Robinson, 2018-05-15 Reproduction of the original *Our Domestic Birds* by John H Robinson **Our Domestic Birds: Elementary Lessons in Aviculture** John H. Robinson, 2022-07-20 Ten years ago aviculture had hardly been thought of as a school subject Today it is taught in thousands of schools and in some states instruction in poultry culture is required by law This rapid change in sentiment and situation has resulted from a combination of causes When agricultural colleges established poultry departments it was found that a large part of those applying for admission to them had neither the practical knowledge of poultry nor the general education that they needed to do work of college grade In this book the object is to tell in plain language the things that everyone ought to know about poultry pigeons and cage birds to teach fundamental facts in such a way that they will be fixed in the mind to excite interest in the subject where none existed and to direct enthusiasm along right lines While the demand has been almost wholly for a poultry book pigeons and cage birds are included because they are of more interest than some kinds of poultry and better adapted than any other kind to the conditions of city life **The Ethical Meat Handbook** Meredith Leigh, 2015-11-01 Small scale meat processing and preservation for the home cook Nutrition environmental impact ethics sustainability it seems like there s no end to the factors we must consider when we think about our food At the center of the dietary storm is animal based agriculture Was your beef factory farmed or pasture raised Did your chicken free range or was it raised in a battery cage Have you in short
