## **Elite And Specialized Interviewing:**

**Elite and Specialized Interviewing** Lewis Anthony Dexter, 1970 Lewis Anthony Dexter 1915 1995 pioneered the use of specialized interviewing as a tool in the social sciences He argued that interviewing persons who have specialized information about or who have involvement with any social or political processes is different from standardized interviewing In elite interviewing the investigator must be willing to let the interviewee teach him what the problem the question or the situation is He demonstrated that interviewing was a useful tool but he also argued that it was not always the most appropriate method for revealing the information required In *Elite and Specialized Interviewing* decades of his practical experience of both how to interview and how to use interviews was distilled into a readable yet rigorously analytical book First published in 1969 it remains as good a guide to the subject as the 21st century researcher can find **African Centres for Peace Education and Training (acpet)**. , *Elite and Specialized Interviewing* Lewis Anthony Dexter, 2014-01-01 Lewis Anthony Dexter 1915 1995 pioneered the use of specialized interviewing as a tool in the social sciences He argued that interviewing persons who have specialised information about or who have involvement with any social or political processes is different from standardised interviewing In elite interviewing the investigator must be willing to let the interviewee teach him what the problem the question or the situation is He demonstrated that interviewing was a useful tool but he also argued that it was not always the most appropriate method for revealing the information required In *Elite and Specialized Interviewing* decades of his practical experience of both how to interview and how to use interviews was distilled into a readable yet rigorously analytical book First published in 1969 it remains as good a guide to the subject as the 21st century researcher can find Craftways Aaron Wildavsky, 2018-02-06 The one subject that serious students want most to know about other than their specialty is how academic life is lived and how scholarly work is carried out Their curiosity is equally shared by those interested in how to improve the quality and quantity of their work With few exceptions the time honored word of mouth approach is all there has been until now how one works is rarely a subject seriously discussed in print *Craftways* is intended to address these concerns and needs Aaron Wildavsky has long been admired as one of the most productive political scientists of his generation Repeated expressions of interest in his scholarly craft led him to gather together his essays on how he works Included are chapters on how to read social science not always everyone's favorite pastime how to work with others on collaborative projects and how to improve one's academic writing The question of time the most limited resource available to most scholars is addressed in an amusing chapter *The Organization of Time in Scholarly Activities Carried Out Under American Conditions in Resource Rich Universities* He includes a section on interviewing focusing not only on the process but on the spirit of scholarly enterprise that should animate it The last part of the book is purely personal emphasizing the familial and background variables that have made Wildavsky who he is and play a large part in how he goes about his work This wise volume by a master of his craft should be of broad interest to students

and faculty in the social sciences      **Researching Power, Elites and Leadership** Christopher Williams, 2012-05-18 This exciting new text consolidates the hows and whys of researching powerful people Written by a leading authority in the field this book introduces the reader to a significant area of methodology and provides a research based contribution to elite and leadership studies It offers a truly international perspective that will appeal to those studying and engaging with powerful people in a variety of contexts Useful features include A variety of case studies and examples linked to over 1000 sources and resources Extensive use of figures throughout the text to illustrate key points Templates and models for planning and presentations The book promotes a practical future oriented approach to support and inspire academic professional and civil society researchers at all levels It introduces new research frameworks and facilitates critical techniques through Critical Process Analysis This is a must have resource and an excellent new addition to the field of elite and leadership studies

**Interviewing Elites, Experts and the Powerful in Criminology** Olga Petintseva, Rita Faria, Yarin Eski, 2019-11-07 This book offers practical advice on designing conducting and analyzing interviews with elite and expert persons or socially prominent actors with a focus on criminology and criminal justice It offers dilemmas and examples of good and bad practices in order to encourage readers to critically assess their own work It also addresses methodological issues which include access power imbalances getting past corporate answers considerations of whether or not it is at times acceptable to ask leading questions and whether to enter a discussion with a respondent at all This book will be valuable to students and scholars conducting qualitative research

**The US-Iran Relationship** Penelope Kinch, 2016-07-18 Since the Revolution of 1978 79 which eventually brought to power Ayatollah Khomeini and his circle of conservative though politically active clerics the relationship between Iran and the USA has represented one of the world's most complex and hostile international entanglements In this book Penelope Kinch analyses the extent to which political identity has contributed to challenges in the relationship and the role of myths in foreign policy Kinch first examines the construction of political identity in each country and thereby traces the imagined norms which have their impact on international behaviour Looking at the misperceptions that have precluded closer communication between the two states Kinch examines both historical issues such as the 1979 US embassy hostage crisis as well as more contemporary crises most notably over Iran's nuclear power programme

Introduction to Policing Research Mark Brunger, Denise Martin, Stephen Tong, 2015-11-19 The expansion of degrees and postgraduate qualifications on policing has come hand in hand with the need for a more scholarly and research based approach to the subject Students are increasingly encouraged to apply research to practice and this book is specifically designed to bring clarity to the concept of empirical research in policing As an introduction to the theoretical explanations and assumptions that underpin the rationale of research design in policing this book clearly illustrates the practical and ethical issues facing empirical research in a policing context as well as the limitations of such research Introduction to Policing Research brings together a range of leading scholars who have a wide range of experience conducting police

research Topics covered include professional development police culture policing protests private policing policing and diversity policing in transition policing and mental health policing and sensitive issues This book is perfect for undergraduate and graduate students on policing degrees as well as graduate students and researchers engaged with criminal justice It is also essential reading for police officers taking professional and academic qualifications **Handbook of Interview**

**Research** Jaber F. Gubrium, James A. Holstein, 2002 The Handbook of Interview Research is the most ambitious attempt yet at examining the place of the interview in contemporary society Interviewing is the predominant mode of research in the social sciences It is also the stock in trade of information seekers in organizations and institutions of all kinds as well as in the mass media Across the board interviews provide today's leading window on the world of experience The Handbook offers a comprehensive examination of the interview at the cutting edge of information technology Drawing upon leading experts from a wide range of professional disciplines this book addresses conceptual and technical challenges that confront both academic researchers and interviewers with more applied goals From interview theory to the nuts and bolts of the interview process the coverage is impressively broad and authoritative The Handbook of Interview Research is both encyclopedic and thematic As an encyclopedia it provides extensive discussions of the methodological issues now surrounding interview practice offering a multi-faceted assessment of what has become the method of choice for obtaining personal information in today's society But the Handbook also is a story which spins a particular tale of interviewing one that moves from the commonly recognized individual interview to what is called the interview society The gist of the presentation is that we can no longer regard the interview as simply an instrument for gathering data but must now also view it as an integral part of society Interviewing as Qualitative Research Irving Seidman, 2006 The Third Edition of this bestselling resource provides

clear step by step guidance for new and experienced interviewers to help them develop shape and reflect on interviewing as a qualitative research process While proposing a phenomenological approach to in depth interviewing the author also includes principles and methods that can be adapted to a range of interviewing approaches Using concrete examples of interviewing techniques to illustrate the issues under discussion this classic text helps readers to understand the complexities of interviewing and its connections to broader issues of qualitative research Equally popular for individual and classroom use the new Third Edition of Interviewing as Qualitative Research features an introduction to the Institutional Review Board IRB process in its historical context including an expanded discussion of informed consent and its complexities special attention to the rights of participants in interview research as those rights interact with ethical issues and updated references and suggestions for additional reading for a deeper consideration of methodological ethical and philosophical issues including relevant Internet resources **The SAGE Handbook of Interview Research** Jaber F. Gubrium, James A. Holstein, Amir B. Marvasti, Karyn D. McKinney, 2012-02-11 The second edition of this landmark volume emphasizes the dynamic interactional and reflexive dimensions of the research interview Contributors highlight the myriad dimensions of

complexity that are emerging as researchers increasingly frame the interview as a communicative opportunity as much as a data gathering format The book begins with an overview of the history and conceptual transformations of the interview which is followed by chapters that discuss the main components of interview practice Taken together the contributions to the handbook encourage readers to simultaneously learn the frameworks and technologies of interviewing and reflect on the epistemological foundations of the interview craft The handbook has been updated to address recent developments especially in qualitative interviewing Twenty six chapters are completely new the remaining twelve chapters have been substantially revised to give readers access to the state of the art of interview research Three entirely new sections include Logistics of Interviewing Self and Other in the Interview and Ethics of the Interview     Empirical Political Analysis Richard C. **Political Science Research Methods** Janet Buttolph Johnson,H. T. Reynolds,Jason D. Mycoff,2015-08-24 Understand the how and the why behind research in political science Step by step *Political Science Research Methods* walks students through the logic of research design carefully explaining how researchers choose which method to employ The Eighth Edition of this trusted resource offers a greater emphasis on the ways in which particular methods are used by undergraduates expanded coverage of the role of the Internet in research and analysis and more international examples Practice makes perfect In the new fourth edition of the accompanying workbook *Working with Political Science Research Methods* students are given the perfect opportunity to practice each of the methods presented in the core text This helpful supplement breaks each aspect of the research process into manageable parts and features new exercises and updated data sets A solutions manual with answers to the workbook is available to adopters

*Law Enforcement and the INS* George Weissinger,2017-03-29 This book updates prior research that utilized the perceptions of criminal investigators of the Immigration Naturalization Service INS and compares these perceptions with immigration enforcement priorities that were implemented post 911 through the Obama Administration up to the Trump presidency The legacy INS attempted to provide both a service and control function which made it difficult for INS investigators to fulfill their mission of interior enforcement of the immigration laws Other problems that surfaced included organizational relations as well as notions about professionalism which affected recruitment retention training and worker expectations The creation of the Department of Homeland Security DHS should have addressed these issues relating to immigration enforcement with the intent of solving some of the underlying problems However policies and ideological issues exacerbated efforts to enforce the immigration laws The updated material in this third edition discusses how the interaction between an organization and the environment in which it operates contributes to effectiveness with specific

reference to the organization's stated mission. A review of immigration laws and agency policies including executive orders, priorities, the impact of sanctuary cities, and consideration of the wider variables impacting illegal migration among other issues were also analyzed.

## Elite And Specialized Interviewing Introduction

In today's digital age, the availability of Elite And Specialized Interviewing books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Elite And Specialized Interviewing books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Elite And Specialized Interviewing books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Elite And Specialized Interviewing versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Elite And Specialized Interviewing books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Elite And Specialized Interviewing books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Elite And Specialized Interviewing books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works

and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Elite And Specialized Interviewing books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Elite And Specialized Interviewing books and manuals for download and embark on your journey of knowledge?
