Emerald Wand Of Oz:

The Emerald Wand of Oz Sherwood Smith, 2005-06 This first of four brand new stories based on L Frank Baum's classic tales brings modern day visitors to Oz. Em and Dori are descendants of Dorothy Gale and follow in her famous footsteps to the magical land of Oz and adventure. Illustrations. *A Brief Guide To OZ* Paul Simpson, 2013-11-07 What if Dorothy Gale wasn't the only person who went to see the Wizard of Oz? MGM's landmark 1939 movie *The Wizard of Oz* starring Judy Garland did not mark the beginning of adventures in Oz. Both before and since dozens of tales have been told of the Marvellous Land of Oz and its inhabitants such as the Scarecrow, the Tin Woodman, the Cowardly Lion, the Hungry Tiger, and Jack Pumpkinhead. In this fascinating and wide-ranging book, Paul Simpson looks back at the famous forty original novels by L. Frank Baum and his successors which entranced generations of children with their wonderful world of munchkins, princesses, and wicked witches. He examines the many ways in which the stories have been retold in movies from the silent era to Disney's recent blockbuster *Oz the Great and Powerful* and on television featuring everyone from Tom Jerry to trades union leaders. On stage, Oz has come to life in the many revivals of *The Wizard of Oz* musical and the worldwide reign of Elphaba in the smash hit *Wicked*. Celebrate the 75th anniversary of the world's best-loved film and the whole magical world of Oz with its vampires, muppets, dragons, living statues, and so much more. **Children's Fantasy Literature** Michael Levy, Farah

Mendlesohn, 2016-04-16 Fantasy has been an important and much-loved part of children's literature for hundreds of years, yet relatively little has been written about it. *Children's Fantasy Literature* traces the development of the tradition of the children's fantastic fictions specifically written for children and fictions appropriated by them from the sixteenth to the twenty-first century, examining the work of Lewis Carroll, L. Frank Baum, C. S. Lewis, Roald Dahl, J. K. Rowling, and others from across the English-speaking world. The volume considers changing views on both the nature of the child and on the appropriateness of fantasy for the child reader, the role of children's fantasy literature in helping to develop the imagination, and its complex interactions with issues of class, politics, and gender. The text analyses hundreds of works of fiction, placing each in its appropriate context within the tradition of fantasy literature. **The Silver Princess in Oz** Ruth Plumly Thompson, Adam

Nicolai, 2012-02 Introduces the first person to visit Oz from an altogether different world: Princess Planetty of Another Planet and Thun, her Thundercolt. This book contains the original twenty-five-page fully illustrated short story *Gludwig and the Red Hair* written by Adam Nicolai and illustrated by Ardian Hoda. **Literary Afterlife** Bernard A. Drew, 2010-03-08 This is an encyclopedic work arranged by broad categories and then by original authors of literary pastiches in which fictional characters have reappeared in new works after the deaths of the authors that created them. It includes book series that have continued under a deceased writer's real or pen name, undisguised offshoots issued under the new writer's name, posthumous collaborations in which a deceased author's unfinished manuscript is completed by another writer, unauthorized pastiches, and biographies of literary characters. The authors and works are entered under the following categories: Action and
