culture of the Delta Cobb explains how it survived and evolved in the midst of poverty and oppression beginning with the first settlers in the overgrown disease ridden Delta before the Civil War to the bitter battles and incomplete triumphs of the civil rights era In this comprehensive account Cobb offers new insight into the most southern place on earth untangling the enigma of grindingly poor but prolifically creative Mississippi Delta

**Precious Perversions** Tison Pugh, 2016-03-21 The tragic sentiment of Southern literature and its heteronormative perspective are foundational attributes generally accepted by both popular and scholarly audiences Yet a pantheon of great authors ranging from like Tennessee Williams Carson McCullers and Truman Capote to present day voices of Alice Walker John Waters and David Sedaris collectively attest to both the vibrancy of queer experience and the prevalence of humor found in this rich regional cannon In *Precious Perversions* Humor Homosexuality and the Southern Literary Canon Tison Pugh challenges the premises that elevate William Faulkner and diminish Florence King that esteem Walker Percy yet marginalize David Sedaris by arguing for the inclusion of gay comic authors as long standing defining voices in the field By redefining the tenets of Southern literature Pugh reveals long overlooked or discounted aspects of gay humor within the South's literary realm Noting for example that Tennessee Williams is revered as a dramatist who probes the heart of the human condition rather than for his submerged camp humor and Truman Capote's comic cinema and literature never eclipsed serious works Pugh establishes a history of mainstream and academic critique that ignored queer humor Likewise Florence King and Rita Mae Brown wrote defining narratives of Southern lesbian experience in respectively *Confessions of a Failed Southern Lady* and *Rubyfruit Jungle* yet according to Pugh they are almost entirely neglected in accounts of the literary South More recently the author shows the critical reception of Dorothy Allison's *Bastard Out of Carolina* testifies to an overarching interest in the traumatic aspects of her poetry and fiction rather than in her humor and its cathartic power Pugh also asserts that David Sedaris as a writer of the post Southern South who appears to fall beyond the parameters of regional literature for many readers creates a new humorous vision of the region that recognizes both its pained history and its grudging accession to modernity Drawing from works of key southern writers Pugh sets forth a new vision of Southern literature emerges one illuminated by the humor of gay voices no longer at the margins

*The Life and Poetry of Frank Stanford* James McWilliams,2025-07-01 The full throated biography fans have been yearning for Kirkus Starred Review April 2025 When twenty nine year old Frank Stanford put three bullets in his chest on June 3 1978 he ended a life that had been inextricably linked with poetry since childhood Deeply influential but largely unknown outside his corner of the poetry world this prodigy of the American South inspired a cult following that has kept his reputation and work flickering on the periphery of the American literary tradition ever since *The Life and Poetry of Frank Stanford* offers for the first time a comprehensive study of Stanford s life and work introducing to a broad readership poetry that remains both captivating to poets and in its celebration of everyday experience over academic erudition accessible to those who rarely read poetry Stanford s poems range from one line to his 15 283 line epic *The Battlefield Where the Moon Says I Love You* The vital thread running through all of his poetry is an ear for language that vies with Walt Whitman in its expansiveness and

generosity Stanford's omnivorous attraction to vernacular particularly Black and rural vernacular centered on an admiration for the marginalized and eccentric Blending the Southern Gothic of Faulkner and O'Connor with a racially egalitarian vision his poetry thrives on the stories and traditions of the oppressed and forgotten The themes that preoccupied Stanford's prolific output language sex death class geography commercialism surrealism film race also preoccupied the poet in his daily life which was marked by heavy drinking philandering mental instability emotional abuse and through it all an inveterate desire for beauty Constantly attentive to this tension biographer James McWilliams traces the short and painfully complicated life of this hidden talent who left a lifetime's worth of poetry that through its grounding in the mundane achieved a vision of the transcendent
