Bulletin of the Atomic Scientists ,1955-04 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world [Revising Reality](#) Chris Gavaler,Nat Goldberg,2024-05-30 The past is fixed what happened happened But our descriptions of that past are in constant flux creating branching networks of contradictory accounts more complex than any fictional franchise Revising Reality uses pop culture and media concepts of revision to untangle our real world histories with startlingly revelatory results Novels comics films and TV shows can continue previous events sequels reinterpret events retcons or restart events remakes and audiences can ignore any of these revisions rejects Drawing on these four kinds of revision derived from franchises such as Star Wars Harry Potter The Lord of the Rings and Marvel comics Chris Gavaler and Nat Goldberg make sense of the stories we tell about a remarkable range of actual events including scientific discoveries Supreme Court cases historical moments folk heroes and even trans names and human memory They ask What happened to the original green scaled dinosaurs after scientists decided dinosaurs had multi colored feathers When overturning Roe v Wade did the Supreme Court end the right to abortion or did the Court claim that the right of the previous half century never existed Since Ronald Reagan increased taxes expanded government and championed amnesty for undocumented immigrants who is the Ronald Reagan whom today s conservatives champion as a model president When a trans person comes out as trans has their gender changed or has their gender remained consistent Are our memories accounts of real events or some kind or kinds of revision And if our memories are in flux what does that say about our memory dependent identities Revising Reality answers these and so many more questions providing surprising new tools for explaining the world and our relationship to it **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1971 *Fundamentals of Media Effects* Jennings Bryant,Bruce W. Finklea,2022-12-08 Media permeate our lives and are so omnipresent that we take them for granted and overlook their impact Mobile communication devices the internet and social networking sites have transformed the way we live The media inform us about everything from a polarized electorate to a global pandemic The potential of media to influence beliefs and behavior is a longstanding topic in media research This thoroughly revised edition offers an up to date look at media effects literature Fundamentals of Media Effects 3 e begins with a historical overview of media effects and then covers foundational theories Research spotlights throughout the text help readers understand how theories translate into specific studies Understanding the history and theory behind media effects scholarship aids readers in navigating the media saturated environment The final section looks at effects in ten key areas media violence media sexual content frightening media content political communication health stereotyping educational television video games the internet and mobile communication For more than two decades the primary goal of Fundamentals of Media Effects has been to present the vitally important topic of media effects in an

expansive yet comprehensible format Compelling discussions include myriad examples from recent scholarship to engage reader interest Through exploration of mass communication theories and major areas of research readers develop media literacy skills and become better media consumers and producers

Directing for Stage and Screen J. Stanley, M. Monta, 2007-12-25 If directing dramatic productions interests you this book is a basic guide to show you know to apply the principles of directing to any dramatic medium stage television or film The authors who have worked in all three media illustrated how the principles of one medium relate to the other two

Mytholudics Dom Ford, 2025-04-21 Games create worlds made of many different elements but also of rules systems and structures for how we act in them So how can we make sense of them Mytholudics Games and Myth lays out an approach to understanding games using theories from myth and folklore Myth is taken here not as an object but as a process a way of expressing meaning It works to naturalise arbitrary constellations of signs to connect things in meaning Behind the phrase just the way it is is a process of mythologization that has cemented it Mytholudics lays out how this understanding of myth works for the analysis of games In two sections each analysing five digital games it then shows how this approach works in practice one through the lens of heroism and one through monstrosity These ask questions such as what heroic mythology is constructed in Call of Duty What do the monsters in The Witcher tell us about the game s model of the world How does Hellblade Senua s Sacrifice weave a conflict between Norse and Pictish mythology into one between competing models of seeing mental illness This method helps to see games and their worlds in the whole Stories gameplay systems rules spatial configurations and art styles can all be considered together as contributing to the meaning of the game
