In this way, the book becomes a necessary platform for generative dialogue between disciplines that are typically divided by separating walls.

Intellectual Development and Mathematics Learning Chongde Lin, 2023-03-30
This book introduces the outcomes of the author's 40 years of research, especially the theory of the Triangular Pyramid Structure of Thinking that he independently proposed and the application of his development theory in the field of mathematics education. The book firstly explains the substantial character of intelligence, the development law of intelligence and the relationship between intelligence development and creativity cultivation. Secondly, it discusses the structure of mathematical thinking of children and adolescents from 0 to 18 years old and the methods of developing students' thinking ability and the quality of intelligence through arithmetic learning. In the end, this book also demonstrates the characteristics of the development of mathematical thinking ability of children at age 0-6 elementary school students and secondary school students and the related latest research in this field. Based on the theory of the Triangular Pyramid Structure of Thinking, a number of examples are given to illustrate how the theory of intelligence development can be used in mathematics teaching to promote the development of students' thinking abilities and to improve the quality of teaching. This book covers various areas including psychology, mathematics and education. It has a great reference value for scholars in the field of psychology to study the theory of intelligence and the structure of thinking, providing guidance for parents and mathematics teachers to promote children's quality of intelligence and mathematical

thinking abilities and to enhance their mathematics learning effects In addition it provides examples for psychological research to serve specific subject teaching in elementary and secondary schools ACEIVE 2018 Sriadhi,Janner Simarmata,Harls Evan R Siaahaan, Robbi Rahim, The 2nd Annual Conference of Engineering and Implementation on Vocational Education ACEIVE 2018 is a scientific forum for scholars to disseminate their research and share ideas This conference was held on November 3 2018 on the Digital Library of Universitas Negeri Medan North Sumatra Province Indonesia The ACEIVE s theme is Engineering and Application for Industry 4 0 The conference was attended by researchers experts practitioners and observers from all around the globe to explore various issues and debates on research and experiences discuss ideas of empowering engineering and implementation on vocational education for Industry 4 0 This event has been carried out well and produced many benefits to increase the knowledge of conference participants based on research results particularly the implementation of vocational education for industrial revolution 4 0 *Resources in Education* ,1998 *Papers in ITJEMAST 11(13) 2020* , International Transaction Journal of Engineering Management Applied Sciences Technologies publishes a wide spectrum of research and technical articles as well as reviews experiments experiences modelings simulations designs and innovations from engineering sciences life sciences and related disciplines as well as interdisciplinary cross disciplinary multidisciplinary subjects Original work is required Article submitted must not be under consideration of other publishers for publications Proceedings of the 4th International Conference on Innovation in Education, Science and Culture, ICIESC 2022, 11 October 2022, Medan, Indonesia Baharuddin,Hesti Fibriasari,Juniastel Rajagukguk,2022-12-22 We are delighted to present the Proceedings of the 4th International Conference on Innovation in Education Science and Culture ICIESC that organized by Research and Community Service Centre of Universitas Negeri Medan LPPM UNIMED Proceedings of the 4th ICIESC contains several papers that have presented at the seminar with theme Education and Science in time of uncertainty Recovering for the Future This conference was held on 11 October 2022 virtually and become a routine agenda annually The 4th ICIESC was realized this year with various presenters lecturers researchers and students from universities both in and out of Indonesia The 4th International Conference on Innovation in Education Science and Culture ICIESC 2022 shows up as a Mathematics and Natural Science Material Science Physics Education Biology Education Chemistry Education Vocational Education Applied Sciences Computers Multimedia Technology Applied Mathematics E learning system Applied Sciences Information Technology Applied Sciences Engineering Social Science and Humanities Management Innovation and Heritage Culture research platform to gather presentations and discussions of recent achievements by leading researchers in academic research With the number participants 260 participants who came from the various national and international universities member research institute and academician There are 181 papers passed through rigorous reviews process and accepted by the committee All of papers reflect the conference scopes and become the latest trend It has been our privilege to convene this conference Our sincere thanks to the
