Translating Picturebooks Riitta Oittinen, Anne Ketola, Melissa Garavini, 2017-10-10 Translating Picturebooks examines the role of illustration in the translation process of picturebooks and how the word image interplay inherent in the medium can have an impact both on translation practice and the reading process itself The book draws on a wide range of picturebooks published and translated in a number of languages to demonstrate the myriad ways in which information and meaning is conveyed in the translation of multimodal material and in turn the impact of these interactions on the readers' experiences of these books The volume also analyzes strategies translators employ in translating picturebooks including issues surrounding culturally specific references and visual and verbal gaps and features a chapter with excerpts from translators' diaries written during the process Highlighting the

complex dynamics at work in the translation process of picturebooks and their implications for research on translation studies and multimodal material this book is an indispensable resource for students and researchers in translation studies multimodality and children's literature
