Jeremiah His Time And His Work:

Jeremiah Adam Cleghorn Welch, 1951 **A History of Prophecy in Israel** Joseph Blenkinsopp, 1996-01-01 This revised and enlarged edition of Joseph Blenkinsopp's 1983 book will be a welcome addition to the libraries of serious Biblical scholars The author critically recounts the history of Israelite prophecy from a social historical perspective *Jeremiah, His Time and His Work* Adam C. Welch, 1951 **Beloved Memories** Chase Rath, 2022-11-15 Drifting Each second in a minute of an hour within a day consists of various precious moments that are made up of interactions between people that are completely alike or entirely different but these moments are what influence our everyday lives Remembrance The memories that we create are moments that we choose to hold onto and remember for years to come or those moments become relics of our past that are often long forgotten It's all in how we choose for in this story the moments of one person's life can change his fate and alter his life forever When a moment alters fate those precious moments become beloved memories The People of Ancient Israel J. Kenneth Kuntz, 2009-07-01 Intended primarily as a textbook for undergraduates this volume has the following major divisions each divided into chapters I An introduction to the People including the essential stance of the biblical material methods of analysis and the geographical setting II The Origins of the People including a brief history of Old Testament criticism the patriarchal traditions the exodus event and the covenant at Sinai III The Growth of the People from the wilderness period to the time of Elijah IV The Demise of the People from the emergence of the literary prophets to the time of the exile V The Renewal of the People from the Second Isaiah through the end of the Old Testament period There is an extensive bibliography arranged topically and by chapters indexes of authors and subjects and photos and maps scattered appropriately throughout the volume Concerning many basic issues a range of scholarly opinions is cited followed by a judicious evaluation and a list of the author's conclusions Only occasionally may the average informed reader want to take serious issue with the author Each chapter dealing with the biblical text is accompanied by a list of passages which the student is to read in conjunction with it a helpful procedure Treatment of a particular segment of biblical material often includes discussion of its theological stance The author has included coverage of many more topics than introductions of comparable size From The Journal of Biblical Literature review by Lloyd R Bailey Duke University Professor Kuntz has written a very helpful introductory text The traditions and texts of the Hebrew Bible are set within a historical framework but the text is more than a history of ancient Israel Kuntz presents in a succinct fashion major historiographical and interpretative positions He has included an excellent bibliography which includes commentaries atlases journals as well as bibliographies structured along the lines of the table of contents Kuntz has written a very readable and thorough introduction to the Hebrew Bible From The Journal of the American Academy of Religion by Richard D Hecht University of California Santa Barbara Although the subtitle includes the three areas of literature history and thought this volume is primarily concerned with the literature of the Old Testament A vast amount of information is made available in a breezy well

articulated and engaging style Kuntz keeps his readers informed on presently controversial issues but he does not allow the intricacies of such current debates to obscure the flow of the work as a whole Each chapter is amply footnoted and an extensive annotated bibliography concludes the volume Some seventy photographs enhance an already clear and concise presentation The vigorous and open stance of the work evident in its lack of defensive or apologetic intent finds confirmation in the author's statement to engage in the Old Testament hermeneutical task is to engage in a dialogue with ancient Israel As that dialogue unfolds the interpreter will be required to place his own view of the world on trial Kuntz has ably demonstrated that the major task of introducing the Old Testament to the interested layperson can be accomplished successfully without jargon and sophisticated detail This volume deserves a wide readership and will serve as a very fine foundation in introductory courses to the entire Old Testament

From *The Catholic Biblical Quarterly* by David P Reid SS CC Washington Theological Coalition Silver Spring Maryland

[The Prophets](#) Abraham Joshua Heschel, 2007-01-01 *The Prophets* is widely recognized as a masterpiece of biblical scholarship Heschel attempts to understand the thoughts feelings and impressions of each of the prophets presenting the reader with a sense of their very being He effectively achieves a balance between the objective supernatural and the subjective human situation and presents a unique discussion of Amos Hosea Isaiah Micah Jeremiah and Habakkuk and their particular challenges and journeys In the second part of the book Heschel addresses such subjects as pathos wrath sympathy ecstasy psychosis and prophetic and poetic inspiration and in so doing offers a new contribution to the philosophy of religion *The Prophets* is both scholarly and devotional an indispensable part of an in depth understanding of the Hebrew Bible

[Foes From the Northern Frontier](#) Edwin M. Yamauchi, 2003-04-15 Are there any biblical references to territories in what is today the country of Russia The author's answer is yes but Ezekiel's reference to Rosh and Meshech is not one of them In a thoroughly documented discussion the author describes the Urartians Mannaeans Cimmerians and Scythians Three of these northern foes of Israel are referred to by Jeremiah in 51:27 the Cimmerians by Ezekiel 38:6 with the exception of Egypt writes the author almost all of Israel's enemies came from the north though from the viewpoint of a modern map many of these came ultimately from the east The Urartians occupied what is now Soviet Armenia southeastern Turkey and northwestern Iran The Mannaeans lived south of Lake Urmia between Urartu and Assyria The Cimmerians first appeared in the steppes north of the Caucasus then crossed the Caucasus and eventually invaded Asia Minor The Scythians were nomadic tribes from the Russian steppes some of whom settled in the Ukraine north of the Black Sea others east of the Caspian But what of Rosh Meshech and other names in Ezekiel 38:2 Is Rosh Russia and Meshech Moscow Rosh cannot possibly be related to Russia insists the author Nor can the terms Gog and Magog no proposed identification for which has yet to win universal consent Meshech and Tubal on the other hand have been located for certain in central and eastern Anatolia

Suffering as Divine Discipline in the Old Testament and Post-Biblical Judaism Jim Alvin Sanders, 2017-02-16

Intertextuality in Ugarit and Israel Johannes de Moor, 2021-10-25 In modern literary

studies intertextuality is at the centre of interest Although the relationship between texts has always been an important aspect of Old Testament studies especially in literary criticism the scale of comparison has broadened including for example the interrelationships between the First Second and Third Isaiah or the whole Book of the Twelve These relatively new approaches raise a number of methodical questions which were addressed at the Tenth Joint Meeting of the British Society for Old Testament Study and the Dutch Oudtestamentisch Werkgezelschap held at Oxford 22nd to 25th July 1997 Did the ancient authors have a well defined concept of a book How did they relate to the literary work of their predecessors and contemporaries Can we trace the theological motifs behind their use of other literary compositions What does an ancient version reveal about the way it interpreted its source text One of the problems confronting biblical scholars in this kind of research is the lack of controllable models Therefore it is useful to study the work of the Ugaritic chief priest Ilmilku whose three major literary compositions provide us with a unique possibility to monitor intertextual relationships in the work of one and the same ancient author Ugaritic and other ancient Near Eastern parallels help us to understand how the Priestly writer re interpreted the Yahwistic account of the creation of mankind Apparently intertextuality in Israel is a phenomenon which cannot properly be understood without taking other literature from the ancient world into account *The Periodical* ,1927

The Witness of Tradition Woude,2022-09-12 *Bloch's Book Bulletin* ,1929 The Latter Prophets T.

Henshaw,2024-12-06 Originally published in 1958 this book gives a concise account of the canonical prophets viewed in the light of modern scholarship After introductory chapters on the prophetic literature the historical background and the latest archaeological discoveries of the prophetic period the rise of prophecy and the forms and characteristics of Hebrew poetry the book deals in detail with the canonical prophets themselves giving a sketch of the life and work of each delineating their character and estimating their influence on the development of religion They are revealed as outstanding personalities forming a most remarkable group of religious teachers The book will be of interest not only to theological students but also to the clergy and teachers The Church School Journal ,1911 *Reading and Berks County, Pennsylvania* Cyrus T. Fox,1925

Messenger and Visitor ,1905 *The Lutheran Church Quarterly* ,1929 **Precarity in Contemporary Literature and Culture**

Emily J. Hogg,Peter Simonsen,2021-04-22 The contemporary moment is characterized by precarity an expanding and intensifying vulnerability conditioned by political and economic structures Using literary and cultural texts to develop a nuanced and critical exploration of the concept of precarity that emphasizes its contemporary manifestations while also attending to its historical roots and existential dimensions this book examines the vulnerabilities which characterize our anxious existence including unemployment environmental crisis temporary contracts and patterns of migration Broken down into three key themes of feelings bodies and time Precarity in Contemporary Literature and Culture asks whether precarity can be considered a new phenomenon explores the relationship between precarity and traditional class politics analyses precarity s global dimensions and reflects on the links between contemporary crisis and underlying existential human

vulnerability With reference to a wide range of forms such as contemporary realist science fiction and modernist novels film theatre and the lyric poem this book goes beyond one national context to consider texts from the US UK Germany and South Africa *The Evangelical Herald* ,1923 History of Ezra & of the Hagiocracy in Israel to the time of Christ; ed. by J. E. Carpenter. (2nd Ed.) Heinrich Ewald,1880
