Fever Peter Richmond,2006-03-21 I learned courage from Buddha Jesus Lincoln and Mr Cary Grant So said Peggy Lee the North Dakota farm girl who transformed herself with the help from some of the greatest musical artists of her time into one of the most

glamorous distinctive and important singer songwriters ever to step into a spotlight Einstein adored her Duke Ellington dubbed her simply the Queen Often compared to her lifetime friend Frank Sinatra she sang jazz swing bebop ballads rock and roll the blues Peggy Lee created drama character and poetry as an actress might without ever losing the beat With her silky whisper and platinum cool she sold 20 million records made more money than Mickey Mantle and helped create American music s greatest generation With Fever Peter Richmond delivers the first biography of Lee a portrait of a lady that is above all a portrait of an artist It begins in the Depression s hard days with a kid named Norma born with nothing but the wide open plains Her mother died when she was only a child her father drank and her stepmother beat her But the music on the radio from faraway cities gave her a dream that would never fade One day she hit the road hoping that the music she loved would lead her someplace better It did to a new name and new towns where in the midst of the great war a gallery of brilliant innovators like Benny Goodman who is often credited with discovering her were ushering in a brand new beat a sound that would change American lives Peggy Lee became one of the girls who sang with the bands traveling the country with the jazzmen on buses and late night trains Richmond traces how Peggy rose right along with jazz itself to become a star an unstoppable hit maker and a lyricist whose soul searching imagery paved the way for women who wanted to write their own songs For Lee there would ultimately be four marriages a daughter a one woman Broadway show Europe the Waldorf Vegas Basin Street East and the White House an Oscar nomination more than a few lovers and friends like Bing Crosby and Judy Garland who called Peggy her favorite singer There would be a mansion high in the California hills and a thousand and one nights of her name in lights Yet beneath the diamonds Peggy Lee was and would always be Norma Deloris Egstrom insecure always looking for acceptance perfection and love

A young woman suspected of murder is also stalked by a serial killer in this sexy Smokey Mountain thriller by the New York Times bestselling author. Cherokee Pointe, Tennessee, has seen murder before, but nothing like the gruesome death of Jamie Upton, heir to the Upton fortune. The authorities believe the killer was someone Jamie knew, someone hiding a sadistic streak behind a friendly facade. Could that someone be his former lover, Jazzy Talbot? Jazzy has always been Cherokee Pointe's favorite target for gossip. But now the girl from the wrong side of the tracks is being targeted for something much worse. Along with being suspected of murder, someone is stalking her like prey. As the killer continues to strike, Jazzy has no one to turn to except an enigmatic drifter named Caleb McCord. As she plunges into Cherokee Pointe's long-buried secrets, Jazzy gets dangerously close to a killer determined to make her the last to die. **Portraits in Jazz** Howard Reich, Chicago Tribune, 2014-08-26. A collection of articles on and interviews with jazz greats: Jelly Roll Morton, Louis Armstrong, Billie Holiday, Wynton Marsalis, Miles Davis and others. Howard Reich has reported on jazz for the Chicago Tribune for almost four decades, and in this time he has met musicians both celebrated and obscure. From his exclusive interviews with Frank Sinatra, Tony Bennett, Lena Horne and Ella Fitzgerald to profiles of the early masters like Louis Armstrong, Duke Ellington and Billie Holiday, this book illustrates Reich's deep understanding of the performances, recordings and cultural legacies of these jazz masters. This book, comprising Reich's award-winning Chicago Tribune articles, shows readers his unmatched critical insight and unrivaled access to the diverse range of jazz musicians the world over, including the little-known artists who, while never in the national spotlight, were nonetheless instrumental to the evolution of jazz. Divided thematically, *Portraits in Jazz* is a journey from the time of jazz music's originators, great singers and early masters through to its courageous standouts, game-changers and regional influencers from Chicago to Cuba and across the globe. Reich himself, a piano performance major at Northwestern University, says in the introduction that studying theory and history are essential to understanding jazz's inner workings. But these portraits weren't created as academic theses or history book lessons. They are on the spot, in the heat of the moment, questions of its greatest practitioners, articles and essays in the here and now, taking readers one step closer to the meaning of sound. **Film and Television Scores, 1950-1979** Kristopher Spencer, 2014-01-10.
