup>

## 3. The ontological argument in *Proslogion* chapters 2 and 3

*Proslogion* is the source for Anselm's famous and controversial 'ontological argument'<sup>16</sup> for the existence of God. He proposed this argument fundamentally in chapters 2 and 3 of *Proslogion* and partially in chapter 4. It was Immanuel Kant (1724-1804) who first called Anselm's argument 'ontological argument', but in the context of his criticism of Descartes's version of the argument.<sup>17</sup>

### 3.1 Anselm's search for a 'master argument'

Anselm wrote *Monologion* for his brother monks at Bec. But *Proslogion* was written at the prompting of his own curiosity.<sup>18</sup> When he looked back over the *Monologion* he was struck by how complicated a chain of argument it involved, he felt the need to simplify its key ideas. So he began to search for a single 'master argument' or just one argument (*unum argumentum*) that would prove everything he wanted to prove in *Monologion*, without any need for additional supporting arguments for each different conclusion.<sup>19</sup> Anselm says: "I began to wonder, [...] whether it might be possible to find a single argument that needed nothing but itself alone for proof, that would by itself be enough to show that God really exists."<sup>20</sup> Thus, the quest for the 'master argument' became something of an obsession with him, and it finally came to him while he was at prayer.<sup>21</sup>

<sup>10</sup> Cf. Anselm of Canterbury, *The Major Works*, Introduction, p.xxi; G.R. Evans, *Anselm and Talking about God*, Oxford, Clarendon Press, 1978, p.6.

<sup>11</sup> Cf. Anselm of Canterbury, *The Major Works*, Introduction, p.xxi.

<sup>12</sup> Cf. F.S. Schmitt, "Anselm of Canterbury", *New Catholic Encyclopedia*, Vol.1, William J. McDonald (ed.), New York, McGraw-Hill, 1967, p. 382.

<sup>13</sup> Cf. Anselm of Canterbury, *The Major Works*, Introduction, p.xxi.

<sup>14</sup> Cf. Frederick Van Fleteren, "Augustine's Influence on Anselm's *Proslogion*", in *Anselm: Aosta, Bec and Canterbury*, D.E. Rosenthal and G.R. Evans (eds.), Sheffield, Sheffield Academic Press, 1996, p.63. This article is an excellent analysis of Augustine's influence on Anselm.

<sup>15</sup> Cf. Anselm, *Monologion*, in *Anselm, Monologion and Proslogion with the Replies of Gaunilo and Anselm*, Thomas Williams (tr.), Cambridge, Hackett Publishing Company, 1996, Prologue, pp.3-4.

<sup>16</sup> An ontological argument is an argument for the existence of God from reason alone, without appeal to revelation through scripture or observation of the world. It is an argument from an analytic, *a priori* and necessary premise to the conclusion that God exists.

<sup>17</sup> Cf. Immanuel Kant, *Critique of Pure Reason*, London, J. M. Dent and Sons, 1956, p.332.

<sup>18</sup> Cf. Anselm of Canterbury, *The Major Works*, Introduction, pp.vii-viii.

<sup>19</sup> Cf. Anselm, *Monologion and Proslogion with the Replies of Gaunilo and Anselm*, Thomas Williams (tr.), Cambridge, Hackett Publishing Company, 1996, Introduction, p.xviii.

<sup>20</sup> Anselm, *Proslogion*, Prologue, p. 93.

<sup>21</sup> Benedicta Ward says that at Bec abbey, suddenly one night during studies, Anselm received an illumination and the whole matter became clear to him, and this experience provided the starting point for his argument. Cf. Benedicta Ward, *Anselm of Canterbury: A Monastic Scholar*, p.76.

# Introduction To Anselms Argument

**Chad Meister**

## **Introduction To Anselms Argument:**

**An Introduction to Anselm's Argument** Gregory Schufreider, 1978      **Briefly** David Mills Daniel, 2006 Briefly Anselm's Proslogion is a summary of St Anselm's Proslogion Argument on the Existence of God which is designed to assist university and school leaving students in acquiring knowledge and understanding of this key text in the philosophy of religion. The book closely adheres to Anselm's text enabling the reader to follow each development in the argument as it occurs. An introductory chapter provides a brief introduction to Anselm and the period in which he wrote and why Proslogion is so significant. Following the detailed summary is a short overview to aid memory. With suggestions for further reading and an extensive glossary of terms found in Proslogion, this book is a thorough introduction for those starting their study of St Anselm's work.

Rethinking Anselm's Arguments Richard Campbell, 2018-07-23 This book re-examines Anselm's famous arguments for the existence of God in his Proslogion and in his Reply. It demonstrates how he validly deduces from plausible premises that God so truly exists that He could not be thought not to exist. Most commentators ancient and modern wrongly located his argument in a passage which is not about God at all. It becomes evident that consequently much contemporary criticism is based on misreading and misunderstanding his text. It reconstructs his reasoning through three distinct but logically connected stages. It shows that even if Anselm's crucial premises are sceptically interpreted, his conclusions still follow. Properly understood, this argument is not vulnerable to the standard criticisms including Gaunilo's Lost island counter-example.      **Anselm's Proslogion** R. A. Herrera, 1979      Understanding Anselm's Ontological Argument Guy

Jackson, 2023-08-24 Anselm's ontological argument is one of the most fascinating, most controversial and most misunderstood arguments in the entire history of Western thought. By centring the argument firmly in the Neoplatonic tradition within which Anselm was writing, Understanding Anselm's Ontological Argument sheds fresh light and clarity on this enigmatic piece of philosophy. It argues that far from resting upon a fallacy or illegitimately attempting to define God into existence, Anselm's argument is a powerful and plausible philosophical proof and deserves to be taken seriously as such. Written to be understandable for specialists and non-specialists alike, Understanding Anselm's Ontological Argument is ideal for scholars and researchers in philosophy of religion and philosophy in the Middle Ages, especially Neoplatonism, as well as for medievalists in general.      **Anselm** Sandra Visser, Thomas Williams, 2008-11-17 Sandra Visser and Thomas Williams offer a brief, accessible introduction to the life and thought of Saint Anselm c. 1033-1109. Anselm, Archbishop of Canterbury for the last sixteen years of his life, is one of the foremost philosopher-theologians of the Middle Ages. His keen and rigorous thinking earned him the title 'The Father of Scholasticism' and his influence is discernible in figures as various as Thomas Aquinas, John Duns Scotus, the voluntarists of the late thirteenth and fourteenth centuries, and the Protestant reformers. In part I of this book, Visser and Williams lay out the framework of Anselm's thought: his approach to what he calls the 'reason of faith', his account of thought and language, and his theory of truth. Part II focuses on Anselm's account of God and the divine attributes.

and it shows how Anselm applies his theory of language and thought to develop a theological semantics that at once respects divine transcendence and allows for the possibility of divine rational knowledge In Part III Visser and Williams turn from the heavenly to the animal They elucidate Anselm's theory of modality and his understanding of free choice an idea that was for Anselm embedded in his conception of justice The book concludes with a discussion of Incarnation Atonement and original sin as the authors examine Anselm's argument that the death of a God-man is the only possible remedy for human injustice

Introducing Philosophy of Religion Chad Meister, 2009-02-13 Does God exist What about evil and suffering How does faith relate to science Is there life after death These questions fascinate everyone and lie at the heart of philosophy of religion Chad Meister offers an up to date introduction to the field focussing not only on traditional debates but also on contemporary concepts such as the intelligent creator Key topics such as divine reality and the self and religious experience are discussed in relation to different faiths Introducing Philosophy of Religion offers a lucid overview of contemporary philosophy of religion introduces the key figures in the history of philosophy of religion explores the impact of religious diversity and pluralism examines the main arguments for and against the existence of God and the nature of the divine looks at science and issues of faith and reason explores how the different religions approach the concept of life after death The wealth of textbook features including tables of essential information questions for reflection summaries glossary and recommendations for further reading make the book ideal for student use Along with its accompanying Reader this is the perfect introductory package for undergraduate philosophy of religion courses Visit the book's companion website at [www.routledge.com/textbooks/9780415403276](http://www.routledge.com/textbooks/9780415403276) Features include an interactive glossary a timeline powerpoint slides on all the chapters chapter outlines lists of objectives for study **The Foundations of St. Anselm's First Ontological Argument** Albert W.

Wald, 1972 *Anselm's Argument* Brian Leftow, 2022 Anselm of Canterbury gave the first ontological argument for God's existence as necessary Yet philosophers have mostly neglected to examine what modal concepts he uses and what their metaphysical basis is Brian Leftow sets out Anselm's modal metaphysics and defends all but one premise of Anselm's best argument for God's existence *Introduction to Medieval Theology* Rik Van Nieuwenhove, 2022-03-24 The best introduction to medieval theology from the time of St Augustine to the 14th century in an expanded 2nd edition This volume invites us to think along with major theologians and spiritual authors in order to understand how pre-modern thought can enrich and challenge us in a post-modern context Introduction to Formal Philosophy Sven Ove Hansson, Vincent F.

Hendricks, 2018-10-24 This Undergraduate Textbook introduces key methods and examines the major areas of philosophy in which formal methods play pivotal roles Coverage begins with a thorough introduction to formalization and to the advantages and pitfalls of formal methods in philosophy The ensuing chapters show how to use formal methods in a wide range of areas Throughout the contributors clarify the relationships and interdependencies between formal and informal notions and constructions Their main focus is to show how formal treatments of philosophical problems may help us understand them

better Formal methods can be used to solve problems but also to express new philosophical problems that would never have seen the light of day without the expressive power of the formal apparatus Formal philosophy merges work in different areas of philosophy as well as logic mathematics computer science linguistics physics psychology biology economics political theory and sociology This title offers an accessible introduction to this new interdisciplinary research area to a wide academic audience

Confessions of a Rational Mystic Gregory Schufreider,1994 *Confessions of a Rational Mystic* exposes both aspects of this transitional thinker through a multidimensional interpretation of his *Proslogion* It treats Anselm's famous proof for the existence of God as both a rational argument and an exercise in mystical theology analyzing the logic of its reasoning while providing a phenomenological account of the vision of God that is embedded within it Through a deconstructive reading of the cycle of prayer and proof that forms the overall structure of the text not only is the argument returned to its place in the *Proslogion* as a whole but the historic relationship that it attempts to establish between faith and reason is examined In this way the critical role that Anselm played in the history of philosophy is seen in a new light

*A Cosmological Reformulation of Anselm's Proof That God Exists* Richard Campbell,2021-11-15 In this book Richard Campbell reformulates Anselm's proof to show that factual evidence confirmed by modern cosmology validly implies that God exists Anselm's proof which was never the ontological argument attributed to him emerges as engaging with current philosophical issues concerning existence and scientific explanation Because every observable thing has a beginning it can be deduced that there is always in reality something than which a greater cannot be thought which exists necessarily It follows that its non existence is inconceivable Anselm then proves that this is the God in whom he believes who alone so truly exists that He could not be thought not to exist The contingent nature of the universe is therefore a consequence of the proven belief that God is the Creator of everything else

The Rational Ontological Argument Joshua R. Sijuwade,2025-01-23 By developing a new ontological argument for the existence of God Joshua R Sijuwade presents an innovative approach that enriches the existing discourse with fresh insights and a contemporary perspective The ontological argument seeks to demonstrate the existence of God from an a priori standpoint and Sijuwade begins by addressing the substantial critique the modal argument has received He embarks on a rigorous exploration providing needed analysis and a positive iteration termed the Rational Ontological Argument rooted in a novel modal methodology known as Rational Modal Realism Using this new method Sijuwade focuses on demonstrating how the central concepts and theories within modal metaphysics and epistemology such as modal realism modal rationalism trope theory and ontological pluralism offer a means to develop a victorious ontological argument Employing contemporary analytic methods and suggesting productive directions for further research Sijuwade makes a key contribution to philosophy of religion and re invigorates the age old philosophical argument for the existence of God

*Anselm of Canterbury and the Search for God* John T. Slotemaker,2018-03-20 This volume provides a broad interpretation of Anselm's theological method through a study of his *Monologion* The *Monologion* has been chosen

specifically because of its rich and nuanced account of the search for the one God Through a careful analysis of this text what becomes evident is that Anselm's theological project is much broader than a single argument or a simple account of how divine justice and honor are appeased What one encounters is a theology informed by the notion of the human desire for God and the honest search to come to know God in an intimate way The Monologion therefore will present an entry point into Anselm's theological project The second half of the volume will examine the reception history of Anselm's two most famous philosophical and theological contributions i.e. the ontological argument and the satisfaction theory Anselm is often misunderstood because his approach to theology is reduced to the one argument or a carefully construed calculus of human redemption such readings of Anselm abound and often obscure the Benedictine context within which his thought developed and so a careful reading of Anselm's texts and the history of reception and interpretation will offer a counter narrative to the standard perception of one of the greatest thinkers of Christian history

*Introducing Philosophy* Neil Tennant, 2015-02-11

Written for any readers interested in better harnessing philosophy's real value this book covers a broad range of fundamental philosophical problems and certain intellectual techniques for addressing those problems In *Introducing Philosophy* God Mind World and Logic Neil Tennant helps any student in pursuit of a big picture to think independently question received dogma and analyse problems incisively It also connects philosophy to other areas of study at the university enabling all students to employ the concepts and techniques of this millennia old discipline throughout their college careers and beyond

**KEY FEATURES AND BENEFITS** Investigates the philosophy of various subjects psychology language biology math helping students contextualize philosophy and view it as an interdisciplinary pursuit also helps students with majors outside of philosophy to see the relationship between philosophy and their own focused academic pursuits Author comes from a distinguished background in Logic and Philosophy of Language which gives the book a level of rigor balance and analytic focus sometimes missing from primers to philosophy Introduces students to various important philosophical distinctions e.g. fact vs value descriptive vs prescriptive norms vs laws of nature analytic vs synthetic inductive vs deductive a priori vs a posteriori providing skills that are important for undergraduates to develop in order to inform their study at higher levels They are essential for further work in philosophy but they are also very beneficial for students pursuing most other disciplines Is much more methodologically comprehensive than competing introductions giving the student the ability to address a wide range of philosophical problems and not just the ones reviewed in the book Offers a companion website with links to apt primary sources organized chapter by chapter making unnecessary a separate Reader Anthology of primary sources thus providing students with all reading material necessary for the course Provides five to ten discussion questions for each chapter helping instructors and students better interact with the ideas and concepts in the text

*Maximal God* Yujin Nagasawa, 2017-10-06 Yujin Nagasawa presents a new stronger version of perfect being theism the conception of God as the greatest possible being Although perfect being theism is the most common form of monotheism in the Judeo-Christian

Islamic tradition its truth has been disputed by philosophers and theologians for centuries Nagasawa proposes a new game changing defence of perfect being theism by developing what he calls the maximal concept of God Perfect being theists typically maintain that God is an omniscient omnipotent and omnibenevolent being according to Nagasawa God should be understood rather as a being that has the maximal consistent set of knowledge power and benevolence Nagasawa argues that once we accept the maximal concept we can establish perfect being theism on two grounds First we can refute nearly all existing arguments against perfect being theism simultaneously Second we can construct a novel strengthened version of the modal ontological argument for perfect being theism Nagasawa concludes that the maximal concept grants us a unified defence of perfect being theism that is highly effective and economical

### **Ontological Arguments** Graham

Oppy,2018-11-08 Ontological arguments are one of the main classes of arguments for the existence of God and have been influential from the Middle Ages right up until the present time This accessible volume offers a comprehensive survey and assessment of them starting with a sequence of chapters charting their history from Anselm and Aquinas via Descartes Leibniz Kant and Hegel to G del Plantinga Lewis and Tich This is followed by chapters on the most important topics to have emerged in the discussion of ontological arguments the relationship between conceivability and possibility the charge that ontological arguments beg the question and the nature of existence The volume as a whole shows clearly how these arguments emerged and developed how we should think about them and why they remain important today

Introducing Major Theologians Michael Reeves,Peter Maiden,2015-03-20 Is newer really better We often assume so but if we do treat the past as inferior we will ignore the legacy of history and thus will find ourselves stranded on the tiny desert island of our own moment in time In particular this applies to Christian theology which should be thought and lived corporately by the church down through the ages The remedy to chronological snobbery is as C S Lewis put it to keep the clean sea breeze of the centuries blowing through our minds Such is the motivation behind Michael Reeves introduction to a selection of influential or significant Christian theologians This accessible and informative volume covers the Apostolic Fathers Justin Martyr and Irenaeus Athanasius Augustine Anselm Aquinas Luther Calvin Owen Edwards Schleiermacher Barth and Packer Each chapter begins with a brief biography and some background and then surveys each theologian s major work or works gives a timeline for historical context and ends with guidance for further reading This book was previously available as two separate volumes The Breeze of the Centuries and On Giants Shoulders but now repackaged together with a new chapter on J I Packer

**An Introduction to Metaphysics** Jack S. Crumley II,2021-12-09 An Introduction to Metaphysics offers an engrossing survey of central metaphysical topics including truth universals the nature of mind personal identity free will time and the existence of God The book is pitched at an intermediate undergraduate level and is suitable for students without background knowledge in these areas Topically organized it examines a variety of historical and contemporary positions relevant to each of the included themes Memorable and amusing drawings by Gillian Wilson are interspersed throughout the text to illustrate

concepts and examples

### **Introduction To Anselms Argument Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Introduction To Anselms Argument has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Introduction To Anselms Argument has opened up a world of possibilities. Downloading Introduction To Anselms Argument provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Introduction To Anselms Argument has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Introduction To Anselms Argument. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Introduction To Anselms Argument. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Introduction To Anselms Argument, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Introduction To Anselms Argument has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security

when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Introduction To Anselms Argument Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Introduction To Anselms Argument is one of the best book in our library for free trial. We provide copy of Introduction To Anselms Argument in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Introduction To Anselms Argument. Where to download Introduction To Anselms Argument online for free? Are you looking for Introduction To Anselms Argument PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Introduction To Anselms Argument. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Introduction To Anselms Argument are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Introduction To Anselms Argument. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to

our ebook online or by storing it on your computer, you have convenient answers with Introduction To Anselms Argument To get started finding Introduction To Anselms Argument, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Introduction To Anselms Argument So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Introduction To Anselms Argument. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Introduction To Anselms Argument, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Introduction To Anselms Argument is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Introduction To Anselms Argument is universally compatible with any devices to read.
