The Presbyterian Philosopher Douglas J. Douma,2017-01-24 This is the story of Gordon Clark 1902 85 respected philosopher and prolific writer who held that Christianity as a logically coherent system is superior to all other philosophies Clark fought no wars and conquered no kingdoms Yet he was a leading figure in many theological wars fought for the Kingdom of God These battles for the minds and souls of men were every bit as crucial as physical wars between nations In an age of increasing secularization he put up an intellectual defense of the Christian faith This faith he believed was a system All of its parts link together a luxury of no other philosophy His stance shows a Christianity that is in fact intellectual not relying on appeals to emotion or experience In propounding this view he encountered frequent opposition not from the secular world but from within his own denomination This biography helps explain why his thought was so profound why resistance mounted against him and how his struggles impacted American Presbyterianism Additionally this book calls for a reappraisal of Clark s views which have been maligned by controversy Understanding and applying his views could significantly fortify Christians combating irrational and non systematic ideas prevalent in today s churches **Encyclopedia of Religious Controversies in the United States** Bill J. Theological Seminary 334 pages paperback *The Great Divide* Jordan Cooper, 2015-08-27 Since the sixteenth century the Protestant tradition has been divided The Reformed and Lutheran reformations though both committed to the doctrine of the sinners justification by faith alone split over Zwingli and Luther's disagreement over the nature of the Lord's Supper Since that time the Reformed and Lutheran traditions have developed their own theological convictions and continue to disagree with one another It is incumbent upon students of the reformation in the Lutheran and Reformed traditions to come to an understanding of what these differences are and why they matter In *The Great Divide* A Lutheran Evaluation of Reformed Theology Jordan Cooper examines these differences from a Lutheran perspective While seeking to help both sides come to a more nuanced understanding of one another and writing in an irenic tone Cooper contends that these differences do still matter Throughout the work Cooper engages with Reformed writers both contemporary and old and demonstrates that the Lutheran tradition is more consistent with the teachings of Scripture than the Reformed **The Thousand Generation**

Covenant: Dutch Reformed Covenant Theology and Group Identity in Colonial South Africa, 1652-1814

Gerstner, 2021-12-06 This study presents the religious factor in the development of a separatistic group identity among the forebears of the Afrikaners during the Dutch colonial period of South African history Dutch Reformed covenant theology and baptism practice rooted in the thousand generation covenant theory helped to shape this self understanding It traces the basic developments of covenant theology in the Netherlands during the period and demonstrates how these concepts were conveyed to colonial South Africa The dominant strain of covenantal thought treated the entire community as redeemed and called to be separate It was presented through a variety of means through which virtually every colonist was exposed This study offers a balanced historical approach to the role of theological concepts in the colonial roots of Afrikaner group identity It answers traditional scholarship in the field which either directly identify the concepts behind the development of apartheid with Calvinist theology or more recently deny that the Reformed faith had any role in the development of apartheid ideology until the twentieth century **The Heart of Piety: An Encouraging Study in Calvin's Doctrine of Assurance** Timothy

A. Williams, 2010 Heart of the Living God Michael G. Maness, 2004-06-23 Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life It is Love all the way Nothing else really matters outside of Love Best of all our Love will only get better in heaven The treasured ability to have loving relationships is God's gift to us in our Imago Dei the image of God we all share Likewise what we know of Love this side of heaven is but a dusty image of what God experiences I want to get personally involved says Maness Can we have a free will relationship with anyone even God if all of what we do and think is settled I don't think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Manes brings some of the brain splitting complexities of this to light with good humor introduces dynamic foreknowledge and challenges Classical Theism's avoidance of Love And he exposes some foul play in the process That's the first half of the book For those wanting to strike out on their own wanting to see more of

the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000 Abysmal Bibliography and a huge index to just about everything in the book Maness has thrown a gauntlet before the Classical Theists So tie up your sneakers and take a hike with Michael G Maness as he walks with you into the Grand Canyon see more at www.PreciousHeart.net *The Possibility of Salvation Among the Unevangelized* Daniel Strange,2007-01-01 In the area of systematics known as the theology of religions those who affirm the particularity of Christ in terms of truth revelation and salvation have always had to deal with the problem of the unevangelized those who have never heard of Christ through no fault of their own For evangelical theologians this issue impinges on fundamental tenets of evangelical identity Recently the fate of the unevangelized has received detailed attention from evangelicals and has been fiercely debated because of the wider doctrinal issues it raises The position known as inclusivism has been most fully developed by Clark H Pinnock an influential and controversial evangelical theologian known as being the leading spokesman of Arminianism and a new theistic paradigm entitled the trinitarian openness of God Through a detailed analysis and critique of his work this book examines a cluster of issues surrounding the unevangelized and its implications for Christology soteriology and evangelical identity

The Cambridge Companion to Ockham Paul Vincent Spade,1999-12-13 Offers a full discussion of all significant aspects of this medieval philosopher s thought [Slipping Through the Cracks](#) Zachary Breitenbach,2021-04-02 Would a good God allow some people to be lost to hell due to the bad luck of their circumstances such as never hearing the Christian gospel Do some who are lost slip through the cracks i e they would have freely chosen to be saved if only God had placed them into different circumstances After surveying and responding to other significant objections within the so called soteriological problem of evil this groundbreaking new work identifies the above as the most difficult soteriological challenge for Christian theism and explores it in great depth Finding William Lane Craig s famous solution to this problem insightful but ultimately inadequate the book proposes an alternative solution that upholds Christian exclusivism the view that one must hear and respond to the gospel to be saved and is both biblically consistent and philosophically plausible It offers an intriguing possibility for how God might ensure that all people have an opportunity to be saved and that none who are lost slip through the cracks in a way that is inconsistent with God s goodness Additionally the book reveals how its response to this soteriological problem has much value for addressing key aspects of the broader problem of evil

Salvation and Sovereignty Kenneth Keathley,2010-01-01 A unique book exploring the issues of free will and God s sovereignty by comparing and contrasting the doctrines of Calvinism and Molinism favoring the latter *Perspectives on the Extent of the Atonement* John S. Hammett,Grant R. Osborne,Carl R. Trueman,2015-02 Perspectives on the Extent of the Atonement presents a point counterpoint exchange concerning God s intention in sending Christ to die on the cross All three contributors recognize a substitutionary element in the atoning work of Christ but disagree over the nature and objects of that substitution Carl Trueman Westminster Theological Seminary argues that Christ s atoning work secured the redemption

of his elect alone While infinite in value Christ's death was intended for and applied strictly to those whom the Father had elected unconditionally in eternity past John Hammett Southeastern Baptist Theological Seminary argues that Christ's atoning work had multiple intentions Of these intentions two rise to the fore 1 the intention to accomplish atonement for God's elect and 2 the intention to provide atonement for all mankind Grant Osborne Trinity Evangelical Divinity School argues that Christ's atoning work provided atonement generally for all mankind The application of that atoning work is conditioned however on each person's willingness to receive it

Once Loved Always Loved Andrew Hronich, 2023-02-23 In this book Andrew Hronich endeavors to synthesize the many strands of orthodox doctrine into a single telos ultimate reconciliation While a great deal of ink has already been spilled on this subject this book addresses ponderances previously overlooked due to a lack of ecumenical dialogue between the differing streams of Christian tradition Ancient lights such as Origen Gregory of Nyssa and Clement of Alexandria are given a voice to speak again to the masses whilst contemporary thinkers such as Thomas Talbott David Bentley Hart and Eric Reitan are unleashed upon the unwitting world of Christian philosophy Stagnant tradition has hindered the church from abiding by its historic motto *semper reformanda* but with its ecumenical voice this book calls on Protestants Catholics and Orthodox adherents alike to acknowledge *apokatastasis panton* the salvation of all beings as the orthodoxy it always has been
