Donald Dietrich,2017-07-28 From the French Revolution to Vatican II the institutional Catholic Church has opposed much that modernity has offered men and women constructing their societies This book focuses on the experiences of German Catholics as they have worked to engage their faith with their culture in the midst of the two world wars the barbarism of the Nazi era and the uncertainties and conflicts of the post World War II world German Catholics have confronted and challenged their Church s anti modernism two lost wars the Weimar Republic the Nazi Third Reich the Cold War German

reunification and the impulses of globalization Catholic theologians and those others nurtured by Catholicism who resisted Nazism to create their own private spaces developed a personal and existential theology that bore fruit after 1945 Such theologians as Karl Rahner Johannes Metz and Walter Kasper were rooted in their political experiences and in the renewal movement built by those who attended Vatican II These theologians were sensitive to the horrors of the Nazi brutalization the positive contributions of democracy and the need to create a Catholicism that could join the conversation on human rights following World War II This dialogue meant accepting non Catholic religious traditions as authentic expressions of faith which in turn required that the sacred dignity of every man woman and child had to be respected By the twenty first century Catholic theologians had made furthering a human rights agenda part of their tradition and the German contribution to Catholic theology was crucial to that development The current Catholic milieu has been forged through its defensive responses to the Enlightenment through its resistance to ideologies that have supported sanctioned murder and through an extensive dialogue with its own traditions In focusing on the German Catholic experience Dietrich offers a cultural approach to the study of the religious and ethical issues that ground the hum

Lienhard,2017-06-15 Since the early days of Christianity a tension has existed between the authority of the Bible and the authority of the Church This has been further heightened by the question of Bible translation How does the Word stand firm and yet continue to speak to a changing Church Joseph Lienhard a specialist in Early Christianity examines the evolution of the Christian canon by casting this question against the life of the early Christians Among the topics treated are the Christian use of Jewish Scriptures the Catholic and Protestant Old Testaments the emergence of the New Testament the struggle for the right interpretation of the Scriptures the problem of inspiration and modern attempts to explain the Church s New Testament canon theologically The book questions the use of historicist methods of interpretation and appeals to the Rule of Faith as the right norm for interpreting the Scriptures in the Church Joseph T Lienhard SJ earned his doctorate at the University of Freiburg im Breisgau Germany with two dissertations on Paulinus of Nola and Marcellus of Ancyra His work is in patristics He taught at Marquette University from 1975 to 1990 and since 1990 has been at Fordham University where he
