Vice dean of law school

Introduction To Chinese Law

Jingwen Zhu

Introduction To Chinese Law:

Introduction to Chinese Law Chen'guang Wang,Xianchu Zhang,1997 Introduction to chinese law Wang Chenguang,Zhang Xianchu,1997 **Introduction to Chinese Law** Jerry Zhu,1983 *Between Law and Harmony* Renzo Cavalieri,2014-12-31 *Between Law and Harmony* provides a clear and comprehensive guide to Chinese contemporary law and covers the key areas of constitutional law civil law international trade law company law intellectual property and conflict of laws The first part of the book is devoted to the historical development of Chinese law Particular attention is paid to the cultural roots underlying the development of the Chinese legal order not only the Confucian thought is taken into consideration but also reference is made to legalism fajia and other schools of thought that have exerted significant influence on the direction and shape of traditional Chinese culture and to the Republican modernization of the law in the Thirties The second part goes on to examine contemporary institutions of Chinese law by observing the latest developments in the fields of public and private law The book focuses on recent efforts in the People s Republic of China PRC to develop a modern socialist market economy and highlights the changes the Chinese legal system has undergone after the accession to the World Trade Organization A wide range of legal areas is covered from trade law with a specific focus on foreign investment and international contracts to civil law such as marriage contracts and property and constitutional law with a look at the issue of legality Fundamental rights protection is also considered *Between Law and Harmony* then gives an account of the challenges of modernity that China is facing and has still to face and of growing areas recognized in law in relation to autonomy from politics Appendix containing some excerpts of legislative texts from the 1982 Constitution the General Principles of Civil Law of 1986 the Contract Law of 1999 the Private International Law of 2011 etc and of related Supreme People s Court Opinions are included in addition to a Chinese glossary for legal terms *Introduction to Chinese Law* Pitman B. Potter,1993 **An Introduction to Chinese Law** Jianming Shen,1996 Chinese Law Jianfu Chen,2023-09-25 Law in particular its actual functioning in any given society is above all a part of the culture of that society a part of its historical political social and intellectual creation If a black letter approach towards law in the West is under increasing criticism it is particularly unhelpful if not misleading in understanding Chinese law its nature and developments Rather to understand Chinese law its nature and developments we need to examine the Chinese legal traditions the prevailing political and economic situations Party policies on economic reform and tolerance towards political liberalisation and scholarly discussions and debate This is the approach of this book Its aim is to put Chinese law in context to outline the nature and present status of its development and to analyse the meaning of the law within the Chinese context However this monograph does not ignore the practical needs for determining the precise contents of the black letter law either A study of this kind necessarily involves a process of topic selection However to avoid over generalisation and over simplification it also demands a considerable degree of comprehensiveness in coverage For this reason the book covers what the Chinese scholars term

fundamental law and basic branches of law while other topics are covered because they are either crucial for the understanding of the law such as legal traditions in China or of practical importance such as foreign investment and trade Chapter One provides an historical background to traditional Chinese legal culture and modern law reforms The historical background of specific topics is examined as the topics are analysed in the following chapters Chapter Two deals with the changing fate of law under Communist rule Its focus is on the underlying factors and justifications for such changes Chapter Three introduces discussions on specific branches of law from public law constitutional law law making administrative law criminal law criminal procedure law to private law civil law family law contracts law on business entities and law on foreign investment and trade Each of these is dealt with in a separate chapter After the analysis of these substantial topics certain conclusions are drawn which attempt to define the nature of Chinese law and its developments in present day China

Introduction to Chinese Law : Based on Data Analysis ,2015 *CHINESE LAW RESEARCH GUIDE* ZUZANNA KOPANIA,IGOR SZPOTAKOWSKI,2020-09-01 A journey of a thousand miles begins with a single step This Research Guide will be the first step in your journey with Chinese law China grows more important every day from a global perspective However studying and conducting research on Chinese law can be extremely challenging especially if you do not know Mandarin well This book is intended as a compact but comprehensive research guide that would provide students especially those who are preparing coursework or dissertations about Chinese law researchers and legal practitioners with the necessary knowledge about how to conduct effective Chinese legal research **Zhongguo Fa Dao Lun** Jingwen Zhu,2015

Introduction to Chinese Law Readings Tung-pi Chen,1971 Chinese Law Deborah Cao,2017-03-02 Studying Chinese law from a linguistic and communicative perspective this book examines meaning and language in Chinese law It investigates key notions and concepts of law the rule of law and rights and their evolutionary meanings It examines the linguistic usage and textual features in Chinese legal texts and legal translation and probes the lawmaking process and the Constitution as speech act and communicative action Taking a cross cultural approach the book applies major Western philosophical thought to Chinese law in particular the ideas concerning language and communication by such major thinkers as Peirce Whorf Gadamer Habermas Austin and Searle The focus of the study is contemporary People s Republic of China however the study also traces and links the inherited and introduced cultural and linguistic values and configurations that provide the context in which modern Chinese law operates **Chinese Law: Context and Transformation** Jianfu Chen,2015-12-22 Eight years of changes in China have passed since the publication of the previous highly successful edition of this book These changes have not just been about economic development Among the many transformations there has been another quiet peaceful and largely successful but far from perfect revolution in the area of law whose deficiencies have been more often mercilessly examined and documented than have its historical achievements and significance This legal revolution is the subject matter of the present book Like the previous edition it examines the historical and politico economic context in

which Chinese law has developed and transformed focusing on the underlying factors and justifications for changes It attempts to sketch the main trends in legal modernisation in China offering an outline of the main features of contemporary Chinese law and a clearer understanding of its nature from a developmental perspective It offers comprehensive coverage of topics such as legal culture and modern law reform constitutional law legal institutions law making administrative law criminal law criminal procedure law civil law property family law contracts law on business entities securities bankruptcy intellectual property law on foreign investment and trade and implementation of law Fully revised updated and considerably expanded this edition of Chinese Law Context and Transformation is a valuable and important resource for researchers policy makers and teachers alike *Introduction to Chinese Law* David L. Bailey, 1980 **The Tradition and Modern Transition of Chinese Law** Jinfa Zhang, 2014-02-20 The book was first published in 1997 and was awarded the first prize of scientific research by the Ministry of Justice during the ninth Five Year Plan of China In 2005 it was adopted the text book for the postgraduates of law majors In 2009 it was awarded the second prize of the best books on law in China The book discusses from different aspects the long legal tradition in China and it not only helps us to have a further understanding of Chinese legal system but also combines theories and practice and illustrate the modern legal transition which probes the history of Chinese legal system As is known to us all China is a country with a long legal history which can be traced back to more than three thousand year ago So the legal tradition of China has been passed down from generation to generation without any interruptions This feature is peculiar to Chinese legal history which is beyond all comparison with that of other countries such as ancient Egypt ancient India ancient Babylon and ancient Persia Through the study of Chinese legal history we can have a deeper understanding of the histories features origins and the transition of Chinese legal tradition The Chinese legal tradition originated from China and it is the embodiment of the wisdom and creativity of Chinese civilization The great many books researching materials legal constitutions archives files and records of different dynasties in China have provided us with rare complete and systematic materials to research The book has a complete systematic and detailed research on Chinese legal tradition and its transition and it gives people a correct recognition of the process of the perfection of laws during its development and its position as well as its value in the social progress in order to grasp its regular patterns It also has showed us the most valuable part and core of Chinese legal Tradition and it is a summary of Chinese legal tradition and its transition from different perspectives different angles and different levels From the book we can see that the ancient Chinese Legal Culture had once shocked the world and exerted great influence on the civilization of the world legal system especially the legal systems in Asian countries The book also has discussed the reestablishment of law in the late Qing Dynasty and the beginning of the Chinese law s transition to modernity In a word the book has not only combined the legal system and the legal culture together but also integrated the important historical figures and events ingeniously and it is a valuable and readable book with authenticity An Introduction to the Study of the Law Administered in the Colony of the

Straits Settlements Sir Walter John Napier,1898

The Changing Chinese Legal System, 1978-Present Bin

Liang,2007-12-12 This groundbreaking book examines the changing Chinese legal system since 1978 In addition to historical analyses of changes at the economic political legal and social levels Liang gives special attention to crime and punishment functions of the legal system and the current judicial system based on field research i e court observations in both Beijing and Chengdu The court system has been in a process of systemization both internally and externally seeking more power and relative independence However traditional influences such as preference of mediation over litigation and substantive justice over procedural justice and lack of respect from the masses and guaranteed power from the political structure still have major impacts on the building and operation of the judicial system Liang also shrewdly places the Chinese legal and political reform within the global system This book which reshapes our understanding of the economic political and essentially legal changes in China within the global context will be crucial reading for scholars of Asia law criminal justice and sociology

China's Legal System Donald C. Clarke,2008-03-06 Examines the legal ramifications of economic and social changes in China mid 1990s to present

□□□□□□□□□□ Frank Joseph Shulman,Anna See Ping Leon Shulman,2001-01-01 A descriptively annotated multidisciplinary cross referenced and extensively indexed guide to 2 395 dissertations that are concerned either in whole or in part with Hong Kong and with Hong Kong Chinese students and emigres throughout the world

An Outline of Chinese Civil Law Robert T. Bryan,1925

Introduction To Chinese Law Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change. Such is the essence of the book **Introduction To Chinese Law**, a literary masterpiece that delves deep to the significance of words and their effect on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
