Embracing Travail:

Conversion as Transformation Dominic Arcamone, 2020-01-29 The process of human transformation is complex and ongoing This book presents a framework for understanding human transformation through the insights of Bernard Lonergan The reader will be introduced to terms such as the turn to the subject consciousness subjectivity and intersubjectivity It will explore terms such as horizon feelings values self esteem sublation conversion dialectic and religious experience The book explores transformation through the way mentors have authored their own lives told their own stories and taken possession of their interiority Transformation is illustrated through the lives of saints and ordinary men and women who did extraordinary things such as St Augustine Dag Hammarskjöld Vaclav Havel Franz Jägerstätter St Therese of Lisieux Friedrich Nietzsche Katherine Ann Power and Marie Cardinal Transformation is also illustrated through the medium of cinema Babette's Feast The Mission As It Is in Heaven Romero Dead Poets Society Ordinary People The Godfather trilogy Three Color trilogy The Lord of the Rings trilogy Dial M for Murder and Twelve Angry Men While the book treats religious moral affective intellectual and psychic conversion as moments of transformation it argues that ecological conversion requires all of these so as to meet the most serious moral challenge of our time *The Nonviolent Atonement, Second Edition* J. Denny Weaver, 2011-01-26 A provocative study that cuts to the very heart of Christian thought The Nonviolent Atonement challenges the traditional Anselmian understanding of atonement along with the assumption that heavenly justice depends on Christ's passive innocent submission to violent death at the hands of a cruel God Instead J Denny Weaver offers a thoroughly nonviolent paradigm for understanding atonement grounded in the New Testament and sensitive to the concerns of pacifist black feminist and womanist theology While many scholars have engaged the subject of violence in atonement theology Weaver's Nonviolent Atonement is the only book that offers a radically new theory rather than simply refurbishing existing theories Key features of this revised and updated second edition include new material on Paul and Anselm expanded discussion on the development of violence in theology interaction with recent scholarship on atonement and response to criticisms of Weaver's original work Praise for the first edition The best current single volume on reconstructing the theology of atonement S Mark Heim in Anglican Theological Review Weaver provides an important contribution to atonement theories by seriously inserting the contemporary concerns of pacifist feminist womanist and black theologians into the centuries old christological conversation A provocative but faithful proposal benefiting any student of christology Religious Studies Review A noteworthy contribution to the literature on the atonement Weaver provides a useful critique of the history of atonement motifs he does a fine job of placing Anselm's theology in its historical context he creatively fuses a singular biblical vision from the earthly narrative of the Gospels and the cosmic perspective of the Apocalypse and he attempts to relate discussions of the atonement to Christian social ethics Trinity Journal This is a superb succinct survey and analysis of classical and contemporary theories of the atonement ideal for students and general readers A clearly written passionately expressed

introduction to current debates on the atonement Excellent resource Reviews in Religion and Theology Cooperative Salvation Kathryn S. Eisenbise,2014-12-05 Why did Jesus die What does it mean that Jesus died for our sins Christian theology has been wrestling with these questions for centuries and theologians have proposed lots of different answers and explanations in the form of theories of atonement But most of these theories fall short when confronted by a contemporary postmodern worldview Many of these models come out of orthodox rather than Free Church traditions so they also lack the distinctive elements that characterize Brethren ways of understanding God and the world The Church of the Brethren is well known for its acts of service and discipleship in the nonviolent model of Jesus but it has not produced much constructive theology Cooperative Salvation attempts to remedy this situation by proposing a constructive Brethren model of atonement It analyzes the diverse atonement models proposed throughout the Christian tradition noting where they prove inadequate To address the shortcomings of other models this work draws on important claims of historical Anabaptist and Brethren theology while also incorporating ideas from feminist liberation and process theology in order to construct an understanding of atonement that contributes a contemporary Brethren voice to the centuries long discussion of atonement

Transformed Lives Cynthia S. W. Crysdale,2016-06-10 Even theologians have had different ideas about the theology of atonement how are the rest of supposed to understand it This book is a good place to start Crysdale whose background in both psychology and theology gives her a unique perspective presents an overview of the history of the theology of atonement addressing clearly the difficulties around this concept and bringing us with her to a contemporary understanding

Embracing Travail Cynthia S. W. Crysdale,2000 **Finding Salvation in Christ** Christopher D. Denny,Christopher McMahon,2011-05-01 Finding Salvation in Christ brings together some of the most important figures in contemporary theology to honor the work of William Loewe systematic theologian and specialist in the theology of Bernard Lonergan SJ For over three decades Loewe s writings have sought to make classic christological and soteriological doctrines comprehensible to a Catholic Church that is working to integrate individual subjectivity communal living and historical consciousness in the wake of the Second Vatican Council Essays included in this volume assess Loewe s reinterpretation of patristic and medieval Christology from Irenaeus to Anselm of Canterbury and explain the significance of the theology of Lonergan and Loewe for the fields of soteriology economics family life and interreligious theology While some recent postliberal theologies have polarized the church s relationship with contemporary culture by minimizing similarities between Christianity and other worldviews the contributors in this volume continue Lonergan s project of integrating the findings of various intellectual disciplines with Christian theology and use Loewe s historical and systematic work as a guide in that endeavor While Lonergan s transcendental Thomism has been criticized by both traditionalists and revisionists essays in this collection apply Loewe s theological methodology in a variety of ways to demonstrate that time honored doctrines about Christ can be transplanted into new cultural contexts and gain intelligibility and credibility in this process Having lived and labored

through the far reaching changes in Catholic thought introduced in recent decades Loewe's career provides a model for theologians attempting to build bridges between the past and the present and between the church and the world *Jesus and Salvation* Robin Ryan, 2015 How does the Christian proclamation of salvation in Jesus Christ relate to the lives of the people who suffer most Does salvation consist entirely of the hope for eternal life with God How might the church effectively preach the message of salvation in Christ today In *Jesus and Salvation* Robin Ryan adopts a historical approach to these questions discussing key themes and classic authors in the developing tradition about Christ the Savior He examines modern soteriology by engaging the thought of Karl Rahner Edward Schillebeeckx Gustavo Guti rrez and Elizabeth Johnson He also discusses contemporary conceptions of salvation within an evolutionary view of the cosmos as well as issues related to the Christian confession of Jesus as universal savior in a religiously pluralistic world Ryan concludes by offering his own reflections on the meaning of salvation from God in Jesus Christ By understanding salvation in Christ as both gift and call Ryan invites readers to recognize in the saving grace of God a responsibility for the well being of the human family and the rest of creation *Beloved Dust* Robert Hughes, 2008-08-15 *Beloved Dust* takes a realistic and contemporary view of human being as entirely physical dust and then shows it immersed in three great tides of the Holy Spirit the traditional threefold rhythm of conversion transfiguration and glory *The Defeat of Satan* Declan Kelly, 2022-01-27 This book offers an innovative critical and constructive exploration of Barth's theology one which demonstrates the radicality of his thought and which underscores the continued contribution he might make to theological reflection on a central element of the Christian tradition Declan Kelly uncovers the promise of viewing Barth's account of salvation as a three agent drama a drama involving God humanity and anti God powers Kelly demonstrates and examines Barth's cosmological portrayal of God's saving event as a defeat of the lordship of Satan in the cosmos and bound up with this as an ending of God's left handed activity and as the bringing into existence of a new creation under the rule of God's right hand Barth's doctrines of election the atonement and the resurrection receive a fresh reading as the book explores his apocalyptic grasp of God's eschatological deed of salvation and as it puts forward the claim with and against Barth that the climax of this deed of salvation is best located in the event of God's raising of Christ from the dead *In Search of the Whole* John C. Haughey, SJ, 2011-09-29 The contributors to this inspiring anthology meet the challenge that everyone faces that of becoming a whole person in both their personal and professional lives John C Haughey SJ has gathered twelve professionals in higher education from a variety of disciplines philosophy theology health care business and administration What they have in common reflects the creative understanding of the meaning of catholic as Haughey has found it to operate in Catholic higher education Each essay in the first six chapters describes how its author has assembled a unique whole from within his or her particular area of academic competence The last six chapters are more autobiographical with each author describing what has become central to his or her identity All twelve are anticipating an entirety with each contributing a coherence that is as surprising as it is delightful

Women and Christian Mission Frances Adeney, 2015-11-04 What are Christian women thinking about mission How do they do mission What informs their knowledge and action as they address issues in a complex world where religious proselytizing has become suspect This empirical study explores those questions finding congruence among women from diverse backgrounds and cultural contexts Women in mission face common identity issues utilize art and beauty in their work and develop character as they overcome obstacles in their cultural and denominational settings Through nearly one hundred interviews of women in Europe Asia Brazil and the United States a study of women s theologies of mission lectures and countless conversations with women around the globe this study finds common themes among contemporary women doing Christian mission This book fills a lacuna in mission studies that professors pastors and church women and men will find informative and refreshing

The Theology of the Cross in Historical Perspective Anna M. Madsen, 2007-01-01 The theology of the cross is indisputably a trendy concept today Numerous seminars books and dissertations tackle the topic But *The Theology of the Cross in Historical Perspective* demonstrates that theology of the cross is no passing fancy Theologies of the cross appear at the beginnings of the church in the sixteenth century reformations of the church and in the more contemporary modernization of the church Without theologies of the cross what the church is called to be and to preach becomes unclear So then what is the theology of the cross Anna Madsen surveys the theology of the cross in the thinking of Paul and Luther She also outlines several important twentieth century contributions to the subject On the basis of her analysis Madsen suggests that the theology of the cross reveals God to be found even in death In death after all boundaries disappear The theology of the cross assures Christians that God is present in the death of sin and in the realities of suffering and uncertainty Given that it announces God s presence the theology of the cross is ultimately a theology of grace freedom and trust

God as Sacrificial Love Asle Eikrem, 2018-01-25 In dialogue with a range of post enlightenment critiques of Christian theologies regarding sacrificial love Asle Eikrem presents an unconventional systematic approach to this multi layered and complex theological topic From Hegel to prominent 20th century theologians from feminist theologies to postmodern philosophers this volume engages in a critical conversation with a host of different voices on all the classical topics in theology creation trinity incarnation atonement sin faith sacraments and eschatology also providing a moral and socio historical vision for Christian living The result is a unique appraisal of the significance that the life and death of Jesus holds for the world today

Atonement Theories Ben Pugh, 2015-02-26 With the subject of the atonement of Christ attracting such a lot of polemical work at this time it is easy to conclude that the current debate is generating more heat than light *Atonement Theories* presents the beginning student pastor or researcher with an accessible and fair treatment of every school of thought on this subject *Atonement Theories* significantly updates previous histories of the doctrine providing analysis of some fascinating and highly significant recent developments It also intriguingly highlights at various points where aspects of this central message of Christianity might find a connection within contemporary culture It aims to empower the reader to quickly gain a working knowledge of current debates and the history behind them One for the Other Andrew P. Campbell, 2025-06-24 For two thousand years the cross of Christ has been the central point of Christian theologies of salvation However in recent years a variety of theologians such as Rosemary Radford Ruether Rita Nakashima Brock J Denny Weaver and Ren Girard united in their disdain for violence have abandoned any divine sanction or salvific significance for the cross of Christ Instead they frame atonement not in terms of Christ's death but his life formulating atonement theologies that address the need for an ethical concern for the oppressed and powerless Other This volume is dedicated to offering a fair account of their revisions identifying the ethical undertones that lead nonviolent theologians and thinkers to reform atonement theology examining their claims in light of those ethical foundations and exploring P T Forsyth as a viable alternative for contemporary theology

The Ethics of Discernment Patrick H. Byrne, 2016-01-01 In *The Ethics of Discernment* Patrick H Byrne presents an approach to ethics that builds upon the cognitional theory and the philosophical method of self appropriation that Bernard Lonergan introduced in his book *Insight* as well as upon Lonergan's later writing on ethics and values Extending Lonergan's method into the realm of ethics Byrne argues that we can use self appropriation to come to objective judgements of value *The Ethics of Discernment* is an introspective analysis of that process in which sustained ethical inquiry and attentiveness to feelings as intentions of value leads to a rich conception of the good Written both for those with an interest in Lonergan's philosophy and for those interested in theories of ethics who have only a limited knowledge of Lonergan's work Byrne's book

is the first detailed exposition of an ethical theory based on Lonergan's philosophical method **Who is Present in Absence?** Pamela F. Engelbert, 2019-01-16 What transpires when Classical Pentecostals pray for God to intervene within their suffering but God does not? Traditionally Classical Pentecostals center on encountering God as demonstrated through the relating of testimonies of their experiences with God. In seeking to contribute to a theology of suffering for Pentecostals, Pam Engelbert lifts up the stories of eight Classical Pentecostals to discover how they experienced God and others amidst their extended suffering even when God did not intervene as they had prayed. By valuing each story, this qualitative practical theology work embraces a Pentecostal hermeneutic of experience combined with Scripture, namely the Gospel of John. As a Pentecostal practical theological project, it offers a praxis theology of action of suffering and healing during times when we experience the apparent absence of God. It invites the reader to enter into the space of the other's suffering by way of empathy and thereby participate in God's act of ministry to humanity through God's expression of empathy in the very person of Jesus.

Reading Ritual Wesley J. Bergen, 2005-05-05 This book draws on a variety of disciplines to undertake a unique analysis of Leviticus 1-7. Rather than studying the rituals prescribed in Leviticus as arcane historical theological texts of little interest to the modern reader or as examples of primitive rituals that have no parallel in Western society, this book provides many points of contact between animal sacrifice rituals and various parts of post-modern society. Modern rituals such as Monday Night Football, eating fast food, sending sons and daughters off to war, and even the rituals of modern academia are contrasted with the text of Leviticus. In addition, responses to Leviticus among modern African Christians and in the early church are used to draw out further understandings of how the language and practice of sacrifice still shape the lives of people. This study takes a consciously Christian perspective on Leviticus. Leviticus is assumed to be an ongoing part of the Christian Bible. The usual Christian response to Leviticus is to ignore it or to claim that all sacrifice has now been superseded by the sacrifice of Jesus. This study refutes those simplistic assertions and attempts to reassert the place of Leviticus as a source for Christian self-understanding. This is volume 417 of JSOTS and volume 9 of *Playing the Texts*.
