Gender and Salvation Padmanabh Jaini,Padmanabh S. Jaini,1991-01-01 Is a total renunciation of clothing a prerequisite to attaining salvation In Gender and Salvation P S Jaini brings to light heretofore untranslated texts centering on a centuries old debate between the two principal Jaina sects the Digambaras and the Svetambaras At the core of the debate is the question should gender based differences of biology and life experience condition or limit an individual s ability to accomplish the ultimate religious goal For the Digambaras the example of total nudity set by Mahavira 599 527 B C the central spiritual figure of Jainism mandates an identical practice for all who aspire to the highest levels of religious attainment For the Svetambaras the renunciation necessary occurs purely on an internal level and is neither affected nor confirmed by the absence of clothes Both sects agree however that nudity is not permitted for women under any circumstances The Digambaras therefore believe that a woman cannot attain salvation while the Svetambaras believe they can Through their analysis of this dilemma the Jaina thinkers whose texts are translated here demonstrate a level of insight into the material and spiritual constraints on women that transcends the particular question of salvation and relates directly to current debates on the effects of gender in our own society The Embodiment of Bhakti Karen Pechilis,1999 In this interpretive history of bhakti both chronicle and comparison are used to identify and analyze bhakti as understood by various Tamil Siva bhakti authors and authorities BOOK JACKET The Philosophy of Desire in the Buddhist Pali Canon David Webster,2004-12-31 David Webster explores the notion of desire as found in the Buddhist Pali Canon Beginning by addressing the idea of a paradox of desire whereby we must desire to end desire the varieties of desire that are articulated in the Pali texts are examined A range of views of desire as found in Western thought are presented as well as Hindu and Jain approaches An exploration of the concept of ditthi view or opinion is also provided exploring the way in which holding views can be seen as analogous to the process of desiring Other subjects investigated include the mind body relationship the range of Pali terms for desire and desire s positive spiritual value A comparative exploration of the various approaches completes the work *The Encyclopedia of Christianity* Erwin Fahlbusch,Geoffrey William Bromiley,1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other
