Foundations Of Buddhism:

The Foundations of Buddhism Rupert Gethin, 1998-07-15 Buddhism is a vast and complex religious and philosophical tradition with a history that stretches over 2 500 years and which is now followed by around 115 million people In this introduction to the foundations of Buddhism Rupert Gethin concentrates on the ideas and practices which constitute the common heritage of the different traditions of Buddhism Theravada Tibetan and Eastern which exist in the world today From the narrative of the story of the Buddha through discussions of aspects such as textual traditions the framework of the Four Noble Truths the interaction between the monastic and lay ways of life the cosmology of karma and rebirth and the path of the bodhisattva this books provides a stimulating introduction to Buddhism as a religion and way of life which will also be of interest to those who are more familiar with the subject *Foundations of Buddhism* ,1961 Foundations of Buddhism Helena Roerich, 2017-06-26 The Great Gotama gave to the world a complete Teaching of the perfect construction of life Each attempt to make a god of the great revolutionist leads to absurdity Previous to Gotama there was of course a whole succession of those who bore the common welfare but their teachings crumbled to dust in the course of millenniums Therefore the Teaching of Gotama should be accepted as the first teaching of the laws of matter and the evolution of the world Contemporary understanding of the community permits a wondrous bridge from Gotama Buddha up to the present time We pronounce this formula neither for extolling nor for demeaning but as an evident and immutable fact The law of fearlessness the law of the renunciation of property the law of the evaluation of labor the law of the dignity of human personality beyond castes and outer distinctions the law of true knowledge the law of love based upon self knowledge make of the covenants of the Teachers a continuous rainbow of the joy of humanity Let us construct the foundations of Buddhism in its manifested covenants The simple Teaching equal in beauty to the Cosmos will dispel every suggestion of idolatry unworthy of the great Teacher of men Knowledge was the leading path of all great Teachers Knowledge will permit a free and vital approach to the great Teaching as vitally real as is great Matter itself We shall not introduce the latest complexities we shall speak briefly about those foundations that cannot be denied Joy to all peoples Joy to all those who labor
