**Cinema** Irina Herrschner,Kirsten Stevens,Benjamin Nickl,2021-08-31 This volume explores the notion of German cinema as both a national and increasingly transnational entity It brings together chapters that analyse the international circuits of development and distribution that shape the emerging films as part of a contemporary German cinema the events and

spectacles that help frame and re frame national cinemas and their discoverability and the well known filmmakers who sit at the vanguard of the contemporary canon. Thereby it explores what we understand as German cinema today and the many points where this idea of national cinema can be interrogated, expanded and opened up to new readings. At the heart of this interrogation is a keen awareness of the technological, social, economic and cultural changes that have an impact on global cinemas, more broadly, new distribution channels such as streaming platforms and online film festivals and audience engagement that transcends national borders as well as the cinema space. International film production and financing further heightens the transnational aspects of cinema, a quality that is often neglected in marketing and branding of the filmic product. With particular focus on film festivals, this volume explores the tensions between the national and transnational in film but also in the events that sit at the heart of global cinema culture. It includes contributions from filmmakers, cultural managers and other professionals in the field of film and cinema as well as scholarly contributions from academics researching popular culture, film and events in relation to Germany.

Salazar Filipe Ribeiro de Meneses, 2023-12-05 *Salazar: A Political Biography* is the definitive biography of the longstanding Portuguese dictator António de Oliveira Salazar. He entered the government of Portugal when Herbert Hoover was president and ended his political career at the end of the Johnson administration. He remained in power for forty years, 1928-1968, one of the longest tenures in modern history. Unlike the other great dictators of the twentieth century, Salazar, an academic, immersed himself in the minutiae of government and administration, maintaining a prodigious work rate until illness forced his retirement. He successfully managed his country's finances despite the impact of the Great Depression, imposing a harsh policy of austerity. He then preserved Portugal's neutrality during the Second World War, ultimately favouring Great Britain and the United States. But Salazar was at heart an extremely conservative, even reactionary statesman. He relied on secrecy and a police state to maintain the order which he believed was necessary to control progress. Rejecting the anti-colonialist movements in Asia and Africa, he plunged Portugal into a series of wars in Africa it could ill afford. Fully revised and updated throughout, this remains the authoritative biography of a key Portuguese political leader who was a significant presence in twentieth-century politics. This book will be of interest to historians of the far right, international diplomacy and Portugal.

[Jews in Germany After the Holocaust](#) Lynn Rapaport, 1997-07-17 What is it like to be Jewish and to be born and raised in Germany after the Holocaust Based on remarkably candid interviews with nearly one hundred German Jews Lynn Rapaport's book reveals a rare understanding of how the memory of the Holocaust shapes Jews everyday lives As their views of non Jewish Germans and of themselves their political integration into German society and their friendships and relationships with Germans are

subtly uncovered the obstacles to readjustment when sociocultural memory is still present are better understood This is also a book about Jewish identity in the midst of modernity It shows how the boundaries of ethnicity are not marked by how religious Jews are or their absorption of traditional culture but by the moral distinctions rooted in Holocaust memory that Jews draw between themselves and other Germans Jews in Germany after the Holocaust has won an award for being the best book in the sociology of religion from the American Sociological Association     **Men of Armor** Jeff Danby, 2022-12-01
