Jeff Wall:

Jeff Wall Kerry Brougher, Jeff Wall, 1997 Published to accompany exhibition held at the Museum of Contemporary Art Los Angeles 13 7 5 10 1997 **Jeff Wall** Jeff Wall, Michael Newman, 2007 Jeff Wall's large scale Cibachrome transparencies mounted on light boxes have exerted a profound influence over little short of the past three decades His work also spans a time in which the way in which the relationship change He is one of the last artists to work out his moves on the basis of a linear view of history and then to have a rethink the relationship of his work with art history in a world in which such a view of history was no longer tenable His composition in both color and black and white maintain a constant dialogue with nineteenth century genre painting and truly make him in Charles Baudelaire's expression a painter of modern life In addition to an in depth essay by Michael Newman this book reproduces the complete work of Jeff Wall to date and includes his main writings on the creative experience of other key contemporary artists 134 illustrations Jeff Wall Jeff Wall, Museum of Modern Art (New York, N.Y.), 2007 Throughout his career Jeff Wall has written periodically on a variety of subjects covering everything from the work of his Vancouver colleagues to the role of photography in conceptual art This selection of his best essays and interviews is the first collection of Wall's texts to be published in English Jeff Wall Jeff Wall, Thierry De Duve, Arielle Pelenc, Boris Groys, 1996-07-03 Jeff Wall establishes photography's place at the forefront of contemporary art His pictures form a bridge between the painterly conventions of artists such as Velazquez and mass media technologies This book surveys his entire career to date **Jeff Wall** Rolf Lauter, Jeff Wall, 2001 In his staged situations based on everyday scenes the Canadian artist Jeff Wall creates a subtle interplay between carefully selected settings and strongly defined figures The aesthetic fascination that the back lit transparencies have on the viewer is intensified by their striking brilliance By looking carefully at Wall's works however layers of complex spatial temporal and contextual issues emerge issues that reflect different aspects of our present day reality At first glance the places scenes and activities depicted in Wall's works look like snapshots often taken from a distant perspective Closer examination reveals that they are meticulously staged compositions The artist incorporates figures within urban rural or architectural contexts so that they become actors relating a story The presence of one or more figures lends scenes a frequently mask like appearance often verging on the grotesque and their activities be they routine or unusual become images of collective memories Book jacket Jeff Wall David Campany, 2011-05-27 Examining a work that marked the emergence of photography as an art made for the gallery wall instead of the printed page Jeff Wall's Picture for Women 1979 marks the transition of photography as an art form from the printed page to the gallery wall Before this photographs from the orthodox photographic work of Walker Evans to the Conceptual photography of Dan Graham seemed intended for the page even when hung in a gallery In Picture for Women a woman looks outward as if at the viewer a camera occupies the center of the photograph the photographer stands on the right Modeled on Manet's famous painting Un bar aux Folies Bergère in which a barmaid seems to look directly out of the

painting observed by a man on the right *Picture for Women* establishes its own art historical genealogy claiming its rightful position within the canon Wall's photograph is an ambitious attempt to relate the artistic and spectatorial demands of the late 1970s to a modernist pictorial art that had been too hastily rejected by Conceptualism In this illustrated study David Company offers an account of Wall's move from a Conceptual approach to a reengagement with the idea of a singular as opposed to serial picture He shows that Wall's decision to present his work as a large scale back lit transparency together with his commitment to a singular image amounted to a radical departure He contrasts Wall's idea of the photograph as a tableau or picture inherited from the history of painting with the works of the Pictures Generation including Richard Prince Cindy Sherman and Jack Goldstein and argues that *Picture for Women* is inseparable from the modern fate of the picture in general

Jeff Wall - Photographs ,2002 Jeff Wall and the Concept of the Picture Naomi Merritt,2020-12-30 This book grapples with fundamental questions about the evolving nature of pictorial representation and the role photography has played in this ongoing process These issues are explored through a close analysis of key themes that underpin the photography practice of Canadian artist Jeff Wall and through examining important works that have defined his oeuvre Wall's strategic revival of the picture has had a resounding influence on the development of contemporary art photography by expanding the conceptual and technical frameworks of the medium and introducing a self reflexive criticality Naomi Merritt brings a new and original contribution to the scholarship on one of the most significant figures to have shaped the course of contemporary art photography since the 1970s and shines a light on the multilayered connections between photography and art This book will be of interest to scholars in the history of photography art and visual culture and contemporary art history

Jeff Wall: Complete Edition Jeff Wall,Thierry De Duve,2009 A complete overview of the pioneering artist who brought photography to contemporary art

Jeff Wall ,2007 **Jeff Wall** Aaron Peck,Jeff Wall,2016 Jeff Wall has lived in his hometown of Vancouver for all but four years of his life Most of the images he has created are shot in and around that city yet his art transcends these local subjects and addresses universal themes of history and memory That explains why his work is celebrated around the world and has been the subject of countless international exhibitions from the Tate Modern to MoMa to the Art Institute of Chicago His importance to photoconceptualism is recognized throughout the art world and his cinematographic pictures are immensely popular with the public and the

academy alike The images he has chosen for North and West explore the meaning of history and how we remember the cities we inhabit The towns imprinted in our minds no longer exist Urban landscapes constantly change but the remnants of the past remain and history's influence never ends North and West is a succinct and indispensable look into the profoundly moving and influential oeuvre of Jeff Wall

Jeff Wall Thierry Duve, 2002-04-17 Jeff Wall b 1946 adopts the nineteenth century poet Baudelaire's famous description of one of his contemporaries as a painter of modern life to describe his own very different work huge transparencies mounted on to light boxes that diffuse a brilliant glow of white light evenly through his photographs of contemporary urban scenes and constructed social situations Wall is foremost among the pioneering artists who since the late 1960s have brought photography to the forefront of contemporary art His constructed images employ the latest sophisticated technology in the creation of compelling tableaux which are evocative of subjects ranging from Hollywood cinema to nineteenth century history painting When exhibited in their glowing light boxes they evoke both the seduction of the cinema screen and the physical presence of minimalist sculptures such as Dan Flavin's fluorescent light installations or Donald Judd's metal and Perspex wall reliefs All of these elements traditional figurative painting cinema Minimalism Conceptual art documentary photography are consciously evoked and explored in Wall's work Associated closely since the late 1960s with Conceptual artists such as Dan Graham with whom he collaborated on The Children's Pavilion 1988 93 Wall has engaged at a sophisticated level with theories of representation and its social dimensions both as an artist and as a theoretical writer on contemporary art and culture The Survey by Thierry de Duve author of Pictorial Nominalism and The Definitely Unfinished Marcel Duchamp proposes an alternative history of modernism Critic and curator Arielle Pelenc talks with the artist on themes ranging from storytelling to cinematography Boris Groys author of Contemporary Art from Moscow focuses on the meaning of light in Wall's work The Update section by French art critic and historian of photography Jean Francois Chevrier surveys Wall's work from 1995 to the present The artist has chosen texts by Blasie Pascal and Franz Kafka for the Artist's Choice and the Artist's Writings celebrate Wall as an art historian and theorist by including key essays and important interviews

Jeff Wall Stefan Gronert, 2016 The photographic works of Canadian artist Jeff Wall b 1946 staged apparently quotidian scenes presented in large format light boxes have persistently preoccupied art historians and critics In this volume Stefan Gronert curator for contemporary art at the Kunstmuseum Bonn tracks the multilayered references to the history of painting that Jeff Wall himself an art historian integrates into his work For example the title of The Thinker 1986 is itself a reference to Rodin Wall however transfers the figure in the typical Thinker pose to a contemporary urban setting and introduces the grotesque element of a knife in the protagonist's back which in turn alludes to D rer Using 17 examples from the late 1970s until today Gronert traces the complex strategies of appropriation and reinterpretation of famous works from art history that Jeff Wall's pictures render in a manner that seems so timelessly contemporary
