Email Letters From A Wacko:

E-Mail Letters from a Wacko! Thomas H. Sarc, 2002-09-25 French Gold is a tale of murder and its solving of life in the colonial village of Ste Anne in the Illinois country of buried treasure and its eventual unearthing It is of a keelboat voyage from St Louis to New Orleans and of the tender star crossed love shared by the French woman Julie Coussat and young Auguste Chouteau along the way Their journey is full of action first an encounter with river pirates then savage Indians and finally a brutal attack upon Julie by supposed friends This story tells of the present day rebuilding of a wall at historic Fort de Chartres and how it came about Fast paced its action shifts back and forth and back again between Springfield Illinois in the 1980s the French Illinois country of 1764 and life on the river and Paris in the bloody days of the French Revolution Local historians demanded historical accuracy in the rebuilding of the wall at Fort de Chartres It seemed necessary for research to be done in France and Spain A professor of French language and literature was employed to conduct that inquiry while he was in Europe on a sabbatical leave His findings in Seville and Paris led to the solution of an ancient murder to the recovery of a long buried treasure in gold and silver from the bluffs along the Mississippi and to the account written long ago by the French woman Julie Coussat of her time upon the river Essentially this a romantic tale of how a strong willed woman was caused to become the binding link between past and present and the means of our recreating a bit of the past Wacko Hacko Nasser Hashmi, 2014-07-28 Nasser Hashmi s new political thriller sees a tabloid whistleblower expose phone hacking Tabloid reporter Jamie Parkes has it all ambition drive and charisma He goes to extreme lengths to make the headlines and doesn t mind getting his hands dirty when pursueing a story He interprets voice messages fabricates quotes and trawls through his web of contacts to find out more about the victims in the 9 11 disaster But when one of his stories is mysteriously spiked he begins to question the motives of his flamboyant editor Warren Fitton Fitton treats phone hacking and corruption allegations with breathtaking flippancy which leaves Jamie feeling uncomfortable Confused by the alterations in his story he decides to investigate further He wants to know why his world exclusive was ditched and more importantly who is behind it As he searches for evidence he soon discovers that he has become the target and he is being framed His whistleblower status turns into an epic battle for survival as the state police and media hunt him down Once a seasoned reporter but now a wanted man Jamie Parkes becomes the scapegoat for discrediting the tabloid empire Wacko Hacko is a political thriller loosely based on the phone hacking saga Readers interested in current affairs including the recently explosive Leveson enquiry will find this novel particularly interesting This novel will also interest fans of thriller fiction with its dark narrative and disturbingly convincing characters Set in the pre smartphone era Wacko Hacko also explores pressing issues in the tabloid world including the rise of celebrity the treatment of women and the love hate relationship with the police
